NORMAL BOARD VISITS WAYNE

Reinstated Body Decides to Look Over School There.

FIRST MEETING SINCE DECISION

Principals Thomas of Kearney and Crabtree of Peru Attend and Get Batch of Claims Allowed.

(From a Staff Correspondent.) LINCOLN, Nov. 17.—(Special.)—The State Normal board, with all members present, voted to visit the Wayne normal school tomorrow and inspect the buildings and grounds with a view to buying the school for the state. The late legislature appropriated \$50,000 for this purpose, but owing to the fight the democratic leaders made to oust the Normal board the matter was necessarily delayed until the courts decided the Shallenberger board had no right to exist.

The board met in the office of the state treasurer, it being the first meeting of the board held since July, when the governor's board sought to take charge of affairs. It decided to refer the matter of the proposition of Alliance for the location of the new normal school to the attorney general to secure an opinion as to the rights of the board under the law in this matter. The law provides that within ten days after September 1 proposals from the towns desiring the new school shall be filed with the board. Alliance was the only town to make its proposition according to law, though several towns filed their proposals with the new board now out of existence.

Many Bills Audited.
The board today began its business just where it left off and audited and passed upon \$75,000 worth of claims, including the pay roll of both Kearney and Peru normal schools. The claims from the Kearney school were as follows: Pay roll, \$22,934.50; claims against the maintenance fund, \$2,807.77; repairs, \$1,068.59; library, \$378.69; traveling expenses of principal, \$33.00. Principal Crabtree of the Peru normal had not figured his vouchers, but the board estimated that the total bills allowed would reach nearly \$75,000.

Following the visit to Wayne, the board will meet here December 2 at which time the matter of the new buildings at Peru and Kearney will be taken up. Applications were received from parties who desire to be principal of the Wayne school should it be bought.

The meeting of the board was like a reunion of old college "chumps." Secretary Luther P. Ludden, of course, was the first on the ground with the minutes of the meeting already prepared, and next came Treasurer Brian to unlock his office. Then the others and Principal A. O. Thomas of Kearney, and a general handshaking and expressions of good will occurred. The Rev. Mr. Ludden had a copy of the opinions in the normal board case and he explained to the board that the court not only swatted the law because it amended the Kearney normal law, but also, because the law amended another independent act, the Junior normal school act. Thus, in two particulars, the law was bad.

After the board got down to business Principal Crabtree came to the meeting with a hand full of vouchers and he cordially received regardless of the various rumors about his scalp now being a half inch off his head.

The members of the board left tonight for Omaha, where they will take an early train in the morning for Wayne.

H. M. Childs of York was re-elected president and Rev. Mr. Ludden secretary and Dr. Shellhorn vice president of the board.

IF Campbell's Soups cost two or three times the price you probably wouldn't hesitate to try them.

Campbell's SOUPS

If you could only see the prime meats and choice poultry and fresh delicate vegetables we use; and the perfect care and daintiness with which we prepare them all, you would realize that money cannot produce better soups. Why not give him your order now?

Culver's New Company.
Ed L. Culver of Omaha was sent to the state auditor copy of a proposed corporation, which the auditor has turned over to the secretary of state for action. The statement sent to the auditor is entitled an agreement in which Culver agrees to send to the agents of surety bond companies a copy of a publication which he will get out, giving the hints on how to secure new business, and he also agrees to publish a list of the various companies and represent the companies at meetings of the State Bonding board and keep track of legislation. The auditor interpreted the agreement to mean that Culver would act as a clearing house for the companies and prepare rates and act as general adviser.

As a member of the bonding board Auditor Barton is of the opinion Mr. Culver will have very little to say at the meetings of the board should he form such a corporation.

Shallenberger Spotted.
The National Free Labor association of New York has sent to the state officers copies of a circular which is circulating, showing Governor Shallenberger of Nebraska and the other members of the Board of Public Lands and Buildings has signed a contract with Max Cohen of Chicago for the use of convict labor in the manufacture of shirts. The letter says Max Cohen has a small membership and Sterling company and that this company has contracts in nine states for the use of the convicts. The object of the association, its literature sets out, is to fight convict labor when in competition with free labor.

Omaha Company Absorbed.
The Security Mutual Insurance company of Lincoln has taken over the Christian fraternal contracts with the consent of the state auditor. The last named company which had its headquarters in Omaha has a small membership and for the reason the auditor feared that a few deaths would put it out of business, so when the company proposed to be absorbed he gladly gave his permission.

The members of the board left tonight for Omaha, where they will take an early train in the morning for Wayne.

H. M. Childs of York was re-elected president and Rev. Mr. Ludden secretary and Dr. Shellhorn vice president of the board.

The proposed agreement between the traction company and the city of Lincoln will be discussed at an open meeting of the council Thursday night.

WOODARD OWES STATE TWENTY-TWO DOLLARS

State Accountant Winds Up Examination of Books at Lincoln Asylum.

(From a Staff Correspondent.) LINCOLN, Neb., Nov. 17.—(Special Telegram.)—State Accountant Tullies completed his investigation of the books at the Lincoln asylum today and his report shows that Superintendent Woodard is indebted to the state some \$22. This is due, said the report, to clerical errors on the part of the bookkeeper.

In the meantime Felix Newton, the deposed bookkeeper, forth an affidavit signed by J. M. Brown, former gardener at the institution, in which Brown said he had received all the coal delivered to the institution while working there, and one carload which was paid for as having been delivered in March, was never received at the institution.

"Hearing of the claim was filed for this car of coal by the Union Fuel company. Newton refused to sanction the payment, and it was held up on this account for several months until finally Superintendent Woodard came before the Board of Public Lands and Buildings and secured payment of the bill.

