### Nebraska

(Continued from Third Page.)

union held a farewell service at the Methodist Episcopal church last Sunday evening in honor of Rev. H. B. Tester, who for several years had been pastor of the Brethren church here, but who has recently accepted a church at Nappanee, Ind.

**BEATRICE**—The funeral of the late Mrs. Fred Robinson, who died Thursday from wounds inflicted by her husband, was held yesterday afternoon from the home of the grandfather of the deceased, W. A. Folsen. Rev. Mr. Hucks officiated. Interment was in Evergreen Home cemetery.

**NEBRASKA CITY**—Mayor Jackson has enforced the mayor's orders regarding this some time ago, but found there was no ordinance covering the offense, hence the council took up the matter and passed one. **NEBRASKA CITY**—Mayor Jackson has appointed a board of public works consisting of N. D. Marnell, chairman, G. M. Aldrich and E. J. Van Gilder. They have taken up the best sanitary sewer and awarded the contract to G. A. Dunlap of Tecumseh for \$242.60. The sewers are to be completed within six months. There were seven bidders for the work. The engineer's estimate was \$107.75.

**MINDEN**—It has just been learned that Jens P. Peterson has sold his eighty-acre farm one mile north of Minden, which has fair improvements, for \$125.00 per acre. This is the highest known price paid for Kearney county farm land. No land is selling within ten miles of Minden which is of the best for less than \$100 per acre, whether improved or not.

**CHAPPELL**—Chappell has made a healthy growth this year. The Odd Fellows have erected a hall and several other good business buildings have been put up, and about twenty-five new dwellings. A cement block factory and a complete telephone system have been installed. There are several lines of business not represented here and the city is continuing to grow and actively.

**MILFORD**—The Chicago, Burlington & Quincy railroad has suffered another big landslide on the Culver farm east of town. Some eighty feet, beginning at the tracks on the south side, made a run for the general's alfalfa field and deposited the poorest clay soil on the rich, black alfalfa land. The work trains are working industriously to fill up the cavity.

**TECUMSEH**—Carl Wilcox, son of Lewis Wilcox, who lives near Crab Orchard, met with a serious accident while riding a horse home from a country dance. The horse lost his footing and fell, with the rider under him. The animal rolled upon Mr. Wilcox's arm and broke it in three places. It was found to be necessary to amputate the member at the shoulder.

**PREMONT**—The police department has a man on hand that they would like to have some one look after. He was run in a few days ago for prowling around the residence part of town as a suspicious character. He has developed symptoms of appendicitis and may have to remain in city hospital for some time. He gave his name as Sam Weaver and is past middle age.

**PREMONT**—The Elkhorn drainage district proposition is no meeting with the favor among property owners affected that it was hoped it would. The prices asked for the land taken by some of them are regarded as extremely high. The objectors have employed lawyers and arranged for a fight to a finish, both on the amounts of their damages and the law itself.

**PONCA**—John Halstead, son of E. E. Halstead of Ponca, was brought from Omaha to Sioux City and was unable to travel farther. He was taken to St. Joseph's hospital and arrangements made for an operation for appendicitis, but he refused to be operated on until his father and mother arrived from Ponca. Mr. and Mrs. Halstead left for Sioux City this morning.

**HUMBOLDT**—Friends of Hugh McConnis, a young man from this place, have received news of his marriage to Miss Anna Clark, a young English woman, at Nokomis.

**HUMBOLDT**—Will McDougall, a former resident of this place and brother of Mrs. John Holman and Douglas McDougall, was killed in a cattle mine in Arizona last Saturday. The body was brought here for burial. He was about 50 years old and left no family.

**HUMBOLDT**—The heavy rains of last week made the roads almost impassable and cellars and lowlands are filled with water. The Nemaha and Long Branch rivers are running bank full and a great amount of damage will result to farmers who cannot get into their fields to complete corn husking.

**NEBRASKA CITY**—When in the city on Wednesday evening, Mayor James C. Dahlman of Omaha was given a banquet by Editor J. R. Bonwell of the Press and Mayor L. F. Jackson, at which H. T. Quinn, Frank Glenn, William Clinton and Dr. Bradshaw of Lincoln were guests. It was a duck supper and was given in the parlors of the Frontier hotel.

**BEATRICE**—Dudley castle No. 19, Royal Highlanders met last night and elected these officers: G. H. Kral, illustrious protector; W. E. Rife, chief counselor; Margaret Davis, worthy evangelist; Emma Savage, secretary-treasurer; Theodore Davis, warder; Anton Oltman, sentry; R. D. Richards, prudential chief.

**PONCA**—Louis Minton of Mankell was before the district court today and pleaded guilty to the charge of bootlegging and was fined \$100 and costs. Judge Welch ordered the liquor which was in evidence destroyed. The sheriff, A. H. Mankell, took it out on the street and broke the bottles and "wet" the grass.

**VERDON**—Frank Bennett is in a critical condition at his home near Verdon as the result of being stabbed twice by M. Melita, one of the rich men of the county, and upon whose farm he resides. One wound is about four inches deep, and cut into the kidney. The trouble arose over the rent, and Melita was whistling at the time the controversy started.

