## BULLOCK IN SECOND ROBBERY

### Kansas Boy Bandit Kills Self When Cornered by Mob.

### CASHIER SHOT WILL RECOVER

Jacksonville, Fla., Nov. 13.—A boy led into life of crime takes part in raid, but weakens and tells Bullock's history.

LAWRENCE, Kan., Nov. 13.—A curious crowd of people here today viewed the dead body of Earl Bullock, the boy bandit, who committed suicide yesterday, following the bold robbery of the state bank at Eudora, near here. The boy died at Eudora during the night and the body was this morning brought to Lawrence, where an inquest was held.

During the progress of the inquest William McKay, the 16-year-old Jacksonville, Fla., lad who took part in the affair, anxiously paced his cell in the county jail here. McKay was brought to Lawrence late yesterday to prevent his being lynched and while all fear of mob violence had apparently disappeared this morning, the youthful bandit was plainly uneasy. McKay in the recent and persistent night he had no further desire, he said, to be a "real robber like Bullock."

Instead, he inquired anxiously as to the condition of Frederick Starr, the bank cashier whom Bullock had shot in the jaw yesterday. For this crime, as well as that of bank robbing, McKay probably must suffer, and this morning he realized the fact keenly.

### McKay in New Version

After making a statement last night telling of the movements of himself and Earl Bullock for the last two weeks, McKay made a supplemental statement today. In his first statement, the boy said that he was persuaded by Bullock to enter into the robbery and that his part in the affair had been almost forced upon him.

In his second statement McKay says he was not only a willing party to the robbery, but agreed to commit murder if necessary. He said:

"Earl Bullock and I, in Jacksonville, talked over where we could make the biggest haul. We talked over robbing a grocery store belonging to Mr. Flynn. It was at my suggestion that we discussed the fact that there was a large safe in Mr. Flynn's store, and I told Bullock that I knew how to blow open this safe. We decided that we could get \$10,000 dollars by robbing a bank near Kansas City that Bullock spoke about.

"Bullock and I, nearly all the time we were together, talked about how we could rob this bank, and I agreed with him that in robbing the bank, if necessary I would shoot anybody that interfered.

"I fully expected to get a big sum of money or I would not have agreed to rob the bank with Bullock."

Mayor S. D. Bishop of this city, sent the following telegram to Mrs. McKay, mother of Willie McKay at Jacksonville, Fla., today:

"Your son, William, in county jail for robbing bank at Eudora. He accomplished, Bullock, killed. Bullock registered at

Waverly hotel, Jacksonville, under the name of Donaldson."

This reply came from Mrs. McKay: "Please keep my boy until you get my letter, mailed today."

Upon receipt of this message, it was decided to postpone the hearing until Monday. Later it was decided that an inquest was unnecessary and Bullock's body was turned over to his father.

## Plans for Coping with Pellagra in State of Iowa

### Secretary Thomas of Iowa State Board of Health Declares Disease is Not Contagious.

(From a Staff Correspondent.)  
DES MOINES, Nov. 13.—(Special Telegram.)—Secretary Thomas of the State Board of Health today made public the official report of Dr. Elker, a member of the board, on pellagra, a case of which disease has recently been found in the person of a prominent lawyer of Marquette. Dr. Elker attended the national conference of health boards on this subject at Columbia, S. C., and made some investigation of the disease as found in Illinois and Iowa. He recommends to the board that patients be not quarantined, as the disease is not contagious, that the physicians of the state hospitals be asked to make thorough search for evidences of the disease, that the doctors of the state be informed as to the symptoms and nature of the disease and that a delegate be sent to attend the next national conference at St. Louis next June. He also asks investigation to determine whether or not the disease is due to eating spoiled corn foods, but does not undertake to decide that question. The state board will not promptly in Iowa.

It is announced that Judge C. G. Leo of the Eleventh district, a resident of Story county, will soon resign the judgeship appointed to continued life. He was appointed last to succeed Judge Evans, who went on the supreme bench.

