The Knock-out Blow

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but to the stomach we are utterly indifferent, until disease finds the solar plexus and knocks us out.

Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures weak stomach, indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol-pure, triple-refined glycerine being

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Golden Medical Discovery." The dishonest dealer sometimes insist that he knows what the proffered substitute is made of, but we don't and it is decidedly for wer interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Golden Medical Discovery. If not promptly supplied trade elsewhere.

Send 31 ohe-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound. Address Dr. Pierce as above. Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

ings in booming the city and more tall about education.

about education.

The Board of Education of New York City has decided to build an eight-story high school building at Irving Place. The building is estimated to cost 10,000,000, will accommodate 6,000 pupils, and will have four elevators. One of the features of this highest high ethool will be an assembly hall seating 1,600 persons. hall seating 1,600 persons.

Prof. J. B. Miner of the University of Minnesota declares that the list of beckward students in that institution is four-fifths made up of students from well-to-dofamilies. Henry Van Dyke in a recent paper in Scribner's Magazine also tells of the handicap which is found to rest upon the sone of wealthy parents as they are rated in scholarship in various universities.

Of a recent class of Harvard college the members report their probable occupations as: Bouiness 136: law its engineering is teaching 47 medicine 48; journalism is architecture 16; the ministry 12 and chemistry 1 Therefore, out of a total of 47, leaving out all men whose callings are classed as miscellaneous and who are undecided business claims ill per cent; law, it percent; engineering if per cent; teaching it Il percent; engineering, if per cent; ing 10 per cent; medicine, 5 per cent a 4 per cent; architecture, I inistry, I per cent, and the
