

AGREEMENT ON OFFICIALS

Kansas and Nebraska Get Together After Some Sparring.

STUDENT BOOSTERS ARE BUSY

Coach Cole Busy Drilling the Cornhuskers an Offensive Play in Which They Have Shown Weakness.

LINCOLN, Oct. 27.—(Special.)—After considerable negotiating Nebraska and Kansas have agreed upon officials for their annual game in Lincoln next week. As this is considered the crucial struggle of the season for the Missouri valley championship each side was set on getting officials whom nobody would question as being fair and impartial in their decisions.

Ralph Hamill, ex-Chicago, is to be referee. He acted in that capacity in the Nebraska-Minnesota game at Omaha and both sides were highly pleased with his work.

Samuel Poe, the famous player who won the Princeton-Yale game for his school in 1898 by a drop kick, when he was captain of the Princeton eleven, will be umpire. Poe is one of the names that has lived in the foot ball world as that of one of the greatest players who ever wore a foot ball uniform.

L. L. Thompson, ex-West Point, will head line men and A. C. Riley of the Kansas City Athletic club will act as field judge. These four men are believed to be one of the best quartets of officials that have been brought together at any game in the west this fall.

Nebraska students are preparing to arouse great enthusiasm for the Kansas game. They intend to have two mass meetings next week to learn yells and songs and to perfect their rooting for the game.

A special section of the grandstand has been reserved for co-eds and a large body of them will be present with megaphones and colors to root for the Cornhuskers.

An order for 5,000 buttons, bearing the words, "We must beat Kansas," is being filled by a Minneapolis firm and will be shipped to arrive in Lincoln the latter part of this week. These buttons are to be worn by all students in the university to show what Nebraska wants to do to the Jayhawkers.

The writer of the article from Iowa City that appeared in the Bee this morning and complained that Nebraska was violating a Missouri Valley conference rule by maintaining a training table confessed his ignorance of the laws of the "Big Seven."

It is true that the training table was abolished last January, but upon protest of Kansas and Missouri the rule was rescinded at the meeting of the conference representatives held in Des Moines in June.

The dispatch from Iowa City made it look as though the Cornhuskers were trying to conceal their table. The truth is it has been given great publicity and the fact that it was started was mentioned in this column last month. Nebraska, Missouri and Kansas are all keeping training tables for their gridiron men this fall.

Cole has decided to keep the variety out of scrimmage work this week, but will send them into some hard play after the Iowa game. This afternoon he gave them additional plays to learn for the Kansas battle. Most of these were tricks that are calculated to fool the Jayhawkers.

The Cornhuskers will concentrate their efforts for the rest of the week to build up their offensive play. They displayed a glaring weakness in attempting to score in the Minnesota and Iowa games and Cole learned then that he would have to pound the men through stiff work in order to get them into shape to score on the Kansas eleven.

The Nebraska coaches have little fear of being able to hold down the score on the Jayhawkers side, but they are not so sure their men will be able to tally against Coach Kennedy's players. The defense of the Cornhuskers has proved its worth in the two big games already played and Cole can rest assured it will hold up against Kansas. What he needs now is to strengthen his offense. If he brings it up 30 per cent over the showing in the Iowa game Nebraska will stand an excellent chance of winning from the Jayhawkers.

GRIFITH FISHING HIS MEN

Practice of Varsity Men Extended Until Midnight.

IOWA CITY, Ia., Oct. 27.—(Special.)—Because the practice of the varsity men was not satisfactory the coaches kept driving the men through rough, hard scrimmages until the play was by moonlight last evening. Directly following as soon as the men could return from supper at the gym the

signal and blackboard work was given. Both the offense and defense received a drilling every day. The coaches were satisfied and the men were drilled in the old Nebraska until almost exhausted.

KENNEDY THINKS MEN WILL WIN

Kansas Coach Feels Sure His Team Can Beat Nebraska.

LAWRENCE, Kan., Oct. 27.—(Special.)—"Kansas can beat Nebraska," was the report Coach Kennedy brought back from Lincoln Monday after having seen the Nebraska-Iowa game Sunday. "If the two teams met tomorrow Kansas would win," continued the Kansas coach, "and if they both continue at the same rate we will take the game. Kansas always develops fast at the end of the season and I think they will be much better than the Cornhuskers by November 6."

The students have all kinds of faith in Kennedy's announcement and they feel that Kansas is almost sure to defeat Nebraska. Kansas scouts have always been a great factor in the success of the Jayhawkers and they have a good line on Nebraska. Ex-Captain Rouse saw Nebraska work against Minnesota in the defensive play of the Cornhuskers down pretty well. Then Kennedy saw the game played by the Nebraska team and he felt that Coach Cole has arranged for his men.

Coach Kennedy reports that Nebraska has a great line but an inferior back field. The line is not so good as that of Kansas and the back fields of the two schools compare about the same with Kansas possibly the best. Kennedy is depending on his team to develop wonderfully in the coming ten days, and he knows that Nebraska will improve over the showing against Iowa.

ANOTHER ROAST FOR MURPHY

President of Chicago Nationals Ordered to Pay \$1,000 for Cole.

