shown to be indispensable in a competition of this kind.
If we show the wisdom and the vigor of which we as a people are capable, we may expect in the not-distant future to have our supremacy acknowledged, and to see bills drawn on Chicago and accepted by the merchants and banks of this great city have a value and currency in the world's markets equal to that of sterling bills drawn on London.

SPENDS BUSY DAY IN OMAHA
Has Auto Ride and is Guest of Two Clubs.
Senator Aldrich is touring the country in behalf of the monetary commission, of which he is the chairman. He is accompanied on his trip by George W. Reynolds, president of the Continental National bank of Chicago and former president of the American Bankers' association; Charles D. Norton, assistant secretary of the treasury; Dr. Andrew Platt, director of the mint and a member of the monetary commission; Arthur B. Shelton, secretary of the monetary commission and clerk of the senate finance committee. Other members of the party are Leon M. Allen, general passenger agent of the Rock Island lines; Thomas F. Dawson of the Associated Press and Percy Dullong, stenographer, accompanying the special car.

Foreign Banking Affairs.
Continuing, he said, "the work of study and examination of the experience of other countries is simplified by the fact that there is a practical uniformity of method and principle throughout the civilized world, both with reference to note issue and credit organization. This does not mean, of course, that any existing system could be adopted by the United States—certainly not without many essential modifications."

Bank Depositors Are Many.
"The depositors in our national and state banks, institutions, numbers and value, are one of our entire population, and their number is greater than the total number of people, men, women and children engaged in gainful occupations in the country. Our entire population is vitally interested in the soundness and adequacy of our currency and in the maintenance of its solvency and continued credit of our banks; and suggested changes should be considered primarily with reference to the effect they would have upon the interests of our whole people. Unless by some act of folly we do something to halt this onward march of our currency, we shall be dependent upon our wonderful resources, we shall soon have wealth and surplus capital in excess of all other countries, and this must add importance to the international phases of our financial policies."

THOMAS KILPATRICK & CO.

ROBBERY TRIAL NEARS END
Arguments for Defense of Alleged Bandits About Completed.
ATTEMPT TO ESCAPE ADDS COLOR
Interest in Court Drama is Intensified—Federal Lawyer Finishes Argument and Counsel for Prisoners Now Active.
Arguments for the defense in the trial of the five men charged with the robbery of the Union Pacific mail train are about completed and it is probable the case will go to the jury today. The attempt of the prisoners to escape from the county jail has added color to the trial and has intensified the interest of the public in the outcome of the case. After a short conference between the attorneys for the defense in the train robbery trial it was decided that no more of acquittal rests the case insofar as Woods, Torgenson, Grigware and Golden are concerned.
H. B. Fiehrly, special attorney for Matthews, presented one witness, John W. Lane, a barber of Omaha, who testified to having seen Matthews in Omaha during the month of May of the week preceding the holding of the Overland Limited and that he had chad him Tuesday, Thursday and Saturday of that week. There was no cross-examination of the witness.
Lillian Stephenson was recalled for the government to state the time of her first acquaintance with the several defendants, which she stated was about the holidays of 1928.
The defense and government then announced that they had no further testimony to offer.

Land Lines Are All Down and Little Information Regarding Damage Can Be Secured.
KINGSTON, Jamaica, Nov. 10.—All of the land lines are down as the result of a storm that has swept this section. Communication with the interior and neighboring islands is impossible. Floods followed the windstorm and continue unabated.
NEW YORK, Nov. 10.—A heavy windstorm is reported in the West Indies by the cable and telegraph companies today and communication to that territory is generally interrupted.
HALIFAX, Nov. 10.—Telegraphic communication between this city and Kingston, Jamaica, has been cut off since Saturday night by a tropical hurricane. The Halifax steamer Amanda, which was ashore on the Jamaican coast, was floated on Friday afternoon and sailed for Montenegro bay. Since that time no news of it has been received here.

Mrs. Eddy Settles with Her Family
Christian Science Leader Gives Son \$245,000 and Adopted Son \$45,000.
BOSTON, Nov. 10.—A family settlement involving nearly \$300,000 between Mrs. Mary Baker Eddy, the founder and leader of the Christian Science denomination, and her son, George W. Glover of South Dakota, and her adopted son, Ebenezer J. Foster Eddy of Vermont, has been concluded, according to an announcement made by representatives of Mrs. Eddy here today.
Deeds evidencing the terms of the settlement have been executed and delivered. Under the settlement Mr. Glover receives \$245,000 and Ebenezer J. Foster Eddy \$45,000.
Mrs. Eddy's son and adopted son relinquish all their present and prospective rights or expectant interests in Mrs. Eddy's estate and agree not to contest any will which Mrs. Eddy may leave.

