Justice J. K. Cooper gave his decision yesterday afternoon in the replevin suit of Thomas Hayes against Adeline K. Smith, proprietor of a dressing establishment, finding for Mrs. Smith. The suit involved a bill of $15 for cleaning a suit of clothes. Hayes contended that the charge was exorbitant and Mrs. Smith refused to deliver the clothes until she received her money. Hayes gave notice of appeal to the district court.

Mrs. May Poncelow, 66 First avenue, filed yesterday an information charging her father, George W. Stinson, who made his home with her, with being a chronic inebriate and asking the court to commit him to the state hospital for dipsomaniacs at Knoxville. Deputy Sheriff Leach, who was detailed to take Stinson into custody, had considerable trouble getting him to the county bastile. Mrs. Stinson tried to prevent the officer from taking her husband and on the way to the jail Stinson got up further resistance. Deputy Leach had to call on Patrolman Short for assistance. Stinson will have a hearing before Judge Green today.

A Fine Comedy.

"The Blockhead" is a beautiful comedy that will win its way into the hearts of the theater-going people, and while high classed and refined in construction, it is a play for the masses and appeals to all classes. It has a great heart story, with a richly woven plot, told in a simple manner by a clever company, and W. B. Patton, as Prof. Theodore Hodgson Huddington, is a character that will linger long and pleasantly in your memory. Will be seen at the Star theater Sunday night.

MANY VISIT NEW STRUCTURE

Varied Program for Friends of Young Men's Christian Association.

Owing to the inclement weather the attendance Friday at the second opening reception to the public at the Young Men's Christian association's new building was much smaller than that of Thursday night. Big things are, however, looked for tonight which will mark the close of the three days opening celebration. An interesting program has been arranged for this evening and various entertainment will be provided for those who attend. There will be lots of music, both instrumental and vocal and a feature of this part of the program promises to be the appearance of the West Sisters' quartet of Omaha.

The members of the Woman's Christian Temperance union, which generously furnished one of the rooms in the dormitory, will serve dinner this evening in the large hall on the second floor from 5 to 8 o'clock.

Among the visitors from Omaha present last evening was George F. Gilmore, president of the association of that city, who made a brief address, in which he took occasion to congratulate the people of Council Bluffs on its splendid building, which, he declared, was the finest structure of its kind in this or any other state for the money that it cost. He paid a neat compliment to the business men and others who by their money and their energies had made the magnificent home of the association possible, and assured them that they would be amply repaid by the good that it would do for the young men and boys of the city and for the community at large.

Secretary Jones of the association at Columbus, Neb., was also a visitor last evening and when called upon he made a short congratulatory talk.

The dedication exercises will be held Sunday afternoon at 2:30 o'clock and the full program will be announced some time today. Harry Curtis, former general secretary of the local association, now secretary of the association in Fort Dodge, has written President Day that he will be present at the dedication exercises if possible.

The board of directors has invited F. E. Eastman of Owatonna, Minn., to accept the position of secretary here. Mr. Eastman, who stopped over in Council Bluffs Thursday for a few hours while enroute home from Colorado, has taken the offer under consideration and promised to notify President Day of his decision in a few days. For the last six years Mr. Eastman has been engaged in Young Men's Christian association work in Minnesota as state secretary of county work. For several months past he had been engaged in association field work in Colorado.

Water Dashed Over Specht.

Albert Specht, a local dairyman, is to have a hearing this afternoon before Justice E. B. Gardiner on the charge of committing assault and battery on Mrs. Minnie Schnoor, one of his customers, who resides near the corner of Eighth avenue and Twelfth street.

Specht, according to the story told County Attorney Hess by Mrs. Schnoor, called at the Schnoor residence Thursday afternoon to collect an account. Mrs. Schnoor, as it happened, did not have the money in the house, and she said she told Specht he must wait until he could see her husband. Specht, according to Mrs. Schnoor, objected to waiting and insisted in language more forcible than polite, she alleges, on being paid the amount due him, then and there.