CINCINNATI, O., Oct. 27.—President Charles W. Murphy of the Chicago National league has been ordered by the National league commission in an official ruling by the commission to pay \$1,000 for the use of the Chicago National league club with reference to Pitcher Cole of the Bay City, Mich. club.

The commission in its statement of the case alleges that Mr. Murphy purchased Cole from the Bay City club for \$1,000 previous to August 20 last and that on September 1 Mr. Murphy put in a draft for the player in question for \$200.

After reviewing a mass of correspondence between Murphy and the commission regarding the controversy, the commission concludes its decision by finding that the Bay City club was the legal holder of title to Cole at the time he was sold to Nebraska. The commission announces that it will also repay "to some of the unwarranted statements" of Mr. Murphy in a bulletin to be issued later.

One of his letters to the commission charges that body with eagerness to make the Chicago club pay \$1,200 more for the player than it should.

BELLEVUE HOPES FOR VICTORY

Getting Into Fine Form for Its Game with Hastings.

Bellevue is in fine shape this week in spite of the gruelling contest with Morningstar at Sioux City last Saturday, and with one or two exceptions the men are ready for another battle.

The next game will be with Hastings Saturday. Enfield probably will be out until the end of the season. Saturday because of a badly bruised arm. Although Bellevue was defeated last week there is a general feeling of confidence over the result, especially considering the size of the men, the great reputation of the winning team and the good coach Morningstar.

Although Morningstar was playing quarter for Bellevue the first time, he showed good judgment in the handling of the men. The absence of the regular quarter caused a general shifting of the men and yet it did not seem to weaken the team. Johnson, who has been out of the game for some time, probably will be back in his regular position again Saturday. Tom Moore, former star, is assisting Coach Currens this week.

BIG OFFER IS NOT CONFIRMED

Hundred Thousand for Fight Thought Too Large.

NEW YORK, Oct. 27.—The report telegraphed from California last night that N. S. Reedham of Coalinga, Cal., had offered \$100,000 for the Jeffries-Johnson fight has not been confirmed. At the Jeffries headquarters Sam Berger was inclined to doubt the story, while Jeffries himself laughed at it and said:

"Jeffries was out early this morning and took a brisk walk through Central park and up Riverside drive. He is in good health and is to pay a second visit to the surgeon, who removed a growth in the right nostril yesterday. His left nostril is to be cleared in similar fashion."

Berger would not comment on Johnson's asking for an appointment with Jeffries tomorrow, further than to say the men would probably meet tomorrow night.

Huron Loses Two Games.

HURON, S.D., Oct. 27.—(Special.)—Pierre High school won a victory from the Huron high school foot ball team here, the first time Huron has been defeated by Pierre. In the foot ball contest between Huron college and Aberdeen normal, the victory was in favor of Aberdeen. The Aberdeen team has defeated Huron.

Government Attacks Validity of Grant He is Improving in Montana.

HELENA, Mont., Oct. 27.—(Special Telegram.)—In a letter to Governor Morris attacking the integrity of the state, Attorney General Wickersham announces the purpose of the government to institute suit to recover title to 11,000 acres of land in this county, which the commonwealth entered into a contract with the Ames Realty company of St. Louis and W. J. Dermody of Omaha to reclaim under the provisions of the Carey act. These persons have expended several hundred thousand dollars in building ditches and dams, but their work was delayed by the panic and floods. Governor Morris replied, defending the honor of the state.

Mr. W. J. Dermody, in an interview, stated that the only connection had by him or the W. J. Dermody Investment company with the Ames tract in Montana was that of selling agents for the land.

Army Officers Make Flights in Aeroplane

Two Pupils of Wilbur Wright Have First Experience in Operating Machine Alone.

COLLEGE PARK, Oct. 27.—Wilbur Wright's two army officer students in the art of aerial navigation had made such progress during the two weeks' instruction that today he threw each of them "over board" in the air with the aeroplane. The two beginners flew about the government aviation field with the skill of experienced pilots of the air.

Lieutenant Humphreys stayed up twenty-four minutes and Lieutenant Lahm thirty-nine minutes. Lieutenant Lahm on his final flight of the evening circled the field again and again in such darkness that the aeroplane was at times almost lost to sight to the spectator.

The first trip of the day over the tree tops was made by Lieutenant Humphreys. His effort was watched with interest. Under his management the machine arose from the ground, remained in the air about three minutes and then a landing was made apparently with the ease that characterizes the manipulation of the aeroplane by the Wright brothers.

Lieutenant Lahm then was placed in charge of the alrship. His first attempt to rise was a failure, but after that he remained in the air thirteen minutes, making a couple of small circles to show how much at home he felt in the aviator's seat.

The third flight was made by Lieutenant Humphreys who remained in the air eight and one-half minutes. Mr. Wright made a short trip during which he arose to a height of about seventy-five feet and cutting off the power, illustrated the gliding power of the machine.

Next Wednesday, one of the larger autumn weddings will be celebrated at All Saints' church, when Miss May Yates will become the bride of Mr. Harry Weil of Cincinnati. About three hundred invitations have been issued for this wedding.
