ALL STAR TEAM FOR IOWA

Deporter Gives State University Four Men and Drake Three.

IOWA CITY, Ia., Nov. 27.—(Special.)—Erratic play on the part of the stars and the number of injuries to the better players make the selection of an all-Iowa team a difficult proposition this year in comparison with past seasons.

Following is the all-star list: Coppess, Cornell, left end; Feidig, Cornell, left tackle; J. Wilson, Drake, left guard; E. Ames, center; E. Ames, right guard; Gross, Iowa, right tackle; E. Ames, Iowa, right end; E. Ames, Iowa, left tackle; Merner, Normal, left halfback; Burcham, Drake, right halfback; Murphy, Iowa, fullback.

MARGIN IS NARROW

Because of the increased number of Class A players in the state the margin between the first and second teams is a narrow one. Todd of Ida Grove, Baird of East High and Horlein of Iowa City have earned their rank on the first eleven, and to Baird is given the captaincy of the All-Iowa. Last year Baird relied on his speed, but this year, when he mixed brains with his feet, he developed into one of the greatest halves Iowa has ever produced.

ENDS ARE EVEN

The ends are picked as very even, and while Hunt of West High and E. Martin of Grinnell seem to have the call on the first team, Fobes of Ida Grove and Hiles of North High are very close, and Sellers of East and March of Ida Grove are among the best the state has produced.

THREE SOTS OF GUARDS

The three sets of guards are very closely matched and their selection was determined by submitting the problem to a number of old students of the game. The guards watched the play of every man. Blackwood's play has been interfered with to some extent by injuries, but the fact that he is the choice even then shows how well he is considered not only by those who have watched his work, but by those who have played against him.

THEY DO IT DIFFERENT HERE

Vienna, Nov. 27.—The other afternoon the famous trotting course on the Prater was the scene of such scandalous excesses as have never before been witnessed there. A race course crowd is notoriously prone to give vent to its feelings, especially when it thinks that an injustice has been done to its pockets, and it was this idea which led to a battle royal in which a good deal of blood was spilled, heads were broken, and much miscellaneous damage done to property.

WOODHINE DEFEATS TIGERS

WOODHINE, Ia., Nov. 27.—(Special.)—The Woodhine boys, who have not been crossed this year, defeated the fast Tigers of Omaha on Lansdown field, Thanksgiving day, score, 21 to 0. Woodhine easily outplayed their opponents scoring almost all the points. Ladd, Umpire, and his boys were the heavy ground-gainers for Woodhine, while Woodhine's big half for the Tigers, did the work of two.

DRIVES CONSUMES OVER EIGHT MINUTES

Since there are difficulties in running a motor car at extremely low speed it takes skill to win a "slow race" as well as to win an ordinary high-speed contest. Ray Colcord, driving an eighteen-horse power car, recently won a "slow race" in Oklahoma City. Carrying three passengers, he took eight minutes and forty-five seconds to go a half mile on the high gear.

SLOW RACE INSTEAD OF FAST

WOODHINE, Ia., Nov. 27.—(Special.)—The Woodhine boys, who have not been crossed this year, defeated the fast Tigers of Omaha on Lansdown field, Thanksgiving day, score, 21 to 0. Woodhine easily outplayed their opponents scoring almost all the points. Boston Club May Change Its Owners

Plan is Said to Be Under Way to Have the Control of the Club Transferred from Dovey.

NEW YORK, Nov. 27.—Among the major league ball magnates it is rumored just now that the ownership of the club owned by the Boston National league club will come up for considerable discussion. It appears that a majority of the National league men are anxious to bring about a change in the way the game has been handled at the old South End grounds in the Hub and that some of them will doubtless advise John Dovey, who controls the club, to sell out to one of several bidders.

From the beginning of the Dovey ownership, however, the Boston National league club did not find much popular favor in Beantown, partly because of the American league's strength there and partly because of the Dovey team could not play good ball. When George B. Dovey died the club's control passed into the hands of his brother John and at the same time the team continued to go from bad to worse.

FUEL ECONOMY THE BIG THING

Manufacturers Are Now Shooting at the Established Record. Gasoline economy contests are coming to have increased significance to motorists. Since the recent establishment of the world's economy record by a Franklin touring car, which went 41 miles on one gallon of gasoline in the competition held by the Automobile club of Buffalo, there is growing recognition of the fact that fuel economy has a direct relation to the operation of the automobile.

MURPHY NOT INTERESTED

PHILADELPHIA, Nov. 27.—(Special.)—The new president of the Philadelphia National League club, in a statement tonight denied the reports that he was interested in the Chicago club. Charles W. Murphy of the Chicago club is financially interested in the local team, but he has no intention of selling himself to any candidate for the presidency of the National league.

SUCKER IS THE REAL WISE GUY

It Does Not Pay to Make People Think You Know Too Much. COFFROTH WILL BE ON THE JOB.

Some Hail from Farms and Others from Mines. NEW YORK, Nov. 27.—The meteoric stars of pugilism, in great measure, are the raw, unheeded youngsters who come from nowhere, show class and quality when they first appear in the fight company, and then go along the line whipping everyone while youthful strength remains unimpaired by foolish dissipation.

NEW YORK, Nov. 27.—"It's all right to be a wise guy, but don't let the other fellow know it. If you do, everybody will steer clear of you, fearing they will get the worst of it on any kind of a proposition."
