

KANSANS IN PRIME SHAPE

Foot Ball Team Will Be in Good Condition by Saturday.

REGULARS ALL BACK IN LINE

Coch Kennedy is Putting His Men Up Against Nebraska Plays in Practice with Freshmen Team.

LAWRENCE, Kan., Nov. 2.—(Special.)—The Kansas foot ball team has done some hard practice this week in preparation for the Nebraska game in Lincoln Saturday.

The players came out of the contest with Washburn in fair shape, and the Jayhawkers will be in the prime of condition when they face the Cornhuskers.

The regulars have been doing hard scrimmage work against the freshmen. The tyros were instructed in the Nebraska play and were given some hard practice this week in preparation for the Nebraska game in Lincoln Saturday.

The general opinion in Lawrence is that Kansas will line up a faster and a better team against Nebraska Saturday than the team that humbled the Cornhuskers so decidedly last year.

CORNHUSKERS GRINDING AWAY

Coch Cole Keeps Them at Strenuous Work in Preparation.

LINCOLN, Nov. 2.—(Special.)—When the Cornhuskers straggled into the gymnasium this evening from the gridiron practice, the variety player was ready to drop down from sheer exhaustion, so strenuous had been the afternoon's practice in getting hardened for the Kansas battle Saturday.

Cole has adopted the hurry-up tactics of his former master, Fielding Yost of Michigan, and is giving the Nebraska players by far the most bruising work of their fall campaign.

Starting the work this afternoon by sending the men scurrying after the ball when it booted down the field by Captain Deltzer, any man who failed to catch the ball or muffed it in any way was given a reprimand by the head coach at once.

The announcement was made tonight that Fred Lake had resigned his position as manager of the Boston American league club, and that President Taylor of the Boston American league club, when asked concerning the possibility of his becoming interested in the Baltimore club, admitted that he and Mr. Hanlon had a talk along that line some time ago.

The St. James took one game from the Omaha Bicycle company last night on the Metropolitan alleys. Both teams were somewhat off in their work.

Beginning with Sunday, November 7, 1909, "The Manhattan Limited" of the Pennsylvania Short Line, which now leaves Chicago at 11 o'clock a. m., will leave Chicago at 10:30 a. m. daily, running through to New York in 22 hours, arriving there at 9:30 a. m.

This will shorten the time of that train two hours, and the Extra Fare from Chicago to New York will be advanced from Four Dollars to Six Dollars.

Accordingly, he will give the Cornhuskers a strict drill in receiving the ball and in getting it when it is booted along the ground.

The Kansas team and coaches will arrive in Lincoln at 5:45 o'clock Friday afternoon for the Nebraska game and will be met at the depot by a crowd of Nebraska students with the cadet band who will escort them to their headquarters at the Lindell hotel.

A party banquet is now being planned for the night of the leading hotels. At some of the "Big Eight" schools this custom has become a feature of every big game and it has made a decided hit.

The deans of the university have consented to discontinue all classes at 10 o'clock Friday morning that a big rally may be held in Memorial hall for the Nebraska Saturday. It is thought this mass meeting will be one of the biggest and best ever held at Nebraska.

All the leading men of the university and several prominent supporters of the university among the business men of Lincoln will be present and most of them will be given an opportunity to speak before the assembly.

Memorial hall will be decorated in Nebraska colors for this occasion and every thing that will make for the Cornhusker spirit will be done by hundreds of willing hands. Faculty members declare the presence of the cheering masses of the great students over the Kansas game is the best they have ever seen here and that it means much to them not only for the great success of this year's team, but in other departments during the coming years.

The sale of tickets for the game is unprecedented at the local school. Two days after the postboard were placed on sale 1,000 of them were purchased and now, six days after the sale was begun, nearly 5,000 have been taken.

BALTIMORE, Md., Nov. 2.—John I. Taylor, president of the Boston American league team, according to a story published here today is after a financial interest in the Baltimore Eastern league club. Edward Hanlon, president of the best baseball club in the city, who has been endeavoring to obtain some of the loose stock as an investment. Hanlon scouted the idea that Taylor would be made a "farm" for the Boston Americans.

BOSTON, Nov. 1.—President Taylor of the Boston American league club, when asked concerning the possibility of his becoming interested in the Baltimore club, admitted that he and Mr. Hanlon had a talk along that line some time ago. The matter was left in the air, he asserted.

"Hanlon and I have made a deal whereby I am to turn over to him certain players," said Mr. Taylor. "The deal is as far as the matter has gone at present. Hanlon made a proposition concerning the sale of certain stock in the club, but that has not been settled."

Morris Bloom, the Chicago wonder, and Kid Jensen, the Omaha brawler, will box a ten round go Friday night before the Tri-City Athletic club of South Omaha. Considerable interest being worked up over the match, which promises to be of high order.

Supreme Court Roused by Brief

Chief Justice Orders Paper Held to Be Impertinent Stricken from Files.

