Straight Tickets Voted in Many Sections—Division Fight in Custer All-Absorbing Theme for Voters.

Early returns in Nebraska indicate the republican ticket will run in much the same proportion as in 1907, when the plurality of Rees over Loomis was 4,000.

Reports from a small number of county districts in Nebraska indicate that corn husking engaged the attention of a big share of the farmers; and delayed fall plowing was also under way after the recent rain.

In Custer county the only real excitement has not been the candidates of the party. Although Custer has a representative on the democratic supreme court ticket in Judge Dean the fight over county division has put everything else in the background.

LINCOLN, Nov. 2.—(Special Telegram)—This was the day of the election day witnessed in Lincoln for many a year. The local political managers rested easy in the assurance that they had done whatever could be done and left the rest to the voters.

There were very few carriages in evidence for the use of slow voters, although the democrats had not entirely neglected this feature.

The registration in Lincoln was 1,900 short of normal, and so little interest was apparent that the mayor did not appoint any special policemen, as has been customary in other years.

Indications all seem to assure a republican victory for the county candidates, although the democrats are claiming they will elect two, and possibly three.

One of the very prominent men of Lincoln, who desired to vote second in his precinct, spoiled his ballot by making a cross in the first circle, the democratic. He had to get another ballot, and from that a straight republican ticket, and from fear of habit marked a cross at the top of the ballot.

After hearing the returns from Douglas and several scattering precincts, Chairman Hayward of the republican state central committee tonight estimated the entire state ticket is elected by about 25,000 plurality.

"We managed to head off the malicious circulations sent out by the democrats in the towns," said Mr. Hayward. "In the country precincts we were not able to do much, but everything appears to be favorable for the election of the entire ticket by pluralities near 25,000."

Five precincts in Lancaster county gave Barnes 85; Fawcett, 45; Sedgwick, 48; Dean, 22; Good, 28; Sullivan, 36.

At local republican headquarters it was stated the republican candidates were holding their own throughout the county and the state candidates would undoubtedly carry the county by good majorities.

Barnes' Home Votes for Him. NORFOLK, Neb., Nov. 2.—(Special Telegram)—With blue skies and a crisp air featuring election day all over northern Nebraska, the farmers in many instances clung to their cornfields, where husking was the paramount issue, and as a result the vote cast in the northern part of the state was exceedingly light.

Country Fight in Gage. BEATRICE, Neb., Nov. 2.—(Special Telegram)—Fine weather favored the election here today and as a result a large vote is being cast. The republicans plan on electing the entire republican ticket from top to bottom.

Large Vote for Gov. Year. GRAND ISLAND, Neb., Nov. 2.—(Special Telegram)—A large vote for an off year election was cast today, pleasant weather and a hard fought contest on sheriff and clerk being the factors. It is openly admitted by ultra-liberal democrats that all out the state ticket will adhere to the county ticket.

outcome as to clerk is even, democrats are offering a few odds on sheriff, but are wary about it. Both of the democratic candidates are running for third terms and the records of both have been attacked in the campaign severely.

The local situation has absorbed attention almost to the exclusion of the state ticket. There are some evidences of a shift in the city and county in favor of Sullivan, but these evidences at the close of the campaign were not as strong as a month ago.

Straight Tickets in Adams. HASTINGS, Neb., Nov. 2.—(Special Telegram)—Early Adams county returns are favorable to the republican state ticket, but the majorities probably will be small.

It was the hottest election ever held in this county. The all-absorbing topic, to the complete exclusion of the state and county tickets, was county division. Broken Bow township voted solid against division, it being estimated over 900 votes were cast by the union.

Division Fight in Custer. BROKEN BOW, Neb., Nov. 2.—(Special Telegram)—An immense vote was polled today in Custer county, more particularly in Broken Bow township. The day was an ideal one and nearly every automobile in this section was pressed into service to bring out the voters.

It was the hottest election ever held in this county. The all-absorbing topic, to the complete exclusion of the state and county tickets, was county division. Broken Bow township voted solid against division, it being estimated over 900 votes were cast by the union.

The feeling was so great in division towns that cards were passed about advising people not to vote for Broken Bow candidates.

Democrats Lose at Double Voting

Headed Off in Their Attempt to Repeat at the South Omaha Polls.

Democratic voters of Omaha, South Omaha and Douglas county who thought to beat the voting machines and have their votes registered twice for Sullivan were beaten at their own game and instead of accomplishing their purpose they in reality threw away one vote. Some confessed the idea that they could vote for their name appears. The returns from the other counties should be entered on the return sheet as 500, as they are only duplicates.

"Never add together the vote on endorsed candidate counters which are controlled by endorsing bars."

NEW YORK, Nov. 2.—At 9 o'clock returns from 500 election districts in New York City out of 1,579 gave Gaynor, democrat, 131,135; Bannard, fusion, 95,788; Hearst, independent, 73,858.

If this proportion is maintained Prendergast will have a plurality of 40,000.

At the same hour the returns from 45 districts in New York for president of the Board of Aldermen gave Mitchell, fusion, 82,626; Galvin, democrat, 71,722.

Bannard concedes the Gaynor victory, but maintains that the fusion forces will control the Board of Estimate.

NEW YORK, Nov. 2.—The features of today's election were the general absence of disorder and the rapidity with which the vote was cast, notwithstanding the unwieldy and complicated ballots.

Although many arrests were made for violation of the election laws, the greater part of these were found to be due to clerical errors or misunderstandings.

