Nebraska City Scores Only Two Points

on High Scho'll Team.

The South Omaha High school foot ball companies of inalita on guard Saturday afternoon by a score of 10 to 2. South Omaha scored a touchdown in each haif and failed to kick the goal each time. Nebraska City scored a safety after they had carried the ball nearly to the goal and there lost it on a fumble, which South Omaha recovered. The South Omaha boys were so near their line that when the ball

was fumbled by them in turn, they could not recover and advance to the line. The referee declared a safety though the point was more or less disputed. This was the only time when the South Omaha goal

was approached during the game. The game was little more than a wallow, although both teams at times exhibited considerable speed in getting off the plays.
