

CORN SHOW VISITORS

Should not fail to see this Millinery Style Center while visiting the Corn Exposition. ABOUT JANUARY 1st WE WILL MOVE to our elegant new store, now being put in readiness for us. Special Low Prices prevail at our old location until moving time.

RILEY SISTERS Present Location: 317 South 16th Street.

state and it is to be hoped some Indiana man will buy it."

Go to Highest Bidder.
At the close of the exposition, December 13, the Palfir car will be sold to the highest bidder. Judging by the prices paid for other famous cars of corn, it is expected the car will sell for more than \$50.

All grains and grasses will be judged before the gates open. The show continues for two weeks and over 6,000 entries have been made.

Dr. Charles Payne of Milwaukee, who is to arrive Sunday, has accepted an invitation to give a travelogue lecture on Mexico Tuesday evening in Musical hall, at the solicitation of the National Corn exposition. Dr. Payne is coming to Omaha because of an engagement to speak at the First Presbyterian church on Sunday. His lecture will be of particular interest in view of the activity and interest of Mexico in the corn show.

Iowa Lodge Disbands.
WATERLOO, Ia., Dec. 4.—(Special.)—The Iowa Workmen, a fraternal insurance organization, with headquarters in this city, will cease to exist after December 15. At

a meeting of the officers held here yesterday, when the votes on disbanding cast by the grand lodge were counted, it was found that those favoring disbandment outnumbered the other faction by 136. Resolutions were adopted disbanding the lodge on December 15, up to which time all death claims and allowances will be paid. The balance in the treasury will be prorated among the members. The Iowa Workmen is a former faction of the Ancient Order of United Workmen, which separated from the order organization a number of years ago.

MRS. DOXEY DENIES MARRIAGE

(Continued From Page One.)

Doxey lifted Mrs. Doxey into it. The other members of the party also got into the carriage and as it drove off the crowd followed down Market street and peered through the windows to get a glimpse of Mrs. Doxey's face as she was taken to police headquarters.

Ready for Inquest.
The coroner late yesterday completed arrangements to hold an inquest over the body of Erder. Coroner Baron expects to

have the complete report of the chemist by Monday and it is possible the inquest will be held on that day. The state alleges Mrs. Doxey put arsenic in Erder's food. She lived with him as his wife.

Circuit Attorney Jones is continuing his search into the life of Mrs. Doxey, who is charged with having married Erder in April. He died July 18, after four days' illness. Miss Kate Erder, sister of the dead man, today told the circuit attorney Dr. Doxey had been here in company with Mrs. Doxey a few days after Erder died. The circuit attorney tonight stated no expense would be spared in running down everyone connected with the case. Coroner Baron will have Dr. Doxey appear as a witness at the inquest.

Miss Erder furnished the state a list of witnesses and they will be examined by the circuit attorney. Three arrests on statutory, murder and bigamy charges are the result of detective work of Miss Erder.

Mrs. Doxey was Dora Elisabeth Fuller and was born in Toledo, Ill., twenty-nine years ago. Her husband was Robert Downing of Joy, Ill. He sued Dr. Doxey and compromised the suit and then divorced his wife. Mrs. Downing married Dr. Doxey in Bloomington, Ia., August 26, 1906. Before that time she had become acquainted with Erder. She told him she was going to marry Dr. Doxey in Bloomington. Returning later to St. Louis she told Erder she had married Doxey, but he had died. Erder was married to Mrs. Doxey in Clayton, St. Louis county. The bigamy charge is based on an affidavit Mrs. Doxey made as Erder's wife, to get the \$2,000 life insurance.

DOXEYS WED IN BURLINGTON

Accused Couple Forced to Wait Whole Day for License.