TRIBUTE TO WAR SECRETARY

President Taft Lands Dickinson at Birthplace of Latter.

FIRST BARBECUE OF HIS TRIP

Festivities Held at Girls' Industrial School at Calhoun, Miss.—Names Jeff Davis as a Hero.

COLUMBUS, Miss., Nov. 2.—President

Taft received a joyous welcome here today when he came to visit the birthplace of Secretary of War Dickinson and brought for Birmingham, attended his first barbecue of the trip at the Girls' Industrial school.

The president took occasion here to pay tribute to Secretary Dickinson. In fact, ever since he has entered Mississippi, Mr. Taft has lost no opportunity to give evidence of his high regard for the secretary of war.

In the course of his midnight speech at Jackson last night the president said of Secretary Dickinson:

"Now I have got 'Mac' Dickinson in the cabinet. I wanted him because I wanted to give an earnest example to the south of the truth of my declaration that I was anxious to bring you closer to the government at Washington. I wanted that Panama canal built and I knew if he took hold of it, it would go."

"One of your great heroes of Mississippi is Jefferson Davis, and I am glad the administration at Washington has wiped out the evidence of that extreme partisan bitterness of Cabin John Bridge, and that his name is restored there."

Grateful to Mississippians. "I cannot pass through these walls without testifying to the gratitude I feel toward all of Mississippi for this most cordial welcome. I am glad to believe that you are united in the same ideal, and same aspirations and the same determination to make us all better and to raise the standard of our citizenship beyond anything that heretofore has been seen."

Enroute to Columbus today the president made brief car-and-speeches at Kosciusko, Ackerman, Starkville and West-point. At each place he was greeted by an enthusiastic throng, the negroes being drawn up on one side of the track and the whites on the other.

At Kosciusko, the president gave further utterance to his desire to bring the people of the south closer to the other states. He said:

"It is not that we want to make you republicans or that we want to become democrats; we all have our views and our tastes in that regard, but it is that we shall bring you and that you shall come to believe that you are all near to the heart of the central government as now administered, as any other people in the union."

BALLOTS SEIZED AND BURNED

Telephone Wire to Crockettville, Where Most Trouble Was Anticipated, Was Cut Early in Day.

JACKSON, Ky., Nov. 2.—Tilden Blanton

today killed Democrat Noble following an election quarrel after Noble had crippled Blanton's right arm with a bullet.

Noble was a former employe of Judge James Hargis and complications are expected.

Blanton, whose father was democratic candidate for county attorney, was acting as challenger, and his story is that Noble was induced to raise a disturbance by discomfited republicans.

The telephone wire between Jackson and Crockettville was cut this morning. Captain Sams and his detail of militiamen are reported to be in that vicinity.

Reports from Crockettville and Sebastian Branch this morning were that two attempts, one successful, has been made to steal ballots near Crockettville preceding the election quarrel after Noble had crippled Blanton's right arm with a bullet.

Nebraska's Outcome Waits on the Returns

COUNTY IS REPUBLICAN

Douglas Goes for the Entire Ticket, Even Crosby Defeating Coroner Heafey.

BRAILEY IS STILL THE SHERIFF

Boland is Second in the Race, with Morrow Close Third.

REPUBLICANS ALSO CARRY STATE

High Man Has Lead of Over Two Thousand Votes.

BARNES TOPS THE STATE'S TICKET

Sedgwick is Low Man, Due to Place on Ballot.

SULLIVAN LEADS LOSERS' HOST

White All Supreme Judges Elected Are Republicans, Their Victory is Not as Pronounced as G. O. P. in Douglas County.

Almost complete returns from the election in Douglas county show that the republicans carried everything by majorities ranging from 1,200 to 4,000.

On the state ticket the republican judges have carried pluralities for the high man of 2,200 and for the low man of 1,200.

The high man on the republican ticket is Judge Barnes and the low man Judge Sedgwick, while the high man on the democratic ticket is Judge Sullivan.

The reason for Sullivan's gain at Sedgwick's expense is explained by the position of the two names on the voting machine, the one being above the other, making it the natural thing for those throwing an extra vote to Sullivan to take it away from Sedgwick.

The big fight on the county ticket came on sheriff, where the socialists backing Morrow undertook to beat down Bralley as the republican up for re-election, Morrow being a street car striker backed by the labor unions as well as the socialists.

Morrow made a phenomenal run, polling over 4,500 votes, as a close second to Boland, the democrat, who has about 4,000, while Bralley, with 7,000, has a plurality of 2,500, although not a majority over both.

Another contested position was that of coroner, where the democrats undertook to center on half of the present democratic coroner, but he was unsuccessful, for Crosby, the republican, has a safe majority.

The rest of the republican ticket is successful by even larger majorities, the different candidates running fairly well together.

The total vote in Douglas county is light as compared with a year ago, and when complete probably will foot up about 15,000 to 16,000. South Omaha in particular failed to poll its vote, chiefly to the detriment of the democrats, and the vote in the county likewise is light.

The election weather could not have been better to bring out the vote, but the voting was slow all during the day and caught up only during the closing hours.

The returns came in early and in good condition, due to the use of the voting machines, and the result was known on all the offices by 9 o'clock in the evening. There was little disturbance at any of the polls—exceptions being in one or two of the down-town precincts, where outsiders tried to interfere with the election officers.

The following table shows the results in Douglas county with two precincts missing on Dean and Barnes and five missing on the other judges. Two precincts are missing on the rest of the state ticket.