The Des Moines city council today adopted a resolution embodying the terms of a proposed franchise to the city railway for settlement of the street car situation. An agreement was reached by the city with the present local owners of the plant, and this involves submitting the matter to the voters next spring. It is believed the plan will carry as it is the first reasonable proposal for settlement. It involves division of net earnings, an indeterminate franchise and the city to have representation on board of directors.

## Postoffice at Washington to Be Model for All

### Postmaster General Hitchcock Has Plans Which Newly Appointed Official Will Carry Out.

(From a Staff Correspondent.)  
WASHINGTON, Nov. 13.—(Special Telegram.)—Postmaster General Hitchcock announced today at the White House the appointment of Dr. Charles P. Grandfield of Missouri to be postmaster of Washington, to succeed the late Benjamin F. Barnes. This announcement on its face would not appear at first reading to have any particular significance to residents outside the District of Columbia, but it in reality affects in a measure the future conduct of every first-class postoffice of the country because Postmaster General Hitchcock proposes through Dr. Grandfield to inaugurate certain reforms in the manner and method of handling city mail, which, if proved by actual experience in Washington to be satisfactory, he will inaugurate in the larger cities of the country. Simultaneous with the announcement that Dr. Grandfield had been selected as postmaster Mr. Hitchcock announced that the city postoffice of Washington was to be made a model postoffice for the entire country. It is to be a pattern of perfection for information and guidance of postmasters and postal officials of other cities.

# Are Your Kidneys Weak?

## THOUSANDS OF MEN AND WOMEN UNWELL THROUGH KIDNEYS FAILING TO PROPERLY FILTER THEIR BLOOD.

Backache, Rheumatism, Sciatica, Nervous Disorders, Dropsy and Bright's Disease are Caused by Kidneys not Acting Aright.

**W**EAK Kidneys are the common heritage of thousands of Americans. They are the cause of the housewife's backache pains when she rises from the scrubbing board, and the cause of the husband's Rheumatic agony when he bends down to his work.

They are also the cause, when those early symptoms are neglected, which leads to permanent Kidney Disablement, Dropsy and Bright's Disease.

Yet few people take the trouble to look after their kidneys. They busy themselves in relieving the Rheumatism and allaying the backache pains, when all the while the kidneys are struggling at their task, getting weaker and weaker and becoming hopelessly incapable of purifying the blood as they should.

Reader, see that you do not make the same mistake. If you are using drugs or liniments for Rheumatism, Lumbago, Blood Disorders, or Nervous Ailments, STOP at once! It is your kidneys that need help.

## THE HELP YOU NEED.

Exactly the kind of help they need can be supplied by Warner's "Safe" Cure, which is the only true and reliable specific for deranged kidneys. It does not do the kidney's work (nothing can do that), but it strengthens and puts new vigor into them so that they can perform their duties just as nature intended. By thus building up and strengthening their power, Warner's "Safe" Cure enables the kidneys to properly purify the blood, and thus rid the whole system of the poisons which are the root of disease.

To this marvelous power must be credited the stupendous success which Warner's "Safe" Cure has attained in banishing Rheumatism, Sciatica, Dropsy, Stone, and kindred diseases from hundreds of people's lives.

But remember, backache is the first symptom of kidney weakness—the sign that warns you of encroaching disease.

Make your kidneys healthy and strong by taking—

See that you get the genuine package, as illustrated below.

## STORM RAGES IN GERMANY

Shipping is Badly Damaged in the Worst Gale in Years.

CUXHAVEN, Germany, Nov. 13.—The worst storm in years is raging over the North sea today. A three-masted schooner, name unknown ran around a few miles up the coast and appears to be breaking up. The tug in her immediate vicinity is unable to approach the wreck.  
The Swedish steamer Drott, making, has sought refuge in the harbor here. A number of small craft are ashore in the Estuary of the Elbe, where an unusually large fleet of vessels has sought refuge from the storm.  
BERLIN, Nov. 13.—Hurricane-like winds have raged in northern Europe during last night and today. There has been some loss of life. In this city many