Specht, failing to get his money became, so Mrs. Schnoor alleged, not only abusive but threatening, until Mrs. Schnoor likewise got a "bit mad" and, seizing a bucket of water, she threw the contents over the milk dealer.

This, Specht evidently deemed, was adding insult to injury, in view of the ancient joke about men in his business increasing the product of the cow by adding that of the well and he resented it, so Mrs. Schnoor said, by not only striking her, but by kicking her and she charges Specht with assaulting her in this manner in the information which she filed in the court of Squire Gardiner yesterday.

Pettijohn Will Stay Here.

What Charles Pettijohn, the stranger arrested for attempting to pass a forged check at the store of the John Beno company on Tuesday, told the police about his being wanted for a similar offense in Colorado Springs appears to be true. Major G. H. Richmond, chief of police, received yesterday afternoon a telegram from A. S. Armstrong, chief of police at Colorado Springs, that Charles Pettijohn is "badly wanted" there for forging checks. The Colorado authorities, however, will not get hold of Pettijohn until after the authorities here get through with him. Pettijohn has been bound over to await the action of the district grand jury, which convenes January 4, and is now in the county jail. County Attorney Hess said yesterday that he expected an indictment would be returned against Pettijohn and that he would try him at the January term.

WINCHELL HEADS C. & E. I.

Yoakum is Made Chairman of Board at Annual Election.

NEW YORK, Dec. 4.—Carrying out the plan for the reorganization of the properties acquired by B. F. Yoakum and his associates in their purchase from the Rock Island of the St. Louis & San Francisco, a new board of directors and new officers of the Chicago & Eastern Illinois, one of the lines of the Frisco system, were elected today. B. L. Winchell was made president and B. F. Yoakum chairman of the board and of the executive committee.

The new board consists of James Campbell, Edwin Hawley, T. H. Hood, C. W. Hillard, R. A. Jackson, H. H. Porter, jr., E. V. R. Thayer, Frank Trumbull, T. H. West and Messrs. Winchell and Yoakum.

Other officers elected were: W. J. Jackson, vice president and general manager; W. B. Biddle, vice president in charge of traffic; C. W. Hillard, vice president, and A. S. Greig, vice president and purchasing agent.

Officers and directors for the Evansville & Terre Haute also were elected, Mr. Winchell being chosen for the presidency and the Rock Island interests on the board retiring. The new board is composed of W. K. Bixby, James Campbell, F. F. Flower, A. Greig, Edwin Hawley, T. D. Keith, C. W. Hillard, H. H. Porter, jr., E. V. R. Thayer, Frank Trumbull, T. H. West and Messrs. Winchell and Yoakum. Mr. Yoakum remains chairman of the board and of the executive committee.

FAST TRAIN IS DERAILED

Pennsylvania Flyer Wrecked Near Lowisville, Ind., and Six Persons Hurt.

LEWISVILLE, Ind., Dec. 4.—Six persons were injured, one probably fatally, and the station at this point was demolished tonight when a Pennsylvania, St. Louis, New York flyer, running fifty miles an hour, ran into an alleged defective switch just west of the depot. Otto Schoen, a mail clerk from Indianapolis, was the most seriously injured. None of the passengers was hurt.

The engine and first car passed safely over the switch, but the remainder of the train took the siding. The first mail car, in which was Schoen, plunged down a fifteen-foot embankment and was almost demolished. The second mail car dashed across the platform and into the depot, wrecking the structure. The remaining cars, which took the siding, kept on the track. All the injured were mail clerks.

The injured were taken to a hotel here. The engine was sent for aid and a special train carrying railway officials and physicians was sent from Richmond, Ind.

It is not believed the track will be entirely cleared before morning. The train was one of the new ones recently put on to reduce the time between St. Louis and New York.

The American Congress—

Great political interest centers in the coming session of Congress. The tariff legislation enacted at the special session caused a sharp division in the ranks of the Republican party, which was reflected by a similar split among the Democrats. Senator Aldrich and Speaker Cannon, the heads of the majority organizations of the two Houses, will be attacked by the insurgent Republicans and militant Democrats, and the ensuing struggle will make one of the most important chapters in the history of American legislation.