BURLINGTON, Ia., Dec. 4.—(Special.)—The story of the tribulations of Dr. and Mrs. Loren Doxey, as told in dispatches from St. Louis, is not complete without the romance which occurred in Burlington, Ia., August 26, 1906. On that day Dr. Doxey and Mrs. Dora Fuller were united in marriage by Rev. J. R. Sutherland, pastor of the First Presbyterian church, at the parsonage on West hill in Burlington. "The two interested parties came to the city the day before from Joy, Ill. They had resided there for a number of years. Dr. Doxey, with his first wife and Mrs. Fuller, with her first husband, now a business man of that place, Dr. Doxey was the family physician of the Fullers, and there arose a scandal, and finally a separation of the two couples. The matter being quietly settled in each case, when on August 26 the doctor and Mrs. Fuller, then 33 years of age, appeared in Burlington and applied for a marriage license. As there was no witness capable of swearing to the age of Mrs. Fuller, the license was refused. The couple were despondent, but remained in the city over the next day, when to Doxey's joy he met a former resident of Joy, Ill., on the street who knew him and Mrs. Fuller intimately. "This was Harvey Sherer, now a resident of Burlington. "Thank God, Sherer," exclaimed Doxey, grasping his hand. "You are the very man I want. You can help me out of a scrape," and he told Sherer about his efforts to secure the marriage license. Sherer at once went with the doctor to the clerk's office and identified the couple and excited them to procure the license. The couple then repaired to the home of Dr. Sutherland and were married, the witnesses being Mrs. Sutherland and a young girl of the neighborhood, Miss Helen Wilson, who chanced to be calling at the house. The newly married couple then departed from the city and were never heard from again until the sensation in their lives was sprung recently.

ONLY TWO PARTIES IN PRIMARY

Republicans and Democrats Will Geoperty Erder's Ballot in Iowa.

DES MOINES, Dec. 4.—According to a statement issued today from the office of Secretary of State Hayward, only two political parties, the republican and democratic, have the right to hold a primary election in Iowa. The law requires that each party must cast 2 per cent of the total vote at the last election for governor before they are permitted to take part in the primary. The prohibitionists and socialists fell below the required per cent and have lost their right to take part in the primary.

TAFT'S MESSAGE ON TUESDAY

Congress Will Not Hear Executive's Recommendations First Day.

STATESMEN ARE GATHERING

Time Honored Custom of Adjournment Out of Respect to the Memory of Deceased Members Will Be Observed.

WASHINGTON, Dec. 4.—With the opening of the first regular session of the sixty-first congress but two days away, senators and representatives from near and far are arriving in Washington today. Following a time-honored custom, both houses will adjourn soon after their convening at noon on Monday out of respect to the memory of those members who have died during the recess of congress.

Senator Johnson of North Dakota died several weeks ago and his successor already has been chosen and probably will take the oath of office on Tuesday. Fountain L. Thompson of Canada, N. D., the new senator, is a democrat, although his predecessor was a republican. Senator Thompson was appointed by North Dakota's new democratic governor to fill out Johnson's unexpired term, which ends January 1, 1911.

The deceased representatives are David A. De Armond of the Sixth Missouri district, who met death in a fire which destroyed his home at Butler, Mo., only a few days ago, and Francis R. Lassiter of the Fourth Virginia district. Successors have not been elected in either district.

Tuesday is likely to be devoted in both houses to the reading of President Taft's message to congress, and after that the lawmakers should be able to get down to business immediately, as all the committee appointments and other details of organization have been completed.

Bill for Naval Militia.

Final touches upon a bill to be placed before congress at an early date, which, in short, is a provision to make the naval militia of the various states come under the same benefits and training as the Dick bill made possible for the National Guard of the country, is the principal business to be taken up by the delegates to the National Naval Militia association at a meeting here December 2. Commissioned officers from all state naval militias are expected to be present, and besides the nineteen states which already have a naval militia, Wisconsin and Indiana possibly will have a tentative representation.

The new naval militia bill to be put in final shape has received the careful work of the naval militia general board and has been revised by the general board of the United States navy, with Admiral Dewey at its head. No federal naval reserve nor naval subsidy nor allied feature is contemplated.

An opening address at the association's meeting will be made by the secretary of the navy, and the assistant secretary will speak on the field and scope of the naval militia.

An official visit will be made to President Taft Thursday afternoon. Friday will be spent at the United States Naval academy, and a banquet will be given Friday evening in Washington.

All Land Men Are Included Under Decision

Both Cases Affected by Affirmation of Lower Court's Ruling Imposing Fines and Imprisonment.

There was some doubt as to whether all the big land men—Richards, Comstock, Jameson, Triplett, Huntington, Todd and Hoyt—were included, or just some of them, in the decision of the federal court in the decision of the federal court affirming the ruling of the federal district court fining and imprisoning these men, but there is no doubt now. They are all included. The Bee received a special dispatch to this effect yesterday afternoon and District Attorney Goss received official notification from St. Louis. While attorneys for the convicted men profess not to be sure whether they will appeal to the supreme court of the United States or not, United States District Attorney Goss suggests that possibly the supreme court may take the matter for them, falling to issue the writ certiorari making the appeal possible, unless some important new matter was shown.

