

LAST WORK BEFORE GAME

Nebraska Eleven Engages in Final Scrimmage Practice.

TEAM LEAVES TODAY FOR WEST

New Rooters Will Accompany the Players on Account of Distance—Good Sendoff is Being Planned.

LINCOLN, Nov. 17.—(Special.)—The Cornhuskers this afternoon held their last scrimmage before the Denver game, going through an hour of stiff work on a snow-clad field at the state farm.

The workout today was one of the best since the Kansas game, and the regulars made good gains through the scrubs. The variety forwards, showed the same excellent form that nearly defeated Kansas. The scrubs being checked effectively when trying some of their best offensive work.

On the defense the variety line in scoring three touchdowns on the second team. Shonks, the ne w game that he has exhibited to give this fall.

Several of Cole's new plays are made to depend upon the work of three of the linemen, and it is thought they will do a great deal toward scoring on the Denver eleven Saturday. Cole has decided to permit the line to do more offensive work than it has in any of the previous games of the fall.

Rathbone, fullback, who was not in the best form for the Kansas game, has fully recovered from his injuries and will be able to play a fierce game at Denver. He has done some terrific line plunging in practice this week.

Since seeing the Denver-Haskell game at the Colorado capital Saturday, Coach Cole has decided not to have his Cornhuskers use the on-side kick and forward pass very often. He believes "straight" line-bucking foot ball will be the most effective attack that his players can use against the Minn-

ters, and they will be directed to hit the line continually. Both the forward pass and on-side kick gained ground for Nebraska against Kansas, but Cole believes the Denver backfield is much superior to the Jayhawkers, and that it will be able to intercept these two plays.

Beltzer Boasting Well. Captain Beltzer has been boasting the ball for long distances this week, and Cole thinks he will be in condition to hold his own against Koehler's excellent boomer. Frank will do Nebraska's place kicking. The team will have instructions to try for goals from placement when they are within thirty yards of the Denver goal. The failure to do this in the Kansas contest probably lost the game for the Cornhuskers.

With the exception of "Red" Wolcott, right guard, the Cornhuskers are in excellent physical condition. Wolcott is suffering from a slight attack of tonsillitis, but will be in shape to play Saturday. Frank had a slight injury during the fore part of the week, but he has recovered. Johnson sustained an injury to his right knee in the Kansas game and is still bothered by it, but will be in shape for Saturday.

Unless the men are hurt in practice, tomorrow they will all go into the Denver game in just as good condition as they were at the time of any big game this fall. No scrimmage will be held tomorrow. A light signal practice will be the order for the early part of the afternoon at the state farm.

The Nebraska play will start for Denver tomorrow evening over the Burlington and will arrive there early Friday morning. A squad of two eleven will be taken. On account of the high rate for the trip no rooters will make the journey. An effort is being made to raise money to send the famous Nebraska cadet band, but this is not likely to succeed.

The Nebraska club at Denver is preparing to attend the game and root for the Cornhuskers. There are about 200 Nebraska alumni in and near Denver, and they will all be on hand for the game. The Cornhuskers will stay at the New Albany hotel in Denver. A light practice will be gone through by the team Friday afternoon at Broadway park in that city. Several hundred students will give the team a sendoff at the Burlington depot tomorrow afternoon. Classes will be dismissed for the occasion and the cadet battalion will march to the depot at the head of a procession of other students.

LIPTON STILL AFTER THAT CUP

Will Issue Challenge and Ask Rules Be Changed. NEW YORK, Nov. 17.—Sir Thomas Lipton will challenge for a race for the America's cup to be sailed in 1911. Sir Thomas made this statement just before sailing for Europe today on the steamer Laitiana.

Sir Thomas said he would have challenged for a race next summer had it been possible to get a boat ready in time. "If the New York yachtsmen insist on entering international cup races, I would stand no chance to win, and that would not be sport," he said.

Sir Thomas has conferred with the members of the New York Yacht club in regard to modification of the rules concerning the America's cup. What amendments, if any, he received, are not known.

WITH THE BOWLERS.

In the Omaha bowling league last night the Moloney's took three straight from the Advos, winning by nearly 300 pins. The high game of the season, 248, tonight no league game.

HAWKEYES OFF FOR KANSAS

Captain Gross Will Be in Game Saturday at Lawrence.

IOWA CITY, Ia., Nov. 17.—(Special.)—Iowa's football team left tonight for Lawrence, Kan., where the contest with the Jayhawkers will be played Saturday in the final game of the year on the Hawkeye schedule.

Scrimmage yesterday afternoon and today formed the final workouts preparatory to the Kansas game. With the exception of Bell and Captain Gross the men will be in good condition for the final test of Coach Gross' strategy.

Gross was out in his suit today, the first time since the Ames game. A special apparatus has been fixed for the injured leader and he is expected to be in shape to play a fair game for part of the contest. Bell sustained a broken bone in his hand earlier in the year. He will not be called upon unless Gross is compelled to go to the side lines.

