Dr. Pierce's Common Sense Health Talks

No man is stronger than his stomach. Make your stomach strong and you thereby fortify your system against the attacks of a long list of diseases which originate in the stomach and must be reached, if at all through the stomach. Thus torpid, or lazy liver, biliousness, dyspepsia, impure blood and various skin affections originate in weak stomach and consequent poor nutrition. The same is true of certain bronchial, throat and lung affections.

Alsop Claim to Be Arbitrated

Bill of Million and Half of American Corporation Against Chile Goes to The Hague.

SANTIAGO, Chile, Nov. 7 .- An agreemen was reached today between the United States and Chile to submit the Alsop claim The Alsop claim, which amounts to upwards of \$1,500,000 arose over the advance of money by the Alsop company to the Bolivian government in 1874 in exchange for rights to valuable guano deposits. The

republic also contracted to settle the debt

by the payment of customs receipts at the

porth of Arica, and by granting leases on silver mines. War between Bolivia, Peru and Chile was declared before these arrangements could be carried out and when hostilities were ended Chile was in possession of the section of Bolivia around Arica and the contract between the company and Bolivia therefore could not be fulfilled. In 1885, on representations being made by the American government, Chile agreed to settle the claim, but no payment has yet been made, various pretexts having been furnished for

GREENSBURG, Pa., Nov. 7 .- Seized with an insane impulse to kill, Edward J. Perry, former mayor of this city, today shot three of his children, killing one, and then mmitted suicide by firing a bullet into his heart.

The shooting occurred in Perry's bedoom while the three children were gathered around a crib in which lay their infant sister, 15 months old. The baby was not injured. Elizabeth, 4 years old, was shot in the left breast and died a few hours later.

Kenneth, 6 years, and Richard, 8 years, were both shot in the side, but it is believed they will recover. Mrs. Perry died a year ago. A short time before the shooting Perry talked with two other sons and seemed to

Milk-white floors-spotless and wholesome enough to "eat off"-is the quick result when GOLD DUST is added to your scrubbing water

Floors and doors and woodwork are hard to clean thoroughly because the dirt gets ground into every crack and crevice.

Soap and mop all you will, the job at best will be only partly done.

A heaping tablespoonful of GOLD DUST added to your scrubbing water will make it search out dirt, grease, germs and impurias from every cranny, and cleanse and purify wherever it touches.

GOLD DUST also relieves you of that weary, torturing grind of bending and scrubbing, because it does all the hard part of the work without your help. Soap makes housework hard work. Let GOLD DUST ease the burden.
