Nebraskans Charge Matter Was Rushed Through Refore Arrival of Kansas Representative, Whose Train Was Late.

LINCOLN, Dec. 1 -- (Special.) -- Members of the Nebraska Athletic board are completely disgusted with the attitude that certain Missouri valley conference representatives took on the foot ball training table at the annual meeting of the "Big Seven" delegates in Des Moines last Saturday.

At that meeting it was voted, 4 to 2, to abolish the training table, Nebraska and Missouri voting in the negative and Kan-

It was only a year ago that the same members of the conference took the same ference. action, and the training table would have been lost to the "Big Seven" but for the later action of Nebraska, Kansas and Missouri, who united and brought the matter up for a second vote, which resulted in keeping the table.

RARBER, N. C., Dec. 1.—The all-age stake of the Pointer Club of America was clare that it was little short of an insult for Iowa and the three other schools to force the training table question to an issue again. It was settled last year, argue the Cornhusker mentors, and it should have been left undisturbed.

Iowan Rushes the Question,

The manner in which the lowa representative rushed the question before the conference has made the Cornhuskers mad. On Saturday, when this matter was brought up, there were only six of the seven schools represented. Prof. McClung of the Univermeeting, but his train was very late. Prof. trials.

The Pointer Club Derby will be started cast his vote in favor of retaining the training table.

The lows representative was aware of this and moved, as soon as the meeting was opened, to consider the foot ball training table among the first business. This was done, and, with Iowa, Ames, Drake and Washington voting to abolish the table, Nebraska and Missouri were not enough to keep the table from going. A rule of the conference requires a two-thirds vote to pass a measure. Had Prof. McClung been present, the vote would have been 4 to 3. and the table would have been retained.

Prof. McClung declared he would have voted for saving the training table, and said that he would bring the matter up before the next meeting of the conference. He will be able to do this, for a conference permits any member of the conference to reject any measure within sixty days after brings the measure up for a second vote,