**NEBRASKA CITY**—The city council has passed an ordinance compelling all people and vehicles to use of the right side of the streets and making it a fine no greater than \$10 for each violation. The police tried to

Canada, where the groom has been living for two years. He took a claim in that country with a colony from this place and will soon prove up on his holdings. He will then return with his bride to take charge of the home farm.

**PONCA**—The father of Robert Casik of Allen sought the annulment of the marriage of his son to Marie Cahoon. The child born a few months after marriage was acknowledged to be their child and the court decided to grant the petition and gave Mrs. Marie Cahoon \$250 suit money and an alimony of \$25 per month for the support of the child. A motion to overrule the judgment of the court was overruled.

**BEATRICE**—Rawlins post No. 35, Grand Army of the Republic, met last night and elected these officers: R. G. Gilmore, commander; A. H. Fox, senior vice commander; Amos Quinn, junior vice commander; Fred Brothier, surgeon; J. E. Craig, quartermaster; J. W. Jackson, officer of the day; Phillip Hess, officer of the guard; Joseph Miller, delegate to the department encampment to be held at Fairbury.

**BEATRICE**—The case of Robert Coulter against M. T. Cummins, an action brought to recover \$1000 which plaintiff placed in the hands of the defendant, here, was won in the district court yesterday by Coulter, the jury returning a verdict in favor of the plaintiff. Mr. Coulter had purchased stock in the company it was reorganized, and upon failure of the company to make good the amount he instituted suit.

**MINDEN**—Last night the Presbyterian church held a reception in its spacious basement in honor of Mr. and Mrs. William Nelson, Mr. and Mrs. B. P. Johnson, who have recently moved to Holdrege, and Mr. and Mrs. Rutledge, who recently moved to Strang. Mr. and Mrs. Rutledge could not be present and sent their regrets. Despite the inclement weather the church was filled with friends who paid the respects to the departing.

**PLATTSBURGH**—Grace Johnson, colored, aged 55 years, passed away in this city Thursday. She had resided in this city many years with her brother, "Uncle" Ned Baker, who was a faithful Baptist and was successful in having a church built in this city for colored people, "Aunt Grace," as she was familiarly known, was born in slavery in Louisiana. She resided in Omaha after the death of her brother until within a few weeks when she returned to this city. One son, George, in Omaha, survives her.

**TECUMSEH**—Friends of Frank Bennett, who has been farming near Verdon, in Richardson county, have learned of a cutting affair in which he has been participating at his home. Mr. Bennett has been a tenant on the farm of M. E. Liza, another Richardson county man, and was making preparations to move with his family to South Dakota. Mr. Bennett and his wife had in their possession a trunk containing a certain field and Mr. Bennett called upon his wife to substantiate a statement he had made. Mr. Liza, the report states, called the woman a name, whereupon her husband struck him. Liza then used knife upon Mr. Bennett, giving him two deep cuts in the side. Bennett was taken home and is recovering.

**Omaha Roads Express Confidence in Ability to Handle Traffic.**  
Following reports from St. Paul that the backbone of the switchmen's strike has been broken, railroads having terminals in Omaha have announced that freight of all kinds will be received for shipment to the north and northwest. During the last four days local offices have refused positively to receive perishable goods of any kind. "We are prepared to handle all kinds of freight," said Lyman Sholes, division freight and passenger agent for the Chicago, St. Paul, Minneapolis & Omaha railroad. "Last night we sent a special train of fresh meats from South Omaha to northern points, including St. Paul, Minneapolis and Duluth and we anticipate no trouble in delivery."

Trains running into the Union and Burlington stations during the day were generally on time. No trouble was experienced by the Burlington route at Billings, Mont., where most of the switchmen left their work. The delays in trains during the day were caused mostly by the storm in the northwest.

Union Pacific train No. 6, the Portland train, due at 6:45 a. m., did not arrive until 5 o'clock in the afternoon. This train alone felt the effects of the strike in the northwest and was also delayed enroute to Omaha.

Omaha officials have been advised of the demands of the Brotherhood of Railway Trainmen on the lines east of Chicago, asking for a raise of 10 per cent in wages. They request an answer from railroad managers by December 11. The hurried trip east of Judge Lovett, president of the Harriman system, who was scheduled to reach Omaha another day, may have a bearing on this case.

**Pulver Bound Over.**  
WILCOX, Neb., Dec. 4.—(Special.)—Howard J. Pulver had his preliminary hearing in Minden before County Judge Carlos and also his trial. He is charged with assaulting with intent to do great bodily injury George A. Dally, a fellow townsman, and with assault and battery upon one H. A. Cox, another fellow townsman. He was bound over to the district court for the former and fined \$40 and costs on the latter. The trouble it seems is an aftermath of the saloon contests in which Dally and Cox took active part against the granting of saloons. Each time Howard Pulver was much interested, as he had been hired as bartender. It seems that someone turned out the horses from Cox's barn and afterward set fire to it and it burned to the ground. It was after the fire had done its damage that the trouble arose between the defendant and complaining witnesses. It seems that the assault was unprovoked.

