## DEMOCRATS IN THE DUMPS

Make Loose Campaign, Knowing Their Fight is Futile.

## SORE AT WORLD-HERALD APATHY

Say Hitchcock Will Hear from Them for His Action in Ignoring the Candidates, Especially Pete Boland.

In sharp contrast to the anxiety of the democratic candidates and committee, the republican aspirants for office in the present campaign are making their canvass so effectively that the result is regarded as a foregone conclusion. In fact, the democrats themselves admit that they hope to pull only one man through. Coroner Heafey has been singled out by the democratic leaders as the candidate behind whom they will put all their pushing power. Pete Boland has been causing a good deal of worry by insisting on being put on the program at ward meetings the Democrats are conducting. He refuses to "lay low," and takes so much time explaining his legislative record and apologizing for his local affiliations that he gives the other fellows cold chills. The democrats are sore at the shabby way the World-Herald has been treating them. They complain that the Hitchcock organ is ignoring them and that especially it is passing up Pete Boland. It is supposed the paper is silent on Boland because it can't take back what it said of him when he was fighting the Boland bill, which it so severely condemned in the legislature. They affirm that Mr. Hitchcock will hear from them on the subject later at a time when he won't want to ignore them.

## Another Source of Worry.

Another source of great trouble to the democratic campaign committee is the work being done by their candidates for precinct assessors. The wisest ones among them realizing that the general republican ticket is sure to win are appealing to personal friends for votes, and offering to reciprocate by throwing votes to the republican ticket. Some of them have done this openly, it is known, and Chairman Reagan and Campaign Manager "Bob" White have so far been unable to stop it. The republican candidates for assessor in the various precincts have confidence that the success of the general ticket will carry them too. In a great many instances the fight for assessor is engaging attention to the exclusion of all the rest of the ticket. Observation of some of the democratic "enthusiast" meetings shows conclusively that the only people who attend are the candidates and their particular boosters. Mayor Dahman and Louie Platt as the principal orators, work hard under most discouraging circumstances to get up a slow oratory. Joe Butler, who is known among the elect as the "gastronomy" expert, has been called in once or twice, but even his pretended faith has not moved any mountains.

## Flynn Sticks to Old Plan.

Tom Flynn is still sticking to the "kitchen conference" plan, which he has found fairly satisfactory in times past, but there is apparently a lack of the real massing that made these kitchen gatherings popular of yore.

## Chairman Learned and his assistants on the republican county committee take a common-sense view of the situation as it stands. "The registration speaks for it-

## self," said Mr. Learned. "The last election and its most disappointing results are too recent in the record of democratic foolishness and aimless incapacity to be forgotten by any fairly well informed citizen. Examination shows the fact to be that in heretofore democratic precincts there has been an encouraging gain in republican registration. This simply means that level-headed people are getting ready to vote right. You don't find them at the meetings being held by the mayor and his friends. We have a list of men of high efficiency on our ticket and their majorities will be larger than ever before, in my judgment."

## Baby Incubator for Child Saving Home

This Will Be One of the Features of the Institute's New Building.

The new Child Saving Institute building being constructed at Forty-second and Jackson streets, will contain a modern scientific incubator for the saving of the lives of immature and frail babies. This incubator is only a part of the complete equipment to be installed in the building. Work on the structure is being pushed rapidly. F. C. Jackson, the grading contractor put twenty teams at work without delay and the site will be ready in a short time to turn over to John H. Harte, the building contractor. A call has gone out for the first installment of the subscriptions, which is needed to make the necessary payments the first week in November. The building will cost \$90,000 and will be one of the most modern children's institutions in the west. The downtown office of the institute is in room No. 108, Board of Trade building, with the Nebraska Savings and Loan association.

## CATTLEMEN HAPPY, SAYS HE

Frank Currie, Rancher and Sage, Declares Northwest Country Doing Fine, Thank You. "You needn't worry about the boys in the northwest country this year," mused Colonel Frank Currie, sage and rancher from Gordon, who drove in with a train load of cattle. "If you don't think the northwest is all right, just stroll down to see train load after train load of fat cattle shipped from the ranges. And if that would not convince you that the northwest don't need any sympathy, just look in The Bee and see the fine prices the boys are getting for all this stuff, which is taking the railroads to fetch to market. People are bound to be right when everything is coming their way."

## PLAN FOR ALDRICH DINNER

Committee on Arrangements for Affairs in Senator's Honor Appointed by Club. A committee of seven has been appointed by Chairman Allen of the executive committee of the Commercial club to make arrangements for the dinner to be given Senator Nelson W. Aldrich of Rhode Island, who will be in Omaha, November 10. The committee is headed by W. H. Buchholz. The other members are Luther Drake, John C. Drexel, J. E. George, A. W. Jeffrey, F. W. Judson and W. H. McCord.

## STOMACH DISTRESS SIMPLY VANISHES

No Indigestion, Gas, Heartburn or Headache five minutes later. If you had some Diapasin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine. This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't tempt you, or what little you do eat seems to fill you, or you have a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your Pharmacist for a 50-cent case of Diapasin and take a little just as soon as you can. There will be no

sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors. Diapasin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drugstore waiting for you. These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance. Adv.

## Carmen Plan Fight on Street Car Franchise

Engage Lawyers, Says Commons, to See if Vested Right is Sound.

An attack on the franchise of the Omaha and Council Bluffs Street Railway company is the next step to be taken by striking employees, according to Ben Commons, who is handling the situation for the men. "We have one of the best firms of lawyers in Omaha at work looking up the franchise and we understand something is likely to be found which will give us an opportunity to start a real lively fight now," says Commons.

