Cash or Credit.

## Car Runs Down Hill in Denver, Bringing Death

One Woman Killed and Several Persons Injured on Seventeenth Street Hill in Accident.

DENVER, Oct. 29.—Two were killed and at least twenty injured, several seriously, this morning when a Seventeenth avenue car got beyond control on the steep hill and jumped the tracks at Court Place. As the car started on the descent of the Seventeenth street hill the brakes failed to work and the motorman shouted to the passengers to jump. Many did so, but there were fifty people left in the car when it reached the foot of the hill. Mrs. Minnie Mettelle, the woman who was killed, was walking along the sidewalk when she was caught by the runaway car, which sprang over upon her after striking a telephone pole.

After striking the telephone post, the car crashed through a taxicab standing at the curb, killed a horse attached to a delivery wagon and turned over against the building occupied by a cleaning establishment. Arthur Packer, chauffeur of the taxicab, was sitting in his seat when the car crashed into his machine and was seriously hurt. Mrs. Burt Guiry was hurt internally and may die. Raymond Whitaker of St. Joseph, Mo., suffered a fatal shoulder.

William H. Schrader, who had one leg broken and suffered internal injuries, died at a local hospital later. Schrader, who is prominent in local politics, lost his life saving others. When the motorman attempted to put on his step brakes as the car turned down the steep hill at Logan avenue he found they would not work. He shouted a warning to the passengers to jump and a rush was made for the side entrance. Schrader and Policeman McIntyre, who was on the car, stood on the steps and as quickly as possible swung women passengers into the street, saving a score or more in this way. McIntyre jumped as the car tore across Broadway, but Schrader stuck to the car and was caught underneath when it overturned.

## Gompers Will Take an Appeal

President of American Federation Announces Determination in Case Sentence Holds.

WASHINGTON, Oct. 29.—Samuel Gompers, John Mitchell and Frank Morrison, of the American Federation of Labor, who were sentenced by Justice Wright to jail on terms of twelve, nine and six months, respectively, for contempt in the new famous injunction proceedings of the Hucks Stove and Range company, of St. Louis, will take an appeal to the United States supreme court in the event the district court of appeals sustains the action of the court which imposed sentence upon them. President Gompers in an editorial in the November issue of the American Federationist makes clear the attitude of himself and his co-defendants.

## DUN'S REVIEW OF TRADE

Business is Expanding and Financial Conditions Are More Settled.

ALL REPORTS ARE FAVORABLE

Iron and Steel Industry Continues to Expand and Provisions for New Mills Show Confidence in Future.

NEW YORK, Oct. 29.—R. G. Dun & Co.'s weekly review of trade tomorrow was: Further progress in making in trade expansion and financial conditions are more settled, while politics, in spite of the nearness of election day, do not materially affect the business situation.

The reports from the leading trade circles are so uniformly favorable as to leave no question of doubt as to the widespread character of the revival. It is probably within bounds to say that at no previous period of its history has the wealth of the United States made a better showing of growth than it is making at the present time.

If further evidence of the rapid expansion in iron and steel were needed, it is furnished by the report of the steel corporation for the third quarter and the appropriation of \$10,000,000 for new construction work, which testifies to the confidence shown in steady growth of business in the future.

The leading railroads continue to make liberal purchases of needed equipment, recent sales of rails aggregating 80,000 tons. New business comes forward slowly in structural lines. More interest is shown in the wire trade than for some time past and current sales are of good volume.

The maintained high cost of wool and cotton add complications to the merchandising of textiles and tend to force irregular productions, yet merchants agree that demand is broadening in distributing channels. Just as it has been expanding in primary centers for some weeks. Stocks in various hands are reduced and orders for fall have been so conservatively placed that the rush for immediate delivery for seasonal merchandise forces higher prices and jobbers are asking that orders for deliveries in December be set ahead.

Premiums are being offered for quick delivery of several kinds of knit goods. Prices are marked up daily and are already at a high level, although not up to 1907. Hopes of export trade in knit goods are still favorable.

Improving conditions in the footwear market, but some lines continue neglected. Heavy staples are selling well and shipments from Boston are an increase. Heavy trading characterized the packer hide market. Trading in sole leather has improved appreciably. Many alterations sales being made in the Boston market, where stocks of union hemlock and oak are low.

BRADSTREET'S REVIEW OF TRADE  
Business is Buoyant and Factories Are Working Overtime.