### HEADS OF UNIONS AT OUTS

**Bitter Quarrel Between Whitney and Hawley.**  
**SAYS STRIKE WAS NOT LEGAL.**  
Whitney Asserts Order Was Issued Without Giving the Men Chance to Vote—Seals! Shouts Whitney.

ST. PAUL, Dec. 4.—A quarrel between Vice President Whitney of the Brotherhood of Railway Trainmen and President Hawley of the Switchmen's union is the latest element injected into the strike. Whitney, who hurried to Duluth from Buffalo in response to a demand from the switchmen who are members of the Brotherhood, declares the switchmen were not given an opportunity to vote on the strike in accordance with section III of their constitution. Hawley retorts that the men were given the opportunity and the vote was taken. Whitney also says 75 per cent of the switchmen at the head of the lakes are members of the Brotherhood and will not abide by the order and to this Hawley replied that only three of the Brotherhood have returned to work.

Whitney says the Switchmen's Union of North America, in calling the strike, was "unfair to the Brotherhood, unfair with their own members and unfair with the railroads."

To this last statement President Hawley retorted today:

"Whitney's statement is a lame and contemptible excuse for the men that he wants to go back as seabs."

Two hundred strike breakers arrived here today from Cleveland and Cincinnati. No more switchmen would be brought in, it was authoritatively stated.

**End Seems Remote.**  
With both sides professing confidence as to the outcome the fourth day of the strike began with no apparent progress made toward a settlement of the controversy. While the switchmen still claim to have the situation in hand the railroads have been making headway by their steady importation of new men to take the places of the strikers and today they promise to handle more freight than at any time since the strike began.

They claim as soon as all of the new men now on their way arrive and become familiar with the yards normal conditions will be established.

Reports from Duluth say that the strike at the head of the lakes is practically broke, but in the Twin Cities the railroads have not been able to handle any volume of business.

Discussion among various business organizations of the Twin Cities yesterday is expected to result in some definite movement to bring the railroads and switchmen together for a conference today. The railroad men, however, insist that they will make no concessions and if the switchmen return to work it will have to be under the same conditions that prevailed before the strike.

**Knapp and Nell in Washington.**  
WASHINGTON, Dec. 4.—Chairman Martin A. Knapp and Dr. Charles P. Nell, commissioner of labor, members of the mediation board under the Erdman act, returned to Washington today from St. Paul, Minn., where they had been endeavoring to adjust the controversy between the Switchmen's Union of North America and the northwestern railroads.

It is unlikely they will be called again into the controversy.

Neither Chairman Knapp nor Dr. Nell would discuss the situation for publication. Both agreed, however, that it was serious.

**Freight Blockade Broken.**  
CHICAGO, Dec. 4.—Traffic managers of the various railroads running through the northwest today issued orders to receive all freight consignments to points on their lines without restrictions. The "subject to delay" notices posted when the strike of switchmen began were withdrawn. The managers declared that within a few days the conditions would again be normal.

**SEATTLE, Wash., Dec. 4.**—The freight blockade, due to the switchmen's strike, is being broken and operating officials believe that normal conditions will be restored in four or five days.

Perishable freight in limited amount is being received and dead freight is accepted subject to delay.

**RECEIVE PERISHABLE SHIPMENTS**  
Omaha Roads Express Confidence in Ability to Handle Traffic.

**Knapp and Nell in Washington.**

# Consumption Checked Save My Life

This writes Mrs. Albright of Dunkirk, Ind., who cannot say too much in praise of her health restorer. It is her only medicine and she always keeps it on hand.

"I think that your Duffy Pure Malt Whiskey saved my life, for I believe I would have gone into Consumption if I had not taken your Medicine. I used 14 bottles and still keep it on hand, and it helps me at my period time. It is all the medicine I take, and I think my friends a thousand times for recommending it to me.

"I praise it to all I think are in need of such medicine."—Mrs. David Albright, Dunkirk, Ind.

The accompanying photo of Mrs. Albright shows her now in vigorous health. Thousands of letters like the above are received from grateful men and women who have been made well and strong by the great body builder.

## Duffy's Pure Malt Whiskey

as a renewer of youth and tonic stimulant is one of the greatest strength-givers known to science. It aids in destroying disease, and by its building and healing properties assists in restoring tissues in a gradual, healthy, natural manner, thus keeping the old young in spirits. It is a wonderful remedy in the treatment and cure of consumption, pneumonia, grippe, bronchitis, coughs, colds, malaria, low-fever, stomach troubles and all wasting, weakened conditions, if taken in time and as directed.

If in need of advice, write Medical Department, The Duffy Malt Whiskey Company, Rochester, New York, stating your case fully. Our doctors will send you advice free, together with a valuable illustrated medical booklet, containing rare, common sense rules for health which you cannot afford to be without and some of the many thousands of gratifying letters from men and women. It all walks of life, both old, and young, who have been cured and benefited by the use of this great medicine. It is sold everywhere by druggists, grocers and dealers or shipped direct for \$1.00 per large bottle.
