Dobbing did anything which could be Mabray), carried on this whole transacbrought under the Iowa definition of lar-

Rallew will probably be on the stand all the re-direct quiz. H. W. Young, a traveling man from Ottumwa, Ia., will be a witness in which the prosecution places much of the fleecing of the "Mikes." hope. He is said to have had a conversation with Dobbins after the race which

Opening Statement Made. The first presentation of the story of the

stradpoint came with the opening statement of the defense following the state-ment of the case by John P. Organ, who, as personal attorney for Ballew, is assisting the prosecution Emmett Tinley, for the defense, declared to the jury that no evidence could be in-

troduced to show that Dobbins had any transactions with other persons than Ballew in the affair on which the charge is

nothing to do with the Maybray gang at | Martin said." "W. H. Martin and Ballew entered into

that this was a deal between Ballew and that Dobbins was not present when the deal was made." The statement pointed toward the re-

ported plan of defense by which Dobbins will be declared a victim and a "Mike"

"Evidence will show that W. H. Martin,

Ballew's testimony does not show that George Wilson, (alleged secretary of J. C.

Review of the Case The prosecution's statement was a reday today on the cross-examination and view of the history of the transactions which led up to the arrest of Dobbins, pre senting the timeworn and oft repeated tale

tion," exclaimed Tintey.

Ballew took the stand at the conclusion of the opening statements and began his story, through the cross-examination by G. W. Byers, attorney general of Iowa. Ballew proved a rapid, concise witness. "miking" of Ballew from the Dobbins He related in minute detail the farce through which he was induced to become

a participant in a "Maybray race." 'W. H. Martin came to me at my office in Princeton, Mo., with a letter of introduction from Mr. Dobbins, whom I had do with horse racing and never had bet cent in my life.

You had better come to Kansas City The statement of Mr. Tinley was little and let Mr. Dobbins tell you about it; less than a declaration that his client had then you would have more confidence,"

Ballew says he went to Kansas City or October 7, 1905, and there met Dobbins. a conspiracy and the evidence will show The easy money proposition began to unfold and then Ballew at last decided to go Martin, not between Ballew and Dobbins; he says, with Martin and Dobbins. He said that they at that time only asked him represent them at the Council Bluffs "race," where alleged eastern millionaries were to be fleeced.

Ballew said Martin put up ail expenses for the trip. Ballew said he first came to Council

TROOPS CALLED TO WECKED MINE Rev. Mr. Hjortholm of Ellsworth, Ia.,

(Continued from First Page.

galleries of the mine and there found oxygen enough to keep them alive for day. The tests in this mine showed that on the day of the fire the air current in gram.)-After months of bitter controversy. the mine had a velocity of 600 feet a during which this town has been divided minute. The longest gallery in the mine into factions, Editor F. O. Satter of the is three-quarters of a mile. The fire in the mine was intense and the smoke and the Elisworth News and Rev. C. H. Hjortholm, polsonous gases, known to the miners as a local paster, have agreed to bury the white damp, were whirled to every corner hatchet, neither side, however, admitting of the mine. No living thing could escape defeat. The pastor's fight to put a stop t. To argue that pockets might be found to dancing among members of his coninto which the gas did not peneirate is gregation, and the fight waged by Editor folly. The entombed men all breathed this Satter against, led to the controversy, durgas. They could not escape it. Caught like ing which charges were made right and rats in a trap, they went to sleep just left and many personalities were indulged about as a person would taking ether. It in. s not a painful death. I have been twice vercome by the gas, but was rescued in when Rev. Mr. Hjortholm, while deliverime and recovered.

Exploration Work Dangerous. "But we all have done everything in praying he be shot if that would put a human power to get into the mine to allay stop to the tripping of the light fantastic the anxiety of the people. We know that Editor Satter gave a private dance in a all are dead who were there, but in such hall and the pastor demanded admittance, an emergency we have risked our own to secure the names of members of his lives to satisfy the relatives.

"The work of exploration has been in his Sunday sermon, but his efforts to dangerous business. We don't want to lose enter the place were buffled. For a time any more lives. God knows we have al- matters were exceedingly warm. Both ready lost too mony. Yesterday I thought parties, however, saw the fallacy of their I had gone. I had been feeling about the second vein for 250 feet from the shaft, breathing the oxygen in the apparatus on GIRL WIFE SUES FOR DIVORCE my back and on my return toward the onge I discovered the flames. I staggered just as I discovered the renewed fire. I could see it near the cage and my first thought was that the cage was stuck, owing to warping from the heat. I thought which would compel her to altend the that my end had come, but when O reached the cage and gave the signal my heart the district court from her husband, aged known all his life. When he stated his grew light as it responded to the tug of nearly 50 years. Grace Van Dora asks the reposition I told him that I had nothing the cable and I shot up through the smoke to the free air above.

"It is a mistake to think that sealing the shaft cuts off the circulation of air. It does not. Our anometers have shown all along a good circulation of air in the shaft, but the damage that was fatal had been done long before the mine had been sealed the first time.

No Bodies Discovered. "In my explorations in the mine I d'd not discover any bodies. I think that the miners, when entrapped, ran as far away she is now \$5 years old. from the fire as possible. I have seen repotrs that heaps of bodies were found by the mine explorers. I know that the dead

are in the mine, but it is untrue that any self. The wife alleges in her petition that have yet been found. If they had been he treated her inhumanly, stating that he brought to the surface. "We will do everything possible to rebodies because we believe it is other members of the family. The girl essentist that the poor sufferers should claims in her petition that she left him bury their dead. They will feel much better in April, just three months after the wedfor a chance to clasp their dead in their ding.

The fire fighting apparatus ordered from

Chicago came by special train. President Earling of the Chicago, Milwaukee & St. Paul railway was agitated by the obstacles to the celaring of the mine and spent the day aiding the work. In the morning an iron pipe line was laid from the reservoir to the entrance of the shaft and from it a long lead of louse was dropped into the shaft. One hundred thousand gallons of water has make a trip to Omaha during the National been brought in tanks to Cherry on cars Corn exposition.