Apropos of this extremely important political situation, FREDERIC J. HASKIN will write for this newspaper a series of twenty-one articles reviewing the history of the American Congress from the foundation of the government. These letters will tell the story of the great Congressional battles between opposing forces in the government, and will include interesting anecdotal accounts of historic struggles between the White House and Congress. Jackson, Tyler, Johnson, Cleveland, and Roosevelt locked horns with Congress, and the stories of those combats are full of interesting incidents.

Our correspondent will also tell of the development of the rules under which the Senate and House of Representatives do business; he will explain concisely and succinctly the rise of the power of the Speaker and the evolution of legislation by committees.

These letters will be strictly non-partisan; they will deal in facts rather than opinions, and they will be illuminated with a wealth of anecdote concerning the careers of many prominent Americans from the days of Jefferson and Hamilton to those of Aldrich and La Follette.

The reader will find them interesting for their relation to the contemporaneous news, and valuable for their educational and historical qualities.

IOWA BANKS DOING WELL

State Auditor Bleakley Reports on Their Condition.

BIG INCREASE IN DEPOSITS NOTED

Quarterly State Conference Under Auspices of Board of Control Will Meet Next Week at Capitol.

(From a Staff Correspondent.)

DES MOINES, Dec. 4.—(Special.)—State Auditor Bleakley Friday gave out a statement of the conditions of Iowa banks under call of November 3, last, the showing made being regarded as very fine. Since August 19 the number of banks increased by ten, with $229,500 added capital. Since November 22, 1905, the number of banks and trust companies increased by forty-seven. The increase of deposits since August 19 was $6,300,222.29. In the year the increase of deposits was $22,261,504.56. The average reserve in all Iowa banks under the last call was 18 per cent. The banks hold in addition to their capital stock of over $21,000,000 a surplus of $5,720,784 and undivided profits of $5,922,128.

State Conference Program.

At the quarterly state conference, under the auspices of the Board of Control next week, the program includes "The Religious Side of Life in State Institutions," by Chaplain Jesse Cole of the Iowa Soldiers' home; "The Education of the Deaf," by Florence Willcuxson of Council Bluffs; "Voluntary Admissions to State Hospitals," by Dr. McAllister of Cherokee; "The Study of Epilepsy," by Dr. Fedtota of Illinois, and "The Dry Farming Revolution," by Ora Williams, Iowa member of the executive committee of the Dry Farming congress.

Fixing Up a Cream Rate.

The State Railroad commission spent the day with representatives of the express companies trying to fix up the express rate on cream and milk. It is complained that at present where one company operates over two railroads two local rates are charged, which results in a high rate in many cases.

To Nebraska for Trial.

Governor Carroll today issued papers to permit the taking to Lincoln of Albert Oliver, who is there accused of wife and family desertion. He is in custody at Indianola.

Two prisoners who a month ago broke from the state reformatory at Anamosa, have been caught in St. Louis. These are Bill Kelly, serving time for breaking and entering, from Polk county, and Joe Daniels, convicted at Sioux City of conspiracy. They sawed off the bars and disappeared. Papers were secured today to secure their return.

Fire at Governor's Home.

Governor Carroll arose early today to make a special trip to Eldora to visit the State Industrial school. As he returned from milking the cow he discovered a fire had broken out in the kitchen. He promptly put it out and went on his journey.

Will Disband Fraternal.

The members of the Iowa Workmen have voted to disband the same and it will close business on December 15. This was formerly the Iowa division of the Ancient Order of United Workmen, but many years ago a difference arose over the payment of death losses in the south and the Iowa lodge seceded from the parent lodge. For a time it prospered, and then a new organization was affected affiliated with the national order and this has overshadowed the older seceding order. The latter has not made gains and will now quit business.