Knaus Will Plead Guilty.
ST. LOUIS, S. D., Dec. 4.—(Special.)—The case of Ralph Knaus, a Luverne (Minn.) young man, who a few weeks ago was arrested at his Minnesota home and taken to Deuel county, South Dakota, to answer the charge of forgery, attracted a great deal of attention at the time, owing to the fact that the young man comes from a highly respected family at Luverne. Since his arrest he has been in the Deuel county jail at Clear Lake. It now is reported on good authority that he has decided to enter a plea of guilty and thus secure a light term as possible in the St. Louis penitentiary. He is charged with forging the name of Attorney Mead at Clear Lake to a check for \$10. This made the third time that he had been arrested on the charge of forgery.

ABSCESSES

"I should feel guilty of ingratitude if I did not tell of the benefit I have derived from Hood's Sarsaparilla. Five ugly and painful abscesses formed in the lower part of my abdomen. I was confined to my bed thirteen weeks, and the pain was almost unbearable. A neighbor suggested that I try Hood's Sarsaparilla, which I did. I began to improve immediately, the abscesses began to heal, and I continued to take the medicine until I was well." JOHN WALLACE, Field Sec., Y. M. C. A., Pittsburg.

Get Hood's Sarsaparilla today. In usual liquid form or tablets called Sarsatabe.

ZELAYA'S CASE TO CONGRESS

President Probably Will Send Special Message on Situation.

NO DEMAND FOR INDEMNITY NOW

United States Will Await Close of Revolution, on Ground There is No Responsible Government at Present.

WASHINGTON, Dec. 4.—There seems to be little doubt that the president will lay before congress at an early date the facts as to the Nicaragua situation with a view to receiving authority for any further steps he may see fit to take in the interest of Americans resident in that country and with a view to putting an end to the interminable strife in Central America. The only communication the State department has received from Vice Consul Caldera at Managua came today and related to matters of comparatively little importance. As to indemnity for the killing of the Americans, Cannon and Groce, there is reason to believe no demand will be made until the issue between the Zelaya government and the revolutionists has been settled. It is the view of the United States that there is at present no responsible government in Nicaragua. With the arrival at Corinto of the cruiser Albany and the gunboat Yorktown from Magdalena Bay the United States will be in a position to take an aggressive step as any occasion may demand for the protection of American interests along the Pacific coast of Nicaragua. Together with the gunboat Vicksburg the three warships will have a quota of fighting men of about 600. Landing of blue jackets or the shelling of seaports is not anticipated at this time. Prairie is still Aground.

PHILADELPHIA, Dec. 4.—The transport Prairie, carrying 700 marines and a cargo of equipment to be used in a hospital campaign in Nicaragua, is still stuck in the mud at Fox Patch Island thirty-five miles from this city, where it grounded early Thursday night. No attempt was made to pull the big ship out of the mud at flood time at 5 A. M. today, but an effort will be made at 9 o'clock this evening. The lightering of the vessel's coal and stores continues without interruption. The munitions is also being unloaded. The marines have not yet been taken off, but they probably will have to be sent ashore. The Prairie is almost a quarter of a mile out its course, river men declare, and it is expected it will have to be brought back to the navy yard here for survey, so far as can be learned, however, no damage has been found. The transport Dixie, now at the navy yard, which may be called upon to take the place of the Prairie, is far from prepared for a sea voyage.

Gun to Shoot Balloons.
WASHINGTON, Dec. 4.—A gun is being designed by ordnance experts in the army for the purpose of shooting dirigible bal-

Stars and Stripes

A beer just suited to quaff at home—a night-cap for the sociable evening—a refreshing draught for the late supper—a delightful glass to sip under the evening lamp. Stars and Stripes is a foaming, sparkling beverage for the keen palate—for the connoisseur.

AGRONOMIST ON WAY HERE

Prof. R. H. Loughbridge of California Made Member of National Committee.

BERKELEY, Cal., Dec. 4.—Named as a member of the national committee of fifteen by the Society of Agronomists, Prof. R. H. Loughbridge, professor emeritus of soil science of the University of California, left today for Omaha to attend the first meeting of that body. To the members of the committee is entrusted the task of securing a more systematic and uniform classification of soils in the United States. Prof. Loughbridge was retired in July on the Carnegie pension fund, after having served for sixteen years as associate professor of physics and geology of soils.

Just put a check mark in the square --- then bring this "Ad" to us!

- BATH ROBES—Children's bath robes in Elderdown and Terry cloth at from \$1.75 to \$4.50, and "small women's" bath robes in Elderdown, Terry cloth, or the blanket robes, at \$3.75 and upwards to \$5