With Gross in good condition the Hawkeyes would be favored to win. Because of the captain's condition Iowa will concentrate on holding the powerful Kansas back line. To finish a season with credit is the ambition of the present team, and the members intend every effort toward developing a fighting spirit which will last two halves.

DUNN BUYS BALTIMORE TEAM

Eastern League Club Now Property of the Second Base Man. BALTIMORE, Nov. 17.—The Baltimore Eastern league club was sold today by Edward Hanlon to former Manager Jack Dunn. The consummation of the deal came at the conclusion of a long conference between Hanlon and Dunn and other attorneys, which was the result of negotiations that have been on foot for a couple of months.

The title of the property sold is the Baltimore Base Ball and Exhibition company. The actual property is the Eastern League club and franchise. Hanlon became sole owner a few days ago. Dunn has for the last two seasons been manager of the club, playing second base. He says that he purchased it for himself. The price is withheld. With the club goes a lease of the base ball grounds covering several years. Dunn is a resident of H. Knapp, is one of the directors, as is Wilbert Robinson, well known as one of the Baltimore club when this city was represented in the National league. Hanlon secured control in 1908. Prior to coming here Dunn was manager of the Providence team.

POLICEMAN AGAINST BLACKSMITH

Details Arranged for Wrestling Bout November 27. Details for the wrestling match between Policeman C. A. Jensen and Blacksmith Jack Meyer, to be pulled off at Washington hall the night of Saturday, November 27, are about completed. Preliminary to the main bout there will be a match between Mike Chester and William Kirby, claimed to be the two best men of their weight, 160 pounds, in Omaha.

Considerable interest is being taken in the Jensen-Meyer match and a number of applications for tickets have been made by the fans. The promoter, Charles H. Knapp, announced that several challenges will be made to the winner.

MICHIGAN ALUMNI WILL BANQUET

Will Celebrate on Saturday Night Whether Team Wins or Loses. Michigan plays Minnesota Saturday. On the same day Chicago plays Wisconsin. On the results of these games will be determined which college will be the foot ball team in the west. Alumni of the University of Michigan are taking time by the forelock and will give a banquet Saturday night at the Rome hotel at 6 o'clock to celebrate the victory.

Michigan won over Minnesota. Should Minnesota win, however, as many think they will, the Michigan boys will claim the victory. Prior to coming here Dunn was manager of the Providence team.

Garfield and Eliot Talk on Conservation

Former Secretary Says Laws Do Not Safeguard Interests of People in Alaska Coal Lands. CINCINNATI, O., Nov. 17.—Plans for the government regulation of monopolies were discussed tonight by the joint convention of the National Municipal League and the American Civic association by former Secretary of the Interior James R. Garfield and Charles W. Eliot, president-emeritus of Harvard. Both spoke on the conservation of natural resources and both declared that it was imperative that the government take immediate steps toward that end.

Mr. Garfield asserted that the country's natural resources are in imminent danger of exhaustion and that the interests which develop this source of national wealth must be regulated. Mr. Garfield also maintained that the interests of the people were not being properly safeguarded in the Alaska coal fields and that legislation on that subject was urgently needed.

GRANITE CUTTERS ON STRIKE

Dispute Over Pneumatic Hammer May Tie Up Industry in State of Vermont. BARRÉ, Vt., Nov. 17.—A complete paralysis threatens the granite industry in Vermont unless an adjustment of differences between the manufacturers' association and the cutters' union is reached within the next fortnight. Today 4,000 cutters in Barre, East Barre, Montpelier, Williams River and Waterbury struck because of trouble with the beds at Northfield where a pneumatic hammer was objected to on the ground that it emitted so much dust that the cutters were unable to perform their work satisfactorily. The men threw out 2,000 pounds of granite and tool handles. The men are still at work, but if the trouble is not settled within a short time 6,000 new jobs will be joined by thousands of other employees.

MOTORMAN IS INDICTED

Man in Charge of Car Which Killed Mrs. Hubbard at Washington Held by Grand Jury. WASHINGTON, Nov. 17.—An indictment was returned today by the grand jury against Samuel C. Wiles, the motorman who was in control of the trolley car which collided with the automobile of Mrs. Gertrude M. Hubbard, widow of the late Gardner Hubbard, in the suburbs of this city recently, causing her death. The indictment charges manslaughter.

AFFAIRS AT SOUTH OMAHA

Storm Hinders Stockmen in Shipments of Cattle.

SHADE TOO THICK IN PARK

South Omaha Board at Special Meeting Decides on Improvement at Spring Lake—Foot Ball Dance. The severe rainstorm of Friday and Saturday which turned to snow in the west Saturday evening and Sunday was continued Monday in the western section of Nebraska and had a marked effect on the South Omaha market Tuesday. The lightest receipts for Tuesday were recorded. Other days of the week such as Friday and Saturday often show receipts as small, but as a rule Tuesday is the best day on which to do business. Figures yesterday were 3,000 cattle, 3,000 hogs and 1,500 sheep. Accordingly all the prices jumped higher. Hogs got up to \$3.05. Good lambs to \$7.00 and prime beef to \$12. The advance was not extraordinary for the trend of prices has been upward for over a week.