SHERIFF CITED FOR CONTEMPT

W. A. Holmes of Cerro Gordo County Ordered to Appear Before District Judge.

WATERLOO, Ia., Dec. 4.—(Special Telegram.)—Sheriff F. N. Shores left today for Mason City, in place under arrest Sheriff W. A. Holmes of Cerro Gordo county, who is charged with contempt of the Blackhawk district court and will be cited to appear before the court Saturday to give reasons why he failed to serve a writ of execution issued here. Disobedience of process is the specific charge.

Marked Pigeon Shot.

PLATTSMOUTH, Neb., Dec. 4.—(Special.)—While out hunting near Cullom, in this county, Wednesday, August Mell shot into a flock of pigeons and brought down several. Among the number was one with a dark blue head and just above one flue was a metal band on which was inscribed "No. 37" and the year "1906" and the letters "D. T." which doubtless represent the owner's name. There was no message with the bird to show from where it had been sent or its destination.

TRAINMEN'S DEMANDS ARE NEARLY READY

Employes of Thirty-Two Lines East of the Mississippi Will Present Them December 11.

NEW YORK, Dec. 4.—Officers of the Brotherhood of Railway Trainmen, who announced yesterday that they will demand a general increase of 18 per cent in pay from thirty-two railroads east of the Mississippi, said tonight that the men positively will not go out in sympathy with the western switchmen. They will decline, however, to take the place of the strikers.

"We expect," said Vice President Murdock, "to present our demands on December 11 and the wage conference will begin on December 15. Although every effort will be made to avert a strike, it is impossible to predict what the outcome of the conferences will be."

PULLS DOWN BLACK FLAG

Striking Foreigners at Pittsburg Shoot Deputy Sheriff Who Removed Pirates' Emblem.

PITTSBURG, Dec. 4.—For pulling down a black flag in defiance of the edict of an infuriated mob of striking foreign workmen near the Colonial Steel company's plant at Monica, Deputy Sheriff Conway Crowley was shot today and probably fatally wounded.

Striking workmen, after taking down the American flag, placed the black flag on a pole and gathered about it, daring the police officers to take it down.

Fearing further violence, the sheriff has placed deputies on duty at the steel plant.

WHEELING, W. Va., Dec. 5.—In a riot tonight by strike sympathizers and deputy sheriffs guarding the Aetna plant of the American Sheet and Tin Plate company a guard was shot and seriously wounded.

Fifty deputies are guarding the plant against further attack. Strikebreakers are being imported from Cincinnati and Pittsburg. Serious trouble is feared.

Perry's Fleet to Fight Again Off Put-in Bay

Arrangements Making to Celebrate Centennial of Famous Battle.

TOLEDO, O., Dec. 4.—Oliver Hazard Perry's "home-made" fleet in replica will again give battle to the British in mimic warfare during the centennial celebration of Perry's victory at Put-in bay, July 4 to September 13, 1913, according to plans agreed upon today. Commissions officially representing Ohio, Pennsylvania, Michigan, Illinois and Wisconsin met in their first joint session and determined the general outline of the celebration, for which adequate appropriations will be asked from the interested states and congress. It is the purpose to have Perry's reconstructed fleet sail from Erie, Pa., where he built his nine ships, and that of the British commander, Captain Robert H. Barclay, from Detroit, and engage in sham battle near West Sister island. After "the enemy are ours" the victors will sail on a triumphal voyage, touching the principal ports of the great lakes.

The commission was informed that a movement has been started to raise the hull of the flagship Lawrence, which was sunk at Erie, to head the fleet, flying Perry's original battle flag, some trace of which has been found in Illinois.

SYRIAN IS A WHITE MAN

Costa George Najour is Granted Naturalization by Court at Atlanta.

ATLANTA, Ga., Dec. 4.—By the decision of Judge W. T. Newman of the United States district court today Costa George Najour, a Syrian by birth, is declared a white man and eligible to privileges of citizenship in the United States. A strong fight has been made by the immigration bureau against the granting of naturalization papers to Najour on the ground that he is a Mongolian. The case will be taken to the United States court of appeals.