In the office of the secretary of state the secretary of the coal company said he intended to protest to Governor Shallenberger against the further employment of Newton at the institution.

Jury in Chamberlain Case.
BEATRICE, Neb., Nov. 17.—(Special Telegram.)—The jury to try the case of the state of Nebraska against Charles M. Chamberlain, the Lincoln banker, was secured late this afternoon. A number of witnesses were examined this evening. The trial of the case will consume a week or more.

Frank Chamberlain Arraigned.
BEATRICE, Neb., Nov. 17.—(Special Telegram.)—Frank Chamberlain was arraigned today in county court on the charge of shooting his sweetheart, Miss Mae Austin, with intent to commit murder. He pleaded not guilty and the case was set for hearing November 30. In default of \$2,000 bond he was remanded to jail.

McLean's Estate Growing.
HASTINGS, Neb., Nov. 17.—(Special.)—County Judge Button has received from the Bay State Trust company in Boston an envelope deposited there by Charles McLean, the supposed Schliater, showing deposits in various banks in the sum of over \$6,000. Schliater died a ward of the county here a month ago. A few days following his death evidences of his wealth were

HALF MINUTE STORE TALK

Josh Billings once said, "I don't care how much a man talks if he only says it in a few words." We didn't take the hint from Josh, but we quote his words to prove soundness of our proposition when we say a little about this store every day rather than say a whole lot once a week as used to be the clothing store way of advertising before this store opened.

TABLE ROCK—G. R. Martin died suddenly at his residence in this city while seated at the supper table. Mr. Martin was born in Indiana on January 14, 1846, and came to Nebraska in 1866. He served as county commissioner from 1887 to 1892 and as sheriff from 1904 to 1908 and was a leading business man here for many years. He leaves a widow and five children, as follows: Dr. R. W. Martin of Los Vegas, Nevada; Frank Martin of Table Rock, Charles W. Martin of Omaha, Merle Martin of Kansas City and Mrs. Roy H. Norris of Table Rock.

NEBRASKA CITY—The police arrested two women last evening, one charged with "running the growler," which is prohibited by ordinance. This is another of the features of Mayor Jackson's cleanup of the city. He has also prepared two ordinances which he will present to the council at its next meeting raising the salary of the policeman to \$60 and the chief to \$75 per month. He will also ask for an ordinance making it a punishable offense to drive on the wrong side of the street. He is going to enforce the latter ordinance and try a new police force with which to clean up the city.

CITY COUNCIL PROCEEDINGS

Market House on Capitol Avenue is Again Up for Debate.

CITY ATTORNEY TO INVESTIGATE

Councilman Berka Would Have Exact Status of Idle Building Fixed, So that Council May Take Action.

Capitol avenue market house made a new farrowed appearance at the meeting of the city council Tuesday evening. Councilman Berka introduced a resolution which was passed, reciting that the building is serving no useful purpose, is an incumbrance on the landscape, and has no particular reason for existence. Therefore the city attorney is instructed to investigate the status of the market house and inform the council what other purpose, if any, the building may be legally devoted to by the council, also if the council can remove the market house from its present location in the center of a street.

Employees of the health department will be paid their November salaries from the general fund, this step being authorized by a resolution introduced by Councilman Funkhouser, chairman of the finance committee.

Councilmen Kugal, Bridges and Schroeder were designated to confer with the city electrician and representatives of the various companies having poles in the sidewalk space on South Twenty-fourth street, below Leavenworth, with a view to having the poles removed and the wires placed underground. The companies concerned do not want to tear the poles out at once, and a compromise will be sought.

Opening of Twenty-second street, from Howard to Dodge, will be delayed some time because of a defect in the papers submitted to the council.

The city engineer was directed, by resolution of Councilman Bridges, to repair a dangerous washout on Fifteenth street, two blocks south of Vinton. A large quantity of the dirt in a deep fill has been washed out, taking a stretch of sidewalk with it.

The board of health was passed to pave Howard street, Ninth to Sixteenth, with brick, and Fourteenth, Howard to Davenport, with asphalt.

POSTUM

Has brought them Sound Sleep, Steady Nerves, Good Digestion, Clear Brains, Strong Hearts, Comfort and Health.

Why?

Coffee certainly does destroy the soft gray filling in the nerve centres and brain.

When that goes far enough you feel it—Nervousness, heart trouble, sleeplessness, headache, indigestion, or some form of ailment caused by a shattered nervous system.

Keep at the coffee until you prove it.

Then if you value comfort from sturdy health on properly built nerve cells quit coffee and take on POSTUM.

Then you quickly begin the rebuilding and no one need tell you.

YOU KNOW IT.

The elements are in Postum that Nature demands.

COFFEE THE CAUSE OF Various Ailments.

It does not require a scientist to discover that coffee is harmful. Plain common sense and the simple habit of looking for the cause of things, soon reveal coffee in its true light—that of a habit-forming drug.

"My family on both sides were confirmed coffee takers," writes a Penna. man, "and we suffered from nervousness, headache, sleeplessness, dizziness and palpitation of the heart."

"Medical treatment never seemed to do any permanent good. I thought there must be some cause for these troubles and yet did not find it was coffee until I was forty-one."

"Hearing of the benefit that many had derived from changing to Postum, I quit coffee and used Postum entirely. Now I am like a new man."

"I sleep well, can eat three good meals a day, have no headache nor palpitation, no nerve twitching in my face, and I don't have to pay out hard-earned money for medicines."

"That's my experience anyway."
