

Cloaks Saturday we announce a Special Sale of \$25.00 Coats, made of the English Tweeds, at-- \$17.50 Each. All wool materials—10 styles to select from—Dark and light mixtures.

BLOW TO TRUST METHODS Decision of Dakota Court in Discrimination Case Far Reaching. SUPREME JUDGES SCORE EGAN

Decision Refusing to Reinstatement Lawyer is Couched in Strong Language and Conceded in by New Members of Court.

PIERRE, S. D., Dec. 3.—(Special.)—In the decision of the supreme court in the opinion by Whiting sustaining the lower court in the case of State of South Dakota against Central Lumber Company, which was tried in McPherson county, the court has sustained in every particular the anti-discrimination act which was passed by the legislative session of 1907. It appears from the record that the appeal taken to the supreme court was on the grounds of constitutionality of the act, and while the testimony showing discrimination was shown, the company placed its faith on the question of constitutionality as the one point on which they hoped to win.

Under the law, the company is liable to a fine of anywhere from \$500 up to \$10,000, and it is barred from doing business in South Dakota. This decision is a far-reaching one and covers the first case under the unfair discrimination act, and is one on which Attorney General Clark has been making a fight for over a year. It is, in fact, really a test case under the law, and backed by the decision of the supreme court, there is little to be feared for the future of the law, which such discriminations as are alleged in the complaint against the Central Lumber company are being carried on within the state by the large corporations who are able financially to carry on such campaigns to crush efforts of independent dealers to operate competing business in the state.

Supreme Court Scores Egan. The decision of the supreme court in the application of George W. Egan for reinstatement to membership of the bar of the state was written by Justice Whiting, and concurred in by Justice McCoy and Justice Smith. On account of the peculiar conditions in relation to the case, Justice Whiting in his opinion, which covers fifty typewritten pages, goes not only into the legal phases of the case, but in fact includes practically a complete history of the affairs in which Mr. Egan has been concerned, which led up to the present situation.

He takes up first the legal phases of the case, then shows in detail the tactics of Egan in carrying on his campaign, both in the newspapers and in other manner in his attacks upon the integrity of the courts of the state, and the judges of such courts. In one part of the opinion he assumes that it is fortunate that a majority of the present membership of the court has become a bandwagon, and brings a charming bride with whom he has "kept" in the person of the late Mrs. Egan. Senator Clark of Wyoming and Representative Mondell have arrived, and Senator Warren is expected to reach Washington tomorrow.

NEW YORK, Dec. 3.—A big army balloon which was sent up by the United States army proving grounds today near Fort Hancock at Sandy Hook withstood a shower of bursting shrapnel fired at it at intervals from the fort. Officers at Fort Hancock declined to discuss the test, but spectators who gathered were able to see that the gas bag was not damaged. This was confirmed when the balloon was lowered to the proving grounds at dusk.

Several days ago a balloon was hit by cannon shots from Fort Hancock and was seen to collapse and fall. The tests are being conducted as secretly as possible, with a view to perfecting the army in the rudiments of aerial warfare.

Iowa Dealers Demand Liens on Goods Sold Implement Men Instruct Legislative Committee to Secure Stringent Collection Laws.

(From a Staff Correspondent.) DES MOINES, Dec. 3.—(Special Telegram.)—The Iowa Implement Dealers' Association before adjournment directed its legislative committee to work for an amendment to Iowa laws that will give the dealer a lien on all goods until they are paid for. They also resolved in favor of the state erecting a manufacturers' building on the state fair grounds, and made a request that manufacturers exhibiting at the fair shall not make sales there. A demand was made for cheaper freight and express rates for machinery. No action was taken looking toward the increase of the retail price of machinery. W. J. Howard of Schaller was elected president, J. R. Vaughan of Waterloo vice president and W. F. Smith of Winterest a director. Secretary Armincknecht of Des Moines was re-elected secretary.

A conference was held today in the office of the secretary of state with representatives of the Standard Oil company over the question of inspection of naphtha in Iowa. Some of the inspectors insist on including it in the inspection and others do not, though the law names it as an illuminating oil. The companies seek to have the inspection abandoned because it is claimed that naphtha is never used for an illuminant.

MRS. DOXEY GOES THROUGH OMAHA (Continued from First Page.) G. Albert, her counsel, a nurse and Marshall Matthews of St. Louis. It was not until today that she was informed that a murder charge had been filed against her, the nature of the accusation being withheld for fear it would heighten her illness. She was eager to confront her accusers and summoned her doctor and lawyer for advice. Through in low physical condition they consented to her departure. She was taken to the train on a stretcher.

A preliminary hearing on the original charge of bigamy was to have been held this afternoon. County Attorney Hensley dismissed the charge to permit her departure. Dr. Doxey is involved. ST. LOUIS, Dec. 3.—The local coroner's office announced that preparations for the formal inquiry into the death of W. J. Erder, of whose death Mrs. Doxey is accused, are completed. The inquiry will begin immediately after Dr. W. H. Warren, who yesterday made affidavit that he had found arsenic in Erder's body, has made a final report.