WASHINGTON, Nov. 2.—Chief Justice Fuller today created a mild sensation in the supreme court of the United States by announcing that papers in the case of the Yellow Poplar Lumber company and S. F. Chapman, emanating from Virginia, would be stricken from the records of the court because of their scandalous nature.

The controversy involved a contract by Chapman to deliver to the company 50,000,000 feet of lumber in Virginia. The court of appeals decided in favor of Chapman, and in its petition the company asked a review on various grounds, one of which is stated as follows:

"The opinion of the court of appeals is so grotesque in its conclusions of law and prepared with so little care and study as to be almost unintelligible, even grammatically, not to say legally."

The chief justice referred to the papers in a general way, saying that they were "so impertinent and improper that they would be stricken from the docket in order to protect the records of the court from scandal."

The petition for a writ of review was denied. The critic said the opinion was written by Judge Dayton. The brief was prepared and presented by attorneys George S. Wright, Robert E. O'Hanley and Harvey I. Hall.

Charges Against Federal Official

R. K. Campbell of Division of Naturalization is Accused of Improper Actions.

WASHINGTON, Nov. 2.—The removal from office of Richard K. Campbell, chief of the division of naturalization of the Department of Commerce and Labor, is the avowed object of charges involving "certain conduct" of Mr. Campbell, which were today filed with Secretary Nagel by Dr. Justin S. Kirrah of New York. Almost simultaneously copies of the charges were sent to the White House and the State department.

Antagonism and personal malice which Mr. Campbell is alleged to have displayed toward the admission to naturalization of Syrians form the basis of the complaint. It is charged that he attempted to coerce officials of the Department of Justice and judges of courts in the United States so that they would conduct themselves in accordance with the views and policy of the bureau of naturalization and more particularly the views of Mr. Campbell himself.

PORTERS AND CABMEN NOT WANTED ON JURIES

Chicago Officials Say Men Who Accept Tips Do Not Make Desirable Jurors.

CHICAGO, Ill., Nov. 2.—Porters, cabmen and waiters are not desirable for jurors, according to Jury Commissioner William A. Amberg, who testified here today before the judges who are investigating alleged irregularities in the drawing of venires.

The juror commissioners believe that men who live by accepting tips are not of a character to make good jurors, explained the witness. Following are others who the commissioners ignore in selecting venires: Actors, because they have no fixed abode; Laborers and foreign tailors, because, as a rule, not of sufficient intelligence; Boiler makers, because of defective hearing; Saloonkeepers and bar tenders, because of their occupation.

Train dispatchers and tower signal men, because they are doing a greater service at their regular positions.

Others whose names are not considered were medical and theological students, because they are exempt; peddlers, junk dealers and scavengers.

CHICAGO SMOKERS CONTINUE TO SMOKE

Order Prohibiting Use of Weed on Oak Park Elevated Line is Disregarded.

CHICAGO, Nov. 2.—The first day's test of the "no smoke" order of the Chicago & Oak Park Elevated railroad resulted in a victory for the smokers. The signs "no smoking allowed" in the coaches formerly segregated for users of pipes and cigars, fairly obscured in the blue haze which enveloped from usual pipes, cigars and cigarettes.

Train guards who reminded the recalcitrant passengers that "smoking had been abolished on this road" were the victims of endless sarcasm, some of it in the form of blows thrown in their faces, and one executed by defendant, Edmund W. Fall, to the defendants, W.H. Fall and Elizabeth Easton.

STANDARD OIL ENDS FIGHT

Compromises with State of Oklahoma by Organizing New Pipe Line Company.

BARTELSVILLE, Okl., Nov. 2.—The Standard Oil company has compromised its controversy with the state of Oklahoma by organizing the Oklahoma Pipe Line company, to build an eight-inch pipe line to carry oil to the Standard refinery at Baton Rouge, La. Construction work will begin at once, and it is expected that oil will be flowing through the line by February 1.

GIRL STARVES TO DEATH

Hebrew Immigrant Fast's Nine Days Because She Could Not Get "Kosher" Food.

NEW YORK, Nov. 2.—Orthodoxy so unimpaired that it prevailed even over the instincts of self preservation, caused the death today in the Ellis Island hospital of Gisela Breiner, a young Hebrew immigrant. On the nine days of her voyage across the Atlantic the girl could get no "kosher" food and she fasted, with the result that today she died of inanition.

Merrymaking in Pittsburg

"Don't" Signs Removed and Downtown District is Turned Over to Halloween Crowds.

PITTSBURG, Nov. 2.—At sundown tonight Greater Pittsburg lent itself to unalloyed pleasure. Official Halloween, without bothersome police or "don't" signs was on in force.

Within the radius of a square mile of the downtown centers street car traffic was suspended and cars diverted from regular routes so as to give the funmakers full possession of the streets and sidewalks. Parades, judged by city officials, contented throwing and makers by the thousands kept the downtown portions of the city in a blanket of fun for the greater part of the night.