Meeting of Park Board.

The South Omaha Board of Park Commissioners held a special meeting last night at the offices of J. H. Kopetski to attend to the details of the monthly bills for salary and expenses. In addition to these items the board decided to have a number of trees cut in Spring Lake park. These trees are a number which have been crippled by windstorms and which are unsightly. In some parts the trees are so thick that the grass will not grow well. These are to be thinned out. It is thought this work will cost the board nothing as the sale of the wood taken out will pay the expense of the work. It was expected that the board might take up the proposition of purchasing another park. The Barrett tract is under consideration. Nothing was done in matters. Two members of the board were absent.

Magic City Gossp.

Jetter's Gold Top Beer delivered to any part of the city. Telephone No. 8. THAT BOY will be pleased in a pair of our high-cut shoes. Many kinds. Cressey. Mrs. George Steward has gone on a visit to Oklahoma. She will be gone about four weeks. LADIES—See our new Gun Metal button dress shoes at \$3.00. Cressey.

Senator Aldrich Ends His Tour

Night Speech at Detroit Devoted to Discussing Objections to Central Bank. DETROIT, Mich., Nov. 17.—This was Senator Aldrich's last stopping place on his tour of the middle west in the interest of monetary reform. He was entertained here at luncheon yesterday by the Detroit Board of Commerce and at dinner tonight by the Detroit Bankers' association and spoke on both occasions.

Mr. Aldrich left in a special car at midnight for New York, where he will arrive tomorrow night. Mr. Aldrich has visited the states of many of the insurgent republican senators who opposed him on the tariff bill but he has never referred to the tariff controversy nor indicated any concern over the possible attitude of the insurgents, with reference to the proposed monetary bill. In Chicago he met Senator Cummings and the two followed to the city of St. Louis, where they were met by Frederick V. Bowers and Elizabeth Van Sell the story of a commencement day at Colton college is well told.

SWINDLER'S VICTIM FOLLOWS HIM TEN THOUSAND MILES

Anderson, Ind., Nov. 17.—Knowing that the bones of the man that swindled him of \$3,000 lie bleaching in the sands of the southern California desert, Newton A. Grabbill, a mill owner of Daleville, returned home today, after a 10,000-mile trip, to see his creditors. He is leaving his home dead, but petitioned the Delaware county court to wind up his estate. Grabbill is 72 years old.

One day last June Grabbill was approached at his mill by a man who said he represented a brokerage firm in Chicago. The stranger had prospectuses of a gold mine in Colorado and persuaded Grabbill that it would be a profitable investment for his savings. Grabbill gave the man \$3,000 in cash and made an appointment to meet him in Indianapolis and turn over the remainder of the money he intended to invest.

At Indianapolis Grabbill learned that he had been tricked. Angry, he took up the trail of the swindler. First it led to St. Louis and then to Denver. From that city in New Mexico, Arizona and California followed. The confidence man knew the victim was on his track and he doubled through the southwestern states.

At length the swindler crossed the border into Mexico, with which country he evidently was familiar. Grabbill engaged a Mexican detective and the two followed the swindler into the California desert. The pursuit wore Grabbill out and he stopped, but the detective pressed on. Within a few weeks the detective returned to Grabbill and gave him proof that he had caught up with the swindler at a lonely ranch house; that the foe and that he shot the swindler dead. His body was buried in the desert.

Satisfied that in this final deal he was getting his money's worth, Grabbill paid the detective and set out for Indiana.

Leaving off for Luccania. NAIROBI, British East Africa, Nov. 17.—J. Alden-Loring, the naturalist of the American hunting expedition left today for Luccania Hill.

Washburn Crosby's Gold Medal Flour. Advertisement for flour with a large illustration of a man carrying flour bags and a calendar for the month of November.

COCEX NATURE'S CURE FOR RHEUMATISM. In a disease so painful as Rheumatism, medicines containing opiates and nerve-quieting drugs are often used. Such treatment is dangerous not only because it frequently causes the patient to become addicted to the drug habit, but medicines of this nature are always injurious to the system. Rheumatism is a disease of the blood, and its cure depends entirely upon a thorough purification of the circulation. As long as the blood remains saturated with uric acid, an inflammatory condition of the nerves, muscles and tendons of the body will exist, and the pains, aches, soreness, and hot, feverish rash of Rheumatism will continue. The one safe and sure cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely of the healing, cleansing juices and extracts of roots, herbs and barks from the natural forests. S. S. S. does not contain anything that is in the slightest way injurious to the system. It is absolutely and purely vegetable, and free from opiates or sedatives of any kind. S. S. S. cures Rheumatism by removing the uric acid from the circulation. It makes the blood pure, rich and healthy so that instead of depositing sharp, uric acid impurities into the muscles, nerves, joints and bones, it nourishes every portion of the body with natural, healthful properties. Book on Rheumatism and any medical advice free to all who write and request it. THE SWIFT SPECIFIC CO., ATLANTA, GA.
