## Gibbons Holds Suffrage Would Kill Home Life

Roman Cardinal and Senator Root Praise Work of Anti-Suffrage Society.

NEW YORK, Nov. 2.—In a letter to the National League for the Civic Education of Women, an anti-suffragette organization, made public today Cardinal Gibbons says: "I regret greatly that I cannot attend the meeting called for November 1. Although my many duties will not allow me to be present at your meeting, I beg to assure you that I am most heartily in sympathy with the aim of your league, and I approve most strongly the stand it has taken in opposition to woman's suffrage, which, if realized, would be the death blow of domestic life and happiness. Very respectfully yours, JAMES CARDINAL GIBBONS, Archbishop of Baltimore."

Senator Elihu Root also wrote a letter of regret that he was unable to be present, in which he expressed his sympathy with the cause and said: "I think your association is doing very valuable and important work."

Mr. Seeley says: "The Spermatic Shield Truss as fitted to the ear of Russia, now used and approved by the United States government will not only retain any case of rupture perfectly, affording immediate and complete relief, but close the opening in ten days on the average case." ## GOMPERS LOSES ON APPEAL

Head of Labor Federation Again Held Guilty of Contempt.

### ORGANIZATION SUBJECT TO LAW

Court Declares Disregard of Decree in Buck Stove Case, if Permitted, Would Lead to Anarchy.

WASHINGTON, Nov. 2.—The district court of appeals today affirmed the decree of the supreme court of the District of Columbia adjudging President Samuel Gompers, Secretary Frank Morrison and Vice President John Mitchell of the American Federation of Labor guilty of contempt of court in the Buck Stove and Range case.

Chief Justice Sheppard dissented from the opinion of the court on constitutional grounds.

The court held that the fundamental issue was whether the constitutional agencies of government should be obeyed or defied. The mere fact that the defendants were the organizers of organized labor in America, said the court, lent importance to the cause and added to the gravity of the situation, but it should not be permitted to interfere with the result.

"If an organization of citizens, however large," the court held, "may disobey the mandates of the court, the same reasoning would render them subject to individual defiance. Both are subject to the law and neither is above it."

"If a citizen, though he may honestly believe his rights have been invaded, may elect when he will to disobey the mandates of the court and the requirements of the law as interpreted by the court, instead of pursuing the orderly course of appeal, not only the courts, but government itself would become powerless and society would be reduced to a state of anarchy."

The action of the supreme court of the District of Columbia in sentencing Gompers, Mitchell and Morrison to twelve and six months imprisonment in jail, respectively, was the result of the failure of these three defendants to obey the order of the court directing them to desist from placing the Buck's Stove and Range company of St. Louis on their "unfair list" in the prosecution of their boycott against the corporation.

While the name of the corporation was removed from their list of the federation, Messrs. Gompers and Mitchell continued to keep alive the boycott by frequent reference to it in the Federationist, official organ of the federation.

The result of the boycott, it was said, was to cause a decline in the business of the stove and range company of fifty per cent.

## Iowa Marshal Killed by Gang He Had Captured

Posse Formed Once and Catches Two Murderers in Cornfield—Talk of Lynching.

DES MOINES, Ia., Nov. 2.—"Pat" Patton, city marshal of Carroll, Ia., was shot and killed by one of a pair of robbers at 7 o'clock this morning near Okiden, seven miles east of Carroll, where they had entered a house early last night. Patton had captured his men and while covering them with a gun turned toward his team, instantly one of the men shot him in the back. A posse of seventy-five men armed with shotguns and rifles formed an hour later and captured the robbers in a corn field. A mob is reported forming at Carroll and awaiting the arrival of the robbers, declaring they will lynch them.

## WYOMING LAND COMES UNDER LARGE HOMESTEADS

Secretary of the Interior Sets Aside Nearly Two Hundred Thousand Acres for This Purpose.

(From a Staff Correspondent.)

WASHINGTON, Nov. 2.—(Special Telegram.)—The secretary of the interior has designated approximately 175,000 acres in townships 48 to 58 north, range 49 to 62 west, in Wyoming as subject to disposition under the enlarged homestead law. This makes a total of 12,145,380 acres in Wyoming designated to date.

## President White Denies Report.

BOONE, Ia., Nov. 2.—(Special Telegram.)—John P. White, head of the miners' organization in Iowa, today denied his will run for the national presidency. Word received in Boone in a letter today, bears a flat denial.