NEW YORK, Oct. 29.—Bradstreet's tomorrow will say: Trade as a whole is good, or better, the former words, in fact, being hardly sufficient to characterize the buoyancy and breadth of demand shown in many lines. Industry, in turn, is responding to the volume of full manufacturers' order books, full or overfilled, and general reports of an insufficiency of labor to meet requirements.

Although the situation is very satisfactory and the rate of improvement in the late months of the year promises to place 1909 close to the front in the list of years of prosperity. While mild weather has tended to retard retail trade in certain sections of the north-west, the general report is that the advance of the season and the marketing of the year's crop are bringing out a large volume of trade in the country districts, while enlarging payrolls, fall festivals and state fairs are all helping to stimulate distribution in the cities.

Jobbing trade keeps pace with and in some cases exceeds final distribution as regards encouraging reports, clothing, millinery, shoes and kindred lines all reporting good demand. It is reported of very high range of values of all commodities. Early reports as to holiday trade are also good. It is noted that while advances in prices of cotton goods are still a brake on fullest activity in the general movement even here is toward enlarged sales.

A number of mills announce shorter time in operations, the coast products showing the most strain. Iron and steel are being produced in large volume, though advances of ease in pig iron are noted. Business failures in the United States for the week ending with October 23 were 27, against 24 last week, 24 in the like week of 1908, 22 in 1907, 153 in 1906 and 190 in 1905. Business failures in Canada for the week numbered twenty-four, which compares with thirty-one and thirty-two in the same week of 1908.

Wheat, including flour, exports from the United States for the week ending October 23, aggregate 4,300,440 bushels, against 5,044,666 bushels last week and 4,687,714 bushels the week before. For the seventeen weeks ending October 23, exports are 47,316,179 bushels, against 71,866,114 bushels in the corresponding period last year.

Corn exports for the week are 516,444 bushels, against 595,592 bushels last week and 196,514 bushels in 1907. For the seventeen weeks ending October 23, corn exports are 4,200,000 bushels, against 1,156,118 bushels last year.

Sugar Case Haskell's Refuge  
Recent Decision of Judge Holt Made Basis of Demurrer in Muskogee Lot Case.

ARDMORE, Okla., Oct. 29.—Arguments were begun in the United States district court here today before Judge Marshall on the demurrer filed by Governor Charles N. Haskell and the five other defendants under indictment in the Muskogee town lot fraud. The defendants pleaded the statute of limitations.

W. E. Asp, for the defense, argued that the statute of limitations began to run from the time of the first alleged overt act, citing Judge Holt's recent decision in the New York sugar cases, instead of the last overt act, as contended by the government. The defense argued further that as the indictments charge the defendants with no overt acts, conspiracy cannot be established.

Wealthy Hermit Starves to Death  
Body of Edward Lempke Found Near Webster City in Hovel Where He Died.

WEBSTER CITY, Ia., Oct. 29.—(Special Telegram.)—The body of Edward Lempke, aged 38, a wealthy hermit, was found this morning in his unplastered hovel in the woods east of the city, where he has lived forty years, starvation and exposure caused his death two weeks ago. The old man seldom spent a cent for food and lived in a shallow cave in winter. His son in Chicago and daughter in Des Moines both many times tried to get him to leave his hermit life.

# HARTMAN'S

1414, 1416 & 1418 DOUGLAS STREET

22 GREAT STORES THROUGHOUT THE U. S.

of a wood cutting outfit. He was at work cutting wood when the pieces of the fly wheel struck him on the head, shoulder and thigh, killing him instantly. Dobson was about 20 years old and married the granddaughter of Rev. Thomas Dobson of the Latter Day Saints church, one of the oldest settlers of this county.

Methodists to Meet at Waterloo.  
MARSHALLTOWN, Ia., Oct. 29.—(Special.)—The executive committee of the Board of Home Missions and Church Extension of the Upper Iowa Methodist conference met at Waterloo today and arranged for a big gathering of the ministers and laymen of the conference, which is to be held in Waterloo on December 13 and 17. It is expected that 600 or 700 delegates will attend. Bishops Speltzmeier and Anderson are expected to attend.

Bishop Confirms Plans.  
DENISON, Ia., Oct. 29.—(Special.)—Bishop Carrigan of Sioux City was at the St. Rose of Lima church today and confirmed a class of state-wide. This is the first time a class has been here for forty years and the membership crowded the church during the solemn ceremonies.

