Kudrna, John Belek, Jimmie Belek, Rudolph Morenski and John Krolak. The boys remained on guard on the porch until the following morning at 4 o'clock, without sleep. It was their alert eyes that first saw the four men, three of whom, Woods, Torgenson and Grigware, were captured, the fourth man getting away. He also recognized Woods as one of the three men, as he got a good look at him from the electric light that lighted up the hollow fairly well, this light being near the school house.

## Suffragette Throws Acid

Intention Is to Destroy Ballots, but Liquid Splatters Over Election Officials, Burning Them.

LONDON, Oct. 28.—Mrs. Chapin, a suffragette, furnished an early morning thrill at the Bermuda by-election today when she smashed a bottle containing corrosive acid on a ballot box.  
Her intention was to destroy the ballots in the box as a protest against the exclusion of women from the right of franchise. What she accomplished was the painful burning of some of the election officers and the assurance of her own arrest.  
Later, in an interview, Miss Christabel Pankhurst, while deploring the wounding of the officials, asserted with much emphasis: "It is the government that is responsible. It is the government that drives women to these acts."

## GOVERNORS' BOAT REPAIRED

Craft Carrying Nebraska Executive and Others is Back in Service.  
HELENA, Ark., Oct. 28.—The steamer Grey Eagle, carrying the Kansas City delegation accompanying President Taft down the Mississippi, which was run on a sand bar last night to prevent a possible conflagration, was not seriously delayed. Repairs to the boiler grates were made in all hour, and the steamer set out after its master craft. Its passengers, including several governors among them Governor Shallenberger of Nebraska, were transferred to another steamer after the accident.

## FOUR NEGROES ARE LYNCHED

Men Accused of Murder of White Peddler in Mississippi Mysteriously Missing.  
NEW ORLEANS, La., Oct. 28.—A special from Meridian, Miss., says W. H. Palmer, a Kemper county farmer, who came to Meridian today, reported that four negroes had probably been lynched in Kemper county, Miss., last Tuesday as a result of the murder of a peddler named Kahn. Kahn's head was severed from his body with an ax, and after his money and goods were stolen, the body was placed in his cart and the horse started down the road. White farmers who found the horse cart and body also discovered some of the stolen goods in a negro cabin. Four negroes were charged with the crime and one is said to have confessed, implicating the other three. Palmer declares all four negroes have disappeared.

## AGENTS WILL LOSE INCOME

Railroad and Steamship Lines to Cut Out Commissions.

## CERTAIN MEN HAD GOOD THING

Demand of Small Towns for Stopover Privileges on Low Fare Tickets Results in Decision by Roads to Cut It Out.

Steamship agents in the west will be deprived of a large portion of their revenue after November 1. The railroad has reached an agreement with the steamship lines whereby some of the fat commissions which have been going to agents will be more than cut in half. These have been looked upon as a sort of rebate and the agent has been diverting business to the railroad which gave the largest commission.

This will soon be changed and the commissions will be scaled down and regulated. Instead of the railroad companies paying commissions to the agents of the steamship lines, the railroad company will pay the commission to the steamship company, and that company will settle direct with the railroad upon an agreed scale.

## OMAHA PRODUCTS GO FAR

Packing House Shipments to South America Grow in Volume.  
Omaha packers are reaching out to all parts of the world. It is a common thing to see a train load of packing house products starting from Omaha for the orient, but that is not the only direction Omaha products are going. R. C. Howe, manager of the Omaha plant of Armour & Co., is now in Argentine arranging for the building of a huge packing plant, of which rumor says he will be manager.

Thursday three carloads of packing house products started to South America, and it is expected that as soon as the canal is completed more Omaha products will find a market all along the west coast of South America. The shipments Thursday were two carloads of by-products and a car of lard, two to Ecuador and one to Chile.

## TO CUT OUT THE STOPPOVERS

### Abuse of the Privilege Compels the Roads to Abolish It.

It has finally been decided by the railroads to abolish stopovers on reduced fare tickets after the first of the year. This system worked itself into such abuse as to become ridiculous, and every water tank town wanted stopover privileges on the reduced rate tickets. The abuse grew up because smaller towns like Council Bluffs, Lincoln and Des Moines wanted equal privileges with Omaha and other larger cities.

## Horticultural Show Rates.

Railroads east of the Missouri river have granted a rate of a fare and a half, with a minimum of \$2, from all points east of the river to the annual horticultural show at Council Bluffs November 15 to November 20. This show attracted world-wide attention last year when it held at the same time as the National Corn exposition in Omaha. This year the directors decided to have the show on its own merits and have placed it about a month ahead of the corn show. They have also doubled the size of the show, to be able to accommodate both visitors and exhibitors.

## Orient's First Folder.

The Orient road has issued its first folder, showing 1,000 miles of road in operation and through rails from Kansas City to the Pacific ocean. The road shortens the distance from Kansas City to the ocean 600 miles, according to the folder. A picture is shown of one bridge with twenty-one spans. This is over the South Canadian river in Oklahoma.

## INSANITY TO BE DEFENSE FOR TRIPLE MURDER

Patrick McMahon Announces He Will Be Attorney for His Brother at the Trial.  
KANSAS CITY, Mo., Oct. 28.—Deputy Sheriff Lukens and Snyder left here early today for the state penitentiary at Lansing to return James McMahon, the confessed slayer of his two sisters and his brother-in-law, to Kansas City, Kan., for a preliminary hearing. James will be arraigned in the north city court before Judge A. A. Brooks, probably this afternoon.

Patrick McMahon, who has detained at the penitentiary with his brother as a material witness was given his liberty today, the authorities deciding they had no reason to connect him with the murder. He returned to Kansas City with his brother, immediately after his release, Patrick, who is a lawyer, announced he would act as the attorney for his brother. The defense will be that James McMahon was insane when he committed the triple crime.

LEXINGTON, Ky., Oct. 28.—A slender girl armed with a double barreled shotgun put to flight five masked "night riders" when they crashed down the door of her father's house last night in Mason county. The mob appeared at the home of George Kreitz with the intention of whipping him and when entrance was refused the door was knocked in with an ax and crowbar. Kreitz's daughter stood ready with a loaded shotgun, she fired both barrels. Kreitz recognized the riders and is in conference today with officials at Maysville. Several arrests are expected.

RAWLINS, Wyo., Oct. 28.—(Special.)—The disease among sheep known as lip and leg ulceration has appeared in two bands in this section. The infected bands have been quarantined and are now being treated by state and federal inspectors. All of the sheep of this section were recently dipped for ticks, and it is thought this treatment will act as a preventative and that the lip and leg disease will not spread. The disease has prevailed in the central and northern sections of the state for near a year, but this is the first time the infections has appeared in the southern tier of counties, although a number of shipments of lambs from this section have been found to be infected with sore mouths at the market centers.
