Statement of Switchmen, Speaking for the switchmen tonight, President Hawky said:

We have no further communication from the railroad officials. The switchmen have been fair in their requests.

We want an advance of 6 cents an hour in pay and the elimination of overtime and Sunday work as far as possible and the request for double pay for overtime is in the nature of a penalty more than anything cire as we want to discourage overtime, Sunday and holiday work. We also a time. ask for a modification of the physical requirements and age limit rules. Examination for employment on railroads are now as tigid as those required for service in the regular army.

"I have never seen a time when the men were so thoroughly organized and ready for concerted action as in the present instance. This Strike will result in the most complete tieup of railroad traffic in the territory effected that has ever been known, not even excepting the great strike of 1894. From now on not a switch engine! will move in the territory between the head of the lakes and the Pacific coast.

Tried to Avoid Strike. The switchmen greatly regret the action that they have been forced to take We dld not wish a strike and used every reasonable means to avoid one. And I am quite positive that if we had to deal only with the officials of the Northwestern rallroads, instead of with the general commit-

Sweeping Reforms in Navy Administration Ordered by Secretary.

TO BE ORGANIZED FOR BUSINESS

Changes Will Forestall Attempt to Reform Department by Legislative Action-Victory for Line Officers.

WASHINGTON, Nov. 30 -By inaugurating his comprehensive plan to reform in the Navy department tomorrow Secretary Meyer will forestall probably all attempts at congressional reformation of the department for the present. At the present time he will ask only that the bureau of equipment be abolished, which can be accom plished by congress alone.

A year hence if his reforms are found to be an satisfactory in practice as they appear on paper, he will ask congress to make permanent the changes by enacting

ZELAYA OFFERS TO RETIRE

Nicaraguan President Makes Overtures to Revolationary Party.

ESTRADA SPURNS COMPROMISE

French Citizens File Formal Complaint They Have Been Robbed and Threatened by National Troops,

WASHINGTON, Nov. 30 -- President Zeaya has made overtures to the revolution ists intimating his willingness to retire from the presidency of Nicaragua provided congress be allowed to select a provisional president in his stead. The news comes from the United States

consulate at Bluefields and was sent late Sunday night. The dispatch says that a recognized repesentative of Zelaya has telegraphed as adroitly worded dispatch to the revolu-

tionists to the effect that it is rumored that Zelaya, recognizing the weakness o congress, all of the delegates to which are named and controlled by him, with a view to the selection of a provisional presi-

General Estrada has sent the following

The government of General Estrada. ompletely assured of an ultimate triumph and much stronger than Zelaya, who, with his accomplices, owe reparation to the country, and Estrada being the unanimou choice for president of the liberal party. alded by the conservatives, will not accept any terms other than the recognition f the provisional government established. The transport Buffalo was reported today

as having arrived at Panama. It will be her mission, in case of a demonstration against Zelaya in Nicaragua, to take narines from the Isthmus of Panama to Corinto on the Pacific coast of Nicaragua. Orders for the movement of the marines

o Nicaragua have not been issued by the Navy department, nor will they be until the State department gives the word. Execution Was Illegal.

General Frederick Grant's reported utterances regarding the killing by President Zelaya of the two Americans, Cannon and Groce, probably will not be a subject for action by the secretary of war. Legal officials of the government, how

ever, well versed in international law take a view of the matter entirely at variance with those of General Grant and hold there could be no legal or other justification for the killing of Cannon or Groce.

The convention held at The Hague July 29, 1909, in respect to the laws and customs of war on land, to which, it is said, Nicaragua subsequently declared its adhesion, provides that all armed forces of belligerent parties shall have the right to be treated as prisoners of war and to be equally treated.