WIRE TAPPING SCHEME IS SUCCESSFUL
Bookmakers at Denver and Salt Lake City Lose Large Sums on Latonia Race.
DENVER, Nov. 10.—Probably between \$50,000 and \$70,000 was secured in this city and suburbs and in Salt Lake City yesterday as the result of what is believed to have been a cleverly executed job of wire tapping near the Latonia race track. The odds on Howard Pearson, the winner of the sixth race that track, were boosted from 7 to 1 to 20 to 1 and even as high as 10 to 1.
Hand bookmakers here and at the suburbs of Englewood and Littleton reluctantly admit that they lost heavily on the race and many of the local bookmakers today refused to pay bets on the race. Two of them, it is said, have been forced out of business.
According to one local bookmaker, the odds apparently were changed before post time, and "the boost" from 7 to 1 to 20 to 1 does not seem to have caused suspicion. If the wire was tapped the post odds were held back and the false odds sent out. Then the plunge was made and as the tip on the horse apparently was general, nearly every bookmaker around Denver lost money.
It is stated that the operations extended to Chicago.

OFFICERS TO FORT CROOK
Two Captains of Ninth Infantry Ordered There to Await Their Regiments.
WASHINGTON, Nov. 10.—(Special Telegram)—Captains Carl A. Martin and Campbell E. Babcock of the Ninth Infantry will proceed to Fort Crook for duty pending the arrival of their regiments in the United States.
Thomas J. Llewellyn of Hastings, Neb., has been appointed clerk in the coast and geological survey service.
Civil service examinations will be held here at the University of Nebraska, Neb., for rural free delivery carriers.
The postmaster at Muscatine, Ia., has been allowed two additional carriers, to be given service December 1.

PENSIONS BY EASTERN ROADS
New York Central Lines Will Adopt System for Old Employees.
NEW YORK, Nov. 10.—Announcement was made by President Brown of the New York Central lines today that the board of directors of the New York Central, Lake Shore & Michigan Southern and Michigan Central companies plans for a pension system for employees of these lines were adopted.
Officers of the company declare the pension system to be put into effect will eventually benefit 100,000 employees and will make necessary the distribution by the New York Central of \$50,000 annually.

Children's \$12 coats will go at \$8.50.
Children's \$15 coats will go at \$10.50.
The sale is next Saturday. Watch for later particulars.
J. L. BRANDEIS & SONS.

Fourteen Killed by Runaway Car at Vancouver
Car Laden with Lumber Crashes Into Passenger Coach Full of Workmen.
VANCOUVER, B. C., Nov. 10.—A runaway car of lumber crashed into a crowded passenger car on the British Columbia Electric Railway company's interurban line today. Fourteen persons were killed, including the motorman and conductor of the freight car, the passengers being mostly workmen bound for the British Columbia electric car building shops in New Westminster. Seven persons were injured and at least two of these will die.
Virtually every person in the passenger car was killed or injured.
The passenger car left the Vancouver station just behind an electric freight train laden with heavy timbers.
Three miles out, at the head of a grade which the freight car had just ascended, the coupling of a lumber car broke and it started back toward the passenger car, a quarter of a mile away. When the runaway lumber car dashed into the passenger car its speed was tremendous. When the impact occurred the heavy timbers of the flat car slid forward and ripped the passenger car level with the floor. Not a sliver was left standing of the passenger car.

West Indies Are Swept by Storm
Land Lines Are All Down and Little Information Regarding Damage Can Be Secured.
KINGSTON, Jamaica, Nov. 10.—All of the land lines are down as the result of a storm that has swept this section. Communication with the interior and neighboring islands is impossible. Floods followed the windstorm and continue unabated.
NEW YORK, Nov. 10.—A heavy windstorm is reported in the West Indies by the cable and telegraph companies today and communication to that territory is generally interrupted.
HALIFAX, Nov. 10.—Telegraphic communication between this city and Kingston, Jamaica, has been cut off since Saturday night by a tropical hurricane. The Halifax steamer Amanda, which was ashore on the Jamaican coast, was floated on Friday afternoon and sailed for Montenegro bay. Since that time no news of it has been received here.

No Vitriol in Burnam's Motion
City Attorney Asks Leave of Court to Substitute New Brief for Dunn's.
LINCOLN, Nov. 10.—(Special Telegram)—Mid and gentle by comparison with past filings in the case is the motion offered in supreme court today by City Attorney Harry E. Burnam of Omaha, asking that he be allowed to file a brief in the suit of Anna J. Robinson against the city of Omaha.
It was in this case that Ignatius J. Dunn, deputy city attorney filed a brief which so scandalized the court it was ordered stricken from the files. Dunn is not mentioned in the motion which is signed by Mr. Burnam alone.

IMITATED JUDGE AND COLLECTED COURT COSTS
Peculiar and Successful Form of Swindle is Unearthed in Berlin.
BERLIN, Nov. 10.—A series of odd frauds on the First Provincial court of Berlin was interrupted today by the arrest of Lothar Luedicke, a former court employe, and two confederates, Willy Warnick, a professional bicyclist, and Hans Meier, a cook.
According to the charges, these men were in the habit of breaking into the court room late in the afternoon when no others were in the building, except the janitors. By putting on judicial caps and robes they were able to deceive the janitors and so were permitted to go about their illegal occupations undisturbed.
At their latest they examined the court records, making a note of the names and addresses of persons owing money to the court. Helping themselves to the forms and seals they drew up the necessary documents for the collection of these debts and mailed them to the court. They were successful in this way in collecting various sums and are said to have been successful in no fewer than thirty instances. When exposed the three men were said to be planning a raid on the imperial supreme court at Leipzig.

