ALCOHOLISM CURED THROUGH HYPNOTISM

Des Moines Minister Called to Exercise His Skill Upon Prisoner in Jail.

(From a Staff Correspondent.) DES MOINES, Nov. 23.--(Special Telegram)---Rev. Thomas Cassidy, of the Episcopal church here, has undertaken the task of erasing the cure by hypnosis of H. W. Cook, a prisoner, in jail for intoxication.

Are college degrees for sale in Iowa? And if so, are they worth anything to the purchaser? These are questions which have been bothering Superintendent Riggs of the department of instruction.

College Degrees Without Standing. The Standard Oil company of Iowa, it is not known here if any business is done by the Standard company of Iowa. It is not anticipated by state officials of Iowa that any effect will be had on the Iowa companies or business by the court decision at St. Paul.

Standard Oil in Iowa. The Standard Oil trust has long maintained two subsidiary companies under the Iowa statutes, but does no business in Iowa with either one.

Collateral Inheritance Tax. Collateral inheritance taxes to the amount of probably \$15,000 or \$20,000 will be turned into the state treasury when there is settlement of the estate of the late Joseph Storm of Woodward.

Miss Florence Kinkaid, Niece of Congressman, Becomes Bride of Major Walton.

DETROIT, Mich., Nov. 23.--(Special Telegram)---The wedding of Miss Florence Kinkaid of Omaha, niece of Congressman M. T. Kinkaid of Nebraska, to Major A. E. Walton, adjutant general of the Michigan Patriarch Militant branch of the Independent Order of Odd Fellows, will take place at the residence of Frederick W. Davis at 8 o'clock this evening.

Omaha Traction Case is Argued to Commission

Complaint About Watered Stock---Bonds Issue Declared Not in Proper Form by Lawyers.

(From a Staff Correspondent.) LINCOLN, Nov. 23.--(Special)---The complaint of H. H. Howell and others against the Omaha and Council Bluffs street railway company was argued before the railway commission this afternoon.

The argument came up on the demurrer filed by the street railway company. The commission has taken the matter under consideration.

The complaint asked that the State Railway commission find the physical valuation of the street railway company; prohibit it from declaring any dividends or paying any interest on bonds until the physical valuation equalled the outstanding stocks and bonds and make extension and permanent improvements until the physical valuation equalled the outstanding obligations; to reduce fares in accordance with the valuation of the company as found by the railway commission.

Mr. Webster contended that the State Railway commission had no authority under the law to find the physical valuation of the railway system, because of the passage of the 1909 physical valuation law, which provided that first the steam ways must be valued. When this is done, then the commission has authority to find the valuation of other public service corporations.

Mr. Webster contended that the State Railway commission had no authority under the law to find the physical valuation of the railway system, because of the passage of the 1909 physical valuation law, which provided that first the steam ways must be valued.

Mr. Webster contended that the State Railway commission had no authority under the law to find the physical valuation of the railway system, because of the passage of the 1909 physical valuation law, which provided that first the steam ways must be valued.

Copper Stocks Drop Sharply

Report Standard Oil Decision Will Stop Consolidation Causes a Slump.

NEW YORK, Nov. 23.--Following a quiet though somewhat feverish opening of the stock market today there developed in the first hour an outburst of selling orders in the securities of Amalgamated Copper, which sent that stock down from 29 1/2 to 27 1/2.

The heaviest decline recorded in the first hour were in Smelters, which dropped from 10 1/2 to 9 1/2 and Reading, which fell off a point. Steel common sold down to 5 1/2 from the opening price of 5 3/4.

Accompanying the outpour of stocks were signs of operations for the short account. Reports that the proposed merger of the copper properties would have to be abandoned owing to the federal courts' decision in the Standard Oil case were said to be responsible for the sudden decline in the market.

The heaviest decline recorded in the first hour were in Smelters, which dropped from 10 1/2 to 9 1/2 and Reading, which fell off a point. Steel common sold down to 5 1/2 from the opening price of 5 3/4.

STATISTICS UPHOLD THE UNITED DOCTORS These Specialists Treat and Cure More Than All Others.

INTERESTING COMPARISON OF FACTS Their Treatment Also Cures Largest Per Cent of Patients.

Everyone knows that there are many cures to the credit of each school of medicine. The Allopath has been treating sick people and curing disease for hundreds of years, also the Allopath has allowed many to die who should have been cured.

Of 133 cases treated by the United Doctors in Omaha, in a given time, statistics show 100 cures, 23 who were benefited and only 33 failures. This is only a fraction over 2 per cent of failures, while statistics show that the other schools have near 50 per cent of failures.

Woman Shot by Small Boy. SIOUX FALLS, S. D., Nov. 23.--(Special)---As the result of a peculiar accident "Grandma" Kenyon, an aged and highly respected resident of the little town of Naples, was seriously wounded and narrowly escaped with her life.

Dependent Man Hanged Himself. SIOUX FALLS, S. D., Nov. 23.--(Special)---A young man named George Barnes, aged 21, who it is known has relatives at George, Ia., and who is believed to have formerly been a resident of that place, committed suicide by hanging, at Chester, a small town on the South Dakota Central rail-

road north of Sioux Falls. He hung himself in the loft of a livery barn. He was in poor health and this and the fact that he had been unable to secure light employment, which would be within his strength, is believed to have caused him to take his own life. He had been making his headquarters at the livery barn, where some of the men sympathized with him and provided him with the necessities of life.