Only one thing was barred by the superintendent of public safety as beyond the possibilities of even riotous fun and that was the "tickler," which last year permanently injured the eyes of more than a score of merrymakers.

Suit Over Body of Wealthy Woman

Sister of Mrs. Good of South Bend, Ind., Enjoined from Interfering with Daughter's Plans.

SOUTH BEND, Ind., Nov. 2.—Judge Fink, in the circuit court, this evening granted a restraining order preventing William T. Carskaddon and Ella C. Carskaddon from interfering with Mrs. Samuel Treanor in removing the body of Minerva Good from Carskaddon's home to the Treanor residence. The suit follows the death of Mrs. Good, who died yesterday at the home of her sister, Mrs. Carskaddon. Mrs. Treanor is a daughter of Mrs. Good. Mrs. Treanor also filed suits today objecting to the probate of a purported will of her mother, under the terms of which her estate goes to the Carskaddons. The estate is said to be worth anywhere from a half to a million dollars.

BURLINGTON GETS REVIEW OF SAFETY CASE

United States Supreme Court Grants Plea of Railroad Where Fine Was Imposed.

(From a Staff Correspondent.) WASHINGTON, Nov. 2.—(Special Telegram.)—Chief Justice Fuller today granted a petition for a writ of certiorari to the United States circuit court of appeals for the Eighth district in the case of the Chicago, Burlington & Quincy, petitioner, against United States of America, respondent. This case grows out of an alleged failure of the Chicago, Burlington & Quincy to apply certain safety appliances to its cars, resulting in an action brought by the United States to recover a penalty of \$100. The granting of a writ of certiorari today to attorneys of the Chicago, Burlington & Quincy grants them an opportunity to review the entire case before the supreme court of the United States.

GALL STONES CURED WITHOUT KNIFE

Mrs. Jno. F. Johnson of Danville, Tells How She Was Cured by the United Doctors.

SHE RECOMMENDS THEIR TREATMENT

She and Her Husband Have Taken Many Others To These Noted Specialists.

When a person has gall stones, they often have the accompanying agony of gall stone colic. At such times the pain becomes so severe that it seems that the patient will surely die if his or her pain is not speedily relieved.

It is the custom of the ordinary doctors to give the patient hypodermic injections of morphine to ease the pain. To administer olive oil in large quantities which eases the pain until at last the stones become so large or numerous that an operation is performed. That is the general history of a case of gall stones. While the morphine will relieve the pain, it is only a narcotic and does not remove the stones. It only makes the condition worse. While olive oil will ease the patient for a time, it does not cure. While an operation will remove the stones, it does not remove the cause, and it is certain that the stones will form again if the cause is not removed.

The United Doctors, who have their Omaha Institute at 23rd and Farnam, have a new treatment for gall stones which they claim is the only treatment known to science which really removes the cause of the disease and effects a real cure.

The treatment used by the United Doctors contains no morphine or other opiate, no olive oil, and there is no operation. Instead a mild medicine is used which dissolves the stones and puts the liver and kidneys in a healthy condition so that no more stones can be formed. Under this wonderful new treatment the patient recovers rapidly; all pain disappears within a few days, and a complete cure usually requires but a comparatively short course of treatment.

One patient who was recently treated by the United Doctors is Mrs. Jno. F. Johnson of 15 Ohio St., Danville, Ill., who says: To the Public: I desire to state that on the 23rd day of April, this year, for the first time I visited the United Doctors, and stated to them how I was suffering. After a proper examination they told me that I could be greatly benefited and probably cured. At that time I was suffering with intestinal indigestion and bloating in addition to severe attacks of gall stones. I had suffered so long and so much that I was reduced in health and weight and strength until I was scarcely able to drag myself to their offices.

They put me on treatment on my first visit and since being with them, which is less than three months, I have gained daily. I have been able to do all of my own household work, have a splendid appetite, have no more suffering with gall stones and have gained sixteen pounds in weight.

I feel that I cannot too strongly endorse their treatment to chronic sick people and it has been my pleasure to recommend a number of people to them for treatment. I have personally with my husband, conducted to their offices several of my friends and neighbors whom they have placed under treatment and who have made the same satisfactory progress. In proportion to the time treated, as I have.

Very sincerely yours, (Signed) MRS. JNO. F. JOHNSON.

The Gotzian Health and Walk Easy Shoe. For Men and Women. "Gives your step the rising inflection."

The objection to most health and comfort shoes is this: They are clumsy in design and betray the purpose for which they are worn.

For many years we have been making a shoe, whose sole of leather, wool, cork, felt and canvas is soft as a cushion.

But, unlike all other health and comfort shoes, it has spirited style and is shown in all shapes and leathers.

Made in St. Paul, it is sold everywhere. Most styles are \$5 and \$6. Ask your dealer.