CONTRACTS FOR CAPITAL SUPPLIES.
PIERRE, S. D., Nov. 10.—(Special Telegram)—The contract for about \$1,000 worth of capital supplies for the Pierre school today to Bostell Bros. of Minneapolis. The contract for installing electrical clocks in the new capital was let to Nimsa & Nimsa of St. Paul. The contract calls for thirty-two clocks.
NEWLY APPOINTED POSTMASTERS.
WASHINGTON, Nov. 10.—(Special Telegram)—Postmasters appointed are as follows: Nebraska—Quinnville, Leslie county; Harriet Price, vice E. N. Ford, resigned; Denmark, Lincoln county; Louis C. Jensen, vice M. C. Keller, resigned; Hamlet, Hayes county; Frank S. Graves, vice H. B. Haffington, resigned; Madison, Franklin county; Edgar A. Vanstenberg, vice W. J. Shepard, resigned; Sartoria, Buffalo county; Carl Kruschmer, vice A. S. Sorensen, resigned; South Dakota—Ashcroft, Harding county; Susan H. Ashcroft, vice T. C. Clark, resigned; Jefferson county proposed change of vote to pass a vote of states on membership instead of limiting the vote of members of states and their wives.
Because the law will not permit him to take a marriage license to himself, County Clerk W. C. Smith of Jefferson county proposed change of vote to pass a vote of states on membership instead of limiting the vote of members of states and their wives.

ITCHING ERUPTIONS QUICKLY COOLED
A 25 Cent Bottle of Oil of Wintergreen Compound Gives Relief.

Just a few drops of oil of wintergreen properly compounded and applied to the skin will take away instantly the worst kind of an itch. We positively know this. The oil of wintergreen, a mild, soothing liquid, is combined with such healing substances as thymol and glycerine. The D. D. D. Prescription, made at the D. D. D. Laboratories of Chicago, seems to be just the right compound, and a good sized trial bottle can now be had at 25 cents a bottle.
D. D. D. Prescription sells regularly at one dollar a bottle, but we have secured a limited number of trial bottles at 25 cents on this special offer, and advise you to take advantage of this special rate now, as we do not know how long the Laboratories in Chicago will continue the 25 cent offer.
Sherman & McConnell Drug Co., 16th and Dodge Streets; Owl Drug Co., 14th and Harney Streets.

WITNESSES IN MABRAY CASE
Federal Court Clerk at Des Moines Issues Subpoenas for Them.
EXPERTS TO SURVEY SWAMP LAND
Government Will Furnish Men to Look Over Situation in Northern Iowa—National Grange in Session.
DES MOINES, Nov. 10.—(Special Telegram)—W. C. McArthur, clerk of the United States district court, today issued the subpoenas for witnesses in the J. C. Mabray case to be heard in Council Bluffs December 7. There are fifty witnesses in all called from every part of the United States.
Secretary Dobson of the State Conservation Commission has been notified that the government will furnish experts to survey ditches built to drain the swamps of northern Iowa which have proven useless because improperly built.
Dr. Chappel of the local veterinary office and of the state crop service believes the government estimate of the farm crop as furnished by John Cowlie is too high. Cowlie's figures are 294,200 bushels. Chappel doesn't believe the crop is any greater than last year when there was but 257,650 bushels. He believes Cowlie has too great an acreage in his estimate.
Mrs. Jennie Beam Hoxie, vice of General Hoxie, appeared before the executive council today with a model of the proposed statue of Governor Kirkwood which is to be placed in the hall of fame in Washington. The council has approved the statue.
Twenty-seven states are represented in the National Grange convention which met here today. It is believed the attendance will reach 900 before its close. One of the principal matters of business is the proposed change of vote to pass a vote of states on membership instead of limiting the vote of members of states and their wives.
Because the law will not permit him to take a marriage license to himself, County Clerk W. C. Smith of Jefferson county proposed change of vote to pass a vote of states on membership instead of limiting the vote of members of states and their wives.
Because the law will not permit him to take a marriage license to himself, County Clerk W. C. Smith of Jefferson county proposed change of vote to pass a vote of states on membership instead of limiting the vote of members of states and their wives.

RUPTURE IS DANGEROUS
The Smaller the Rupture the Greater the Danger of Strangulation.
F. H. Seeley, the Chicago expert, now at the Paxton Hotel, emphasized this statement, and says: "The Spermatic Shield Truss as fitted to the case of Russia, now used and approved by the United States government, will not only retain any case of rupture perfectly, affording immediate and complete relief, but close the opening in ten days on the average case." This instrument received the only award in England and in Spain, producing results "without surgery or harmful injections. If any interested call, he will be glad to show same without charge or fit them if desired.