Circuit Attorney Jones yesterday refused to issue a warrant for the arrest of Dr. Loren B. Doxey of Columbus, Neb., charging him with being the accomplice of his wife, Mrs. Dora E. Doxey in the murder of Erder's sister, Miss Kate Erder, showed Circuit Attorney Jones a telegram from Reeder and Lightner her Columbus attorneys saying, "June 12, Dr. Doxey ordered of a druggist here (Columbus) cocaine of soda, a preparation of arsenic, and sent it to Mrs. Doxey at St. Louis. See U. S. Pharmacopoeia for action of this poison. We think he ought to be held also."

Suggested Marriage with Doxey. Miss Erder claims a Mrs. Erder will testify that Mrs. Doxey, shortly before Erder's death, introduced Dr. Doxey to her at a St. Louis hotel, where the Doxey's were guests, as Mrs. Doxey's cousin. Miss Erder today said that before her brother was married to Mrs. Doxey the latter handed her Dr. Doxey's card, saying: "Here is a friend of mine who would make a pretty good match for you and added, 'He is not the kind of a man who would appeal to me.'" Miss Erder says: "I laughed at her, suggesting that I marry a man who did not appeal to her."

Circuit Attorney Jones says he will endeavor to prove Mrs. Doxey was in company with Erder, while William J. Erder during his last illness and that she gave him food and medicine. It is not known how the state will try to prove that she administered the poison in Erder's food. Miss Erder has been Mrs. Doxey's neighbor. Almost single-handed she worked up the evidence on which the warrants were issued. She has filed suit to have set aside the action by which Mrs. Doxey obtained the insurance.

INQUEST OVER ERDER'S BODY State Alleges Mrs. Doxey Put Poison in Victim's Food. ST. LOUIS, Dec. 3.—The coroner late today completed arrangements to hold an inquest over the body of William J. Erder, coroner Baron expects to have the complete report of the chemist by Monday and it is possible the inquest will be held on that day. The state alleges Mrs. Doxey put arsenic in Erder's food. She lived with him as his wife.

Mrs. Doxey on her arrival here will be turned over to the sheriff and the information against her will be read. If her condition is serious she will be placed in the city hospital under guard. If she is not taken to the hospital she will be placed in jail or a judge may allow her to give bail, even though she is charged with first degree murder.

Western Men in Washington Ready for Work Major Part of Nebraska, Iowa and South Dakota Delegations Reach Capital.

(From a Staff Correspondent.) WASHINGTON, Dec. 3.—(Special Telegram.)—Each incoming train carries as part of its burden two or more members of congress, ready for the opening of the first regular session of the Sixty-first congress, which convenes next Monday at noon. According to those at the senate and house postoffice, there are at present about 100 members now in Washington ready to take up legislative duties when the gavel falls.

As to Nebraska, Senator Burkett is here, and his colleague, Senator Brown, is expected to reach Washington Saturday. Of the representation in the house from Nebraska, Messrs. Norris and Kindred have arrived, while Representatives McGuire, Hinkshaw, Hitchcock and Latta are expected to be present at roll call when the house meets.

Of the Iowa delegation, Senator Cummins has arrived, and Senator Dolliver is expected within the next twenty-four hours. Representatives Dawson, Woods, Hull and Hubbard have reported. The South Dakota senators have arrived. Senator Gamble, with his wife, arrived from Yankton last night, and with their son, Ralph, will occupy apartments at the Portland. Ralph Gamble, son of the senator, has entered for the law course at Georgetown university.

Leonard Underwood, who has been with Senator Gamble as his private secretary for some years, returns to Washington this session on his old job, but during recess has become a bandwagon, and brings a charming bride with whom he has "kept" in the person of the late Mrs. Egan. Senator Clark of Wyoming and Representative Mondell have arrived, and Senator Warren is expected to reach Washington tomorrow.

RECEIPTS FROM PUBLIC LAND Amounts Credited to Various Western States and Set Apart to Reclamation Fund. (From a Staff Correspondent.) WASHINGTON, Dec. 3.—(Special Telegram.)—Nebraska is to receive, on account of the sale of public lands, for the schools for the year ended June 30, 1909, \$4,732.75. The total amount credited to the reclamation fund from the sales of public land, surplus of fees and commissions for the fiscal year ended June 30, 1909, is \$1,177,333.33. South Dakota is to receive for the school fund \$46,567.34. The total amount to be credited to the reclamation fund is \$300,705.81.

Wyoming is to receive for the school fund \$18,547.52. The total amount credited to the reclamation fund is \$419,942.87. Only one "BROMO QUININE." That is Laxative Bromo Quinine. Look for the signature of E. W. Groves. Used the world over in Cures a Cold in One Day. See Iowa Retail Carriers. WASHINGTON, Dec. 3.—(Special Telegram.)—Rural carriers appointed for Iowa routes are as follows: Corning, route 5, James L. Wainwright; Mary, M. West, substitute; Indianapolis, route 3, Ralph Judkins carrier; Frank Walker substitute; Erie, route 1, O. M. Thomas carrier; J. G. Thomas substitute. Thomas H. Glenn has been appointed postmaster at Oreston, Appanoose county, Ia., vice F. M. Matthews, resigned.