Mr. Commons declined to give the names of the lawyers or what tack the fight was liable to take. The carmen are holding political meetings daily and have announced a parade for Monday evening, the course to be from the Labor Temple to Washington hall where a political meeting is to be held. An effort is being made to get 1,000 Chinese lanterns for illumination purposes. Sunday a meeting will be held at Barton's hall, South Omaha.

This parade of the wage earners will be for the dual purpose of calling attention to the cause of the union street carmen and the labor candidates who come before the people at the fall election. Following the parade the meeting will be held at Washington hall. This meeting will be addressed by the labor candidates, Ben Commons and Rev. J. L. Fisher. A special meeting of the Central Labor union is called for Saturday night.

Mr. Commons denies point blank the statement attributed to Mayor Dahman at a political meeting that C. O. Pratt said the agreement signed by the mayors and council committee would be satisfactory to the men. "The men gave the mayors but one agreement, and that was for arbitration," he said. Word has been received in Omaha that C. O. Pratt, who headed the carmen in the late strike in Omaha, had been working in East St. Louis for some time and that as a result the carmen were expected to strike Saturday morning. Mr. Pratt left Omaha a couple of weeks ago.

## NEW VICTOR RECORDS A TREAT

New Contributors and Smooth Records Make One Forget Machine. The New Victor records have arrived. "It is another case of the last is the best." The smooth clear tone, with no jumps or jerks, the high quality of the production, make one forget that he is listening to a machine and think only of the artist who originally produced the sound. One of the star features of this new lot of records is a lecture by Dr. Cook, on his discovery of the North pole, describing the hardships and dangers of the trip and his sensations when his efforts are crowned with success. Among the old friends heard again are Gadski, Tetrazani, Herbert Witherspoon, Harry McDonough and Seisak soloists, while the Whitney Bros. and Haydn Quartettes and Pryor's Band continue to contribute to our pleasure and entertainment. On the whole the new records are a distinct improvement over all previous attempts in that line.

## WELCOMES COWS IN CITY PARK

Superintendent Adams Says Bovines Are Needed to Eat Up Grass in Fontanelle. "I wish there were a hundred more cows in Fontanelle park," said Superintendent of Parks Adams. "We want them to eat up the grass, which is far preferable and much less dangerous than to be compelled to burn it. If any person is worrying about the possible destruction of trees, he can set his mind at rest, because we will take care of that end of the business. It is passing strange that would move a man to send a letter to the council on the subject when by inquiring at this office, he could get exact information." Acquire the habit of keeping on hand a bottle of Chamberlain's Cough Remedy and save anxiety. There is nothing better for croup.

## Every Man

wants an overcoat to fit him—and there are a good many men who do not get it. And the main trouble is they buy the coat at the wrong store.

# Coming Back for Clothes

We never realized until lately that any one else in town sold clothes—and the possibility of this realization is in the number of people who are "coming back" and who say: Have bought my clothes in this store for years, but last season was influenced to buy a suit elsewhere, and it's been such a disappointment. After this, no more speculation—

## "It's a Berg Suit for Me and Mine All the Time"

for your prices are lower than others, and your clothes are "decidedly better."

You cannot beat 'em for they are the best in the land. The style, fit and tailoring of the garments are the expert examples of the splendid taste, skill and ingenuity of such celebrated master tailors and designers as "Stein-Bloch," "Hirsh-Wickwire," "Kuppenheimer," "Society Brand Clothes" and "Schloss Bros." Selling you these famous makes as we do at prices no more than is asked for the ordinary sorts, is it any wonder that we sell more clothes than any one else in Omaha—and the values at—

**\$18, \$20, \$22.50, \$25**

are positively without an equal.

## Boys' Knickerbocker Suits..

\$2.75-\$3.50-\$5-\$6-\$7.50 -

and they are the "best" Boys' Suits the price ever bought. The cloth is strong and handsome, the cut the very latest and the tailoring perfect.

The makers knew how! They're made strongest in the parts usually the weakest and re-inforced where the strain is great. Couldn't be made more durable.

Test these clothes and see. Overcoats.....\$2.50 to \$10.00 Sweater Coats..\$1.00 to \$3.50

## New Bank Vault Contract Calls for Massive Work

Hundred and Ninety-Five Tons of Steel Will Be Installed in New Home of Omaha National.

One hundred and ninety-five tons of steel vaults will be placed on the first floor and in the basement of the present New York Life building by the Omaha National bank, before the bank moves into the building. The contract for the work has been let to the Mosler Safe company of Hamilton, Ohio. It is said the vaults when completed will make one of the finest and heaviest systems of vaults west of New York. The work will be put in under the direc-

## Burlington to Build New Line

Hill Will Run One Hundred Miles of Track from Boysen Dam Southeast.

The Burlington has officially announced a new line of 100 miles in extent. The announcement came as so much of a surprise that few realized just where the road was to run. When the announcement was first made that the Burlington was ready to build south through Thermopolis and the Big Horn gorge, over the Boysen dam, the plan was to build on south to Shoehorn. This plan will not now be changed. Instead the line from the dam south to Shoehorn will be built and used as a spur, but a new line will be built from the dam

## STILL HOLDING HIS COAT

Stranger is Accommodating to an Un-sophisticated Albion Citizen.

John Lohoff of Albion was in town showing the boys a good time. In a saloon he offered to show them something about elop dancing as it is done in the most elite Albion grace. "Hold my coat," he commanded a bystander with lofty air. The dance completed and the applause ended, he turned for his coat. The stranger is still holding it, but the police cannot find the stranger.