## Wounded Turfman Recovering.

NEW YORK, Nov. 2.—Robert L. Thomas, the Kentucky turfman who was stabbed at the Sheepshead Bay tracks Sunday by his jockey, Carroll Shilling, was removed today to a private home near that of his physician, Dr. Frank Lyne, at Sheepshead Bay. Dr. Lyne said tonight that his patient was steadily improving.

## May Go to Supreme Court.

When the decision was rendered neither the labor leaders nor their counsel were present. As forecasted by Mr. Gompers in a recent issue of the Federationist, an attempt will be made to appeal the case to the United States supreme court.

The right of appeal, however, is a matter of controversy. Some attorneys hold that as this decision finds the contempt to have been a criminal offense the court of appeals would have the last say in the matter as it has of all criminal cases in the district. Others, however, contend that as the constitutional right of free speech and liberty of the press is involved the labor leaders may prosecute an appeal.

No action will be taken towards the arrest of the men until the matter of the appeal has been determined.

## Still Fighting, Says Gompers.

NEW YORK, Nov. 2.—President Gompers issued the following statement in regard to today's decision of the court of appeals of the District of Columbia:

"With all due respect to the majority of the court I cannot surrender constitutionally guaranteed rights because a judge will issue an injunction denying the rights."

"Chief Justice Sheppard's dissenting opinion is in defense of the constitution and inherent rights. Minority opinions of courts in the past when human rights were invaded have ultimately prevailed, because the law of the land and the generally accepted rule of life, and I have an abiding faith that the rule in this case will prove no exception."

"If I must go to jail I shall have the consciousness of the fact that other men have in the past been compelled to suffer in defense of justice and right in the cause of humanity and for the maintenance of human liberty."

"I shall leave for Washington at once. I want to be within the jurisdiction of the court whatever disposal is made of the case."

Mr. Gompers said probably an appeal would be taken to the United States supreme court, but that he was not yet in a position to speak positively until he had conferred with counsel in the matter.

## HAULS NEGROES OUT OF TOWN

## MORTGAGED PROPERTY SALE

W. Richman Taken Into Custody on Charge of Illegal Work.

LOGAN, Ia., Nov. 2.—(Special.)—By order of Sheriff Rock, W. Richman was taken into custody last night at Council Bluffs for the alleged offense of selling mortgaged property.

Last spring Mr. Richman of Monona county borrowed a sum of money from J. E. Swain of Pisgah, Harrison county, giving a mortgage on the horses as security. It is alleged that after securing the money, Mr. Richman sold the horses and then left Monona county for some point unknown to Mr. Swain or Mr. Richman's neighbors. A warrant was secured in Monona county and placed in the hands of Sheriff Rock, who traced the alleged offender to Dakota and then back to Iowa, and when he passed through Harrison county last night Sheriff Rock secured his arrest and detention at Council Bluffs. Mr. Richman will be taken by Sheriff Rock to Monona county today, where the alleged offense of selling mortgaged property was committed.

"But we will fight to the last ditch," Mr. Gompers added, "and then on beyond that."

Beck Pleased at Result.

James M. Beck, of counsel for the complainant, Buck's Stove and Range company of St. Louis, after looking over the court's opinion made the following statement:

"To the extent that this decision involves punishment upon men of power and standing in the country, no one can feel any personal gratification, but to the extent that it vindicates a principle that is vital to industrial life it is gratifying to us who conducted the case for the plaintiff."

"These contempt proceedings were not fought by the Bucks company primarily or principally to protect personal rights, but to vindicate the power of the courts to enforce their decrees."

"We felt that we owed it to the court which entered the original decree to bring to its attention the flagrant violation of its provisions by the defendants."

"For if such a decree could be defied, as in this instance, by men of great power, there would be an end to the enforcement of the law and that means anarchy."

Guardmen Fall in Examination.

In the examination of guardmen elected to commissioned officers' positions in the Iowa National Guard, two failed outright and four others were conditioned and must take part of the examination over again. This is the first time in the history of the Iowa National Guard that this has happened and is taken as an indication that the examinations hereafter will be something more than a matter of form to comply with the law.

The examinations were held Thursday and Friday. The results were made public today. The examination was a written one. Heretofore they have always been oral and it is claimed that in the oral examination the attempt of the examining board to explain the question often times gave away the answer. Hereafter the examinations will be all written and there will be no explanations of the questions.

A civil service examination of mine foremen and hoisting engineers will be held in the office of the state mine inspectors in the state house November 10 by the board of examiners. Registration must be made on Tuesday, November 9.