Murderer of Three Pleads Guilty  
James McMahon, Who Killed Two Sisters and Brother-in-Law, Given Life Term.

KANSAS CITY, Oct. 29.—James McMahon pleaded guilty in court at Kansas City, Kan., today to the murder of his two sisters, Rose McMahon and Mrs. Alvina Van Royen, and his brother-in-law, Alvin Van Royen. He was sentenced to life imprisonment in the Kansas penitentiary at Lansing. A deputy sheriff left for the penitentiary with the prisoner tonight.

Both McMahon and his family were eager to have the case settled immediately, and they sought permission of the authorities to let the plea be entered in a peace warrant charge, taken out by Lizzie Miller, a fifteen-year-old girl.

The furniture in the shop was smashed and the mirrors in the front line of chairs were broken. The latter element of the

people are very strong in condemning the action of the mob and the arrests of the alleged rioters is probable. Johnson was released this morning on condition that he leave town and stay away. He left immediately. From a letter Johnson sent Miss Miller, she feared he would commit a felonious assault upon her.

TEACHERS TO HAVE GOOD TIME  
Lead Has Laid Out an Elaborate Program for Them.

LEAD, S. D., Oct. 29.—(Special.)—On November 1 the South Dakota Educational association will begin a three-day session in Lead and the city and its people have been busy for the last two weeks preparing for the coming of the educators. They have prepared a program of entertainment which will keep all of the leisure time of the teachers employed during the three days that they will remain in Lead. Excursions have been arranged for over the railroads running through the Black Hills, and that to Spearfish, which will take them through the canyon of the scenic beauties of the trip anything that may be seen in Colorado or in the Sierras of California. Also a trip to Crystal and Wind caves, two caverns approaching in their extent and equally in their wonderful beauties the Mammoth cave of Kentucky. Another trip which has been arranged for is the ascent of Terry peak, four miles distant from Lead. It is possible to reach by railroad or wagon road to within a few hundred feet of its summit, 7,100 feet above sea level. A trip through the Homestake mines and mills is also on the program, while visits

to nearby points of interest are also in the schedule of entertainment. It is expected that there will be at least 1,000 delegates and visitors in attendance on the meetings, and the committees having charge of their entertainment have already provided accommodations for them.

WITTEN ANSWERS LOUIS HILL  
Lead Official Says Great Northern Magnate is Misinformed or Mistaken.

ABERDEEN, S. D., Oct. 29.—Judge James W. Witten, superintendent of government land openings, speaking today of the attack made on the method of these openings by Louis W. Hill, president of the Great Northern railroad, at the Billings Dry Farming congress, remarked that Mr. Hill was misquoted or misinformed, as he would not have made such "grossly extravagant statements" had he known the facts.

Mr. Hill is reported as having called the recent Flathead, Coeur d'Alene and Spokane registration a "swindle" and said: "It is estimated that 200,000 people went out there. We received our portion of the money, but we do not want that kind of money."

"These figures are grossly misleading," said Judge Witten. "The combined registration for all three was but 285,648, and one-third of that number, or 95,216, represents the number of applicants if each had registered three times."

South Omaha Man to Wed.  
MILWAUKEE, Wis., Oct. 29.—(Special Telegram.)—John P. McDermott of South

Omaha has secured a license to wed Nellie A. White of Sioux City.

FRENCH RACE DYING OUT  
Vital Statistics Reveal Excess of Deaths Over Births Such as to Alarm Nation.

PARIS, Oct. 29.—Vital statistics for the first six months of the present year show an excess of deaths over births in France of 23,200. In 1908, the excess of deaths was 10,508 and this growing discrepancy has raised again a cry of alarm for the future of the French race, which is the only people of Europe experiencing depopulation.

DEATH RECORD.  
Mrs. H. B. Willard.  
FALLS CITY, Neb., Oct. 29.—(Special.)—Mrs. H. B. Willard died at her home this morning. She had been ill for a few weeks, preceding a surgical operation on Monday last that kept her under the influence of an anesthetic for more than two hours. Funeral services were held today and the body was taken to Reseva, Kan., for burial.

INDIAN ATTEMPTS TO KIL BELL  
Despondent Over vein Confined in Jail.

PIERRE, S. D., Oct. 29.—(Special Telegram.)—Luke Arrow, an Indian confined in jail here on a charge of adultery, attempted suicide this evening by stabbing himself in the side with a pocket knife. The knife was taken from him and the wound dressed. The cut was not deep enough to be considered serious.