Strike Broken in Duluth. DULUTH, Minn., Dec. 3.—By the action taken by the Brotherhood of Railway Trainmen last night the backbone of the switchmen's strike seems broken in Duluth. This morning conditions are almost normal again, and within a day or two all signs of the strike, it is hoped, will have been wiped out. Forty-four switchmen, who were members of the Brotherhood of Railway Trainmen returned to work in the Northern Pacific yards and fifteen more return this afternoon. These, together with the men who have been working, will bring the total up close to the normal force of the road.

Every railroad in the city is receiving freight for points. The Commercial club issued a statement today commending the members of the Brotherhood of Railway Trainmen for their stand. Prices of necessities are swinging back to normal. With the Northern Pacific again running in regular quota, the strike is considered at an end.

Engineers Will Not Strike. CLEVELAND, O., Dec. 2.—Warren S. Stone, head of the Brotherhood of Locomotive Engineers, said today that the engineers would take no part in the strike of the switchmen on the northwestern roads. Knapp and Neill in Washington. WASHINGTON, Dec. 3.—Chairman Martin A. Knapp of the Interstate Commerce commission and Dr. Charles P. Neill, commissioner of labor, members of the mediation board under the Erdman act, returned to Washington today from St. Paul, Minn., where they had been endeavoring to adjust the controversy between the Switchmen's Union of North America and the northwestern railroads.

It is unlikely that it will be called again into the controversy. Neither Chairman Knapp nor Dr. Neill would discuss the situation for publication. Both agreed, however, that it was serious. Half Force in Superior. SUPERIOR, Wis., Dec. 3.—Northern Pacific today has about half the usual number of switch engines working, switchmen belonging to the Brotherhood of Railway Trainmen operating them. Other roads show no change from yesterday, a few engines being worked by clerks and officials. Strike broken by clerks not yet in evidence.

PARTELLS OF FIXED SCALES (Continued from First Page.) id the retelling. He described the manner in which the manipulators, by means of a steel rod pushed through a concealed hole, were able to make the scales record less than the real weight, while the weighing for the purpose of computing the duty was in progress.

The most dramatic moment thus far in the trial came when Parr detailed his discovery of the steel spring which manipulated the scales. He had observed Kehoe, one of the defendants, stooping over in a peculiar position, he said, and investigating, discovered the steel spring.

Spitzer Offers Bribe. "After I came out on the dock," continued Parr, "Spitzer met me, took me by the arm and said: 'This thing must be fixed up.' I said there was no fixing up to be done. Spitzer said we were all Maenas and this would make trouble for everyone around. I said I would not be that; they had made the trouble them-

self.

Failure to Hit Aerial Target Army Balloon Withstands Shower of Bursting Shrapnel for Several Hours.

NEW YORK, Dec. 3.—A big army balloon which was sent up by the United States army proving grounds today near Fort Hancock at Sandy Hook withstood a shower of bursting shrapnel fired at it at intervals from the fort. Officers at Fort Hancock declined to discuss the test, but spectators who gathered were able to see that the gas bag was not damaged. This was confirmed when the balloon was lowered to the proving grounds at dusk.

Several days ago a balloon was hit by cannon shots from Fort Hancock and was seen to collapse and fall. The tests are being conducted as secretly as possible, with a view to perfecting the army in the rudiments of aerial warfare.

Girls' Sweaters. This is absolutely headquarters for the highly graded kinds. Duplicated front coat styles or roll neck suits are here in an almost unending array, at \$5, \$1.50 and as low as \$1.25.

Girls' Blouses. The celebrated "K. B." and "Star" makes are at their best here. Colored, or white styles, in plain or pleated bosom effects are shown by us in unlimited arrays at \$1, 50c and as low as 50c.

Girls' Sweaters should be chosen from this most complete stock. We've all those whites, navys, reds, oranges, pinks or light blue styles. Green, All ages, from infants to small women, at \$2, \$1.50 and \$1.00.

These may be had in fine heather shades, also greys and blue serge. The "Eton Middy" will prove one of our best sellers, at \$7.50 and \$5.00.

Boys' Nobbiest Overcoats. The swaggiest little Russian overcoats shown in Omaha in years were here in ages 2 to 10 years. Then too, we've those clever, new military overcoats, in plain shades and mixtures. Gotten up far different from the usual make-up, at \$7.50 and as low as \$5.00.

Boys' Double Trousered Suits. Our idea of supplying TWO pairs of trousers with each suit is gaining ground each day. The plan appeals to mothers. See the latest Bannockburn chevilles, fancy worsteds, and cassimers; sizes 4 to 16 years, at per suit, \$1.00, \$1.50 and as low as \$1.00.

Boys' Eton Middy Suits. Something very new in the way of boys' suits—The Eton Middy—made from 5 to 10 years may now wear coat suits that do not make them look "aged." These may be had in fine heather shades, also greys and blue serge. The "Eton Middy" will prove one of our best sellers, at \$7.50 and \$5.00.
