## GRAIN AND PRODUCE MARKET

Weather Has Influence on Buying and Affects Shipments.

CORN MARKET REPORTED FIRM

Cofavorable News from Argentina Makes Wheat Light, but Corn is Higher and Commission Men Buy Freely.

OMAHA, Dec. 6, 1909. OMAHA. Dec. 6, Bw.

Rains and some unfavorable weather in
Argentina started shorts to covering.

Prices advanced sharply on this buying
and the world's shipments for the week
were reported very light. Stocks are extremely light at all primary points and
the present movement is inadequate.

The corn market was firmer in sympathy with whest and light receipts. Cash
corn was firmer, but on the whole the
market was dull.

market was dull.

Wheat was higher on unfavorable news from Argentina and firmer cables from Liverpool. Cash stuff brought better values and buyers were willing to pay the prices on the advance.

Corn was firm and higher with better cash demand and general buying by commission houses and elevator concerns. The market is in a good strong position and should advance.

market is in a good strong position should advance.

Primary wheat receipts were 742,000 but and shipments were 1,471,000 but, against receipts last year of 550,000 but and shipments of 1,014,000 but.

Primary corn receipts were 850,000 but and shipments were 230,000 but, against receipts last year of 696,000 but and shipments of

CHICAGO TRAIN AND PROVISIONS

Features of the Trading and Closing
Prices on Board of Trade.

CHICAGO, Dec. 6.—Reports of frost in Argentina caused a sharp advance in wheat prices here today, final quotations showing net gains of lot to 1%c. Corn, oats and provisions also scored substantial gains.

The crop scare from Argentina injected a vast amoust of buillish enthustasm into trading in the wheat pit about the middle of the assisting in the wheat pit about the middle of the assisting in the wheat pit about the middle of the assisting in the wheat pit about the middle of the assisting in the wheat pit about the middle of the car republic, however, were not of a satisfactory character, falling as they did to state definitely the area affected by the allegation of the visitation. A large part of the crop has already been harvested in northern sections and other portions of it are now beyond the damage stage. A vast amount of it, it was claimed, is still subject to serious injury by cold weather. Earlier advices from Argentina had told of a return of wet weather, which would delay harvesiding, and this, together with firm cables, had inspired considerable covering by shorts during the first hour. The liberality of world's shipments, the movement for the wesk being about 3,000,00 bushes in excess of the figures for the corresponding period a year ago, had a tendency to hold buyers in check early in the day. Demand for Desember and May was about the containing period a year ago, had a tendency to hold buyers in check early in the day. Demand for Desember and May was about the contract of the corresponding period a year ago, had a tendency to he south tailence can republic hour to be more than the state shouthwest. Some west the southwest in the state shot throughout the southwest the temperature is somewhat higher out in the state shot throughout the southwest the temperature is somewhat higher out in the state shot throughout the southwest in the state shot throughout the southwest that the orters and throughout th in excess of the figures for the expressioning period a year ago, had a tendency to hold buyers in check early in the day. Demand for December and May was about equally urgent during the last half of the session. The former month ranged between \$1.05 and \$1.07\%. While May sold between \$1.05 and \$1.07\%. The market closed strong at almost the top, December being at \$1.07\% is and May at \$1.07\%.

at almost the top. December being at \$1.07\forall ind May at \$1.07\forall ind higher.

Hrisk demand for cash cats caused strength in the market for that grain. At the close prices were ac to a cabove Saturday's final figures.

Provisions were strong-and closed 10c to

Quotations furnished by samuel Burns, fr., 614 New York Life building: 

Production of Pig Iron. Production of Pig Iron.

CLEVELIAND, Dec. 6.—That the record breaking rate of pig iron production of September and October was maintained during November is shown by the statistics just published by the Iron Trade Review. The returns give a total production of coke and anthracite pig iron of 2,522,598 tons, compard with 2,889,681 tons in October, a decrease for November of 67,083 tons. November has one less working day than October. The production in November one year ago was 1,582,314 tons. Thus the production in November this year with 312 forms. Thus the stacks was 1,091,387 tons more than November a year ago with exactly 100 duction in November this year with 312 1524 active stacks was 1.007,357 tons more than 1524 November a year ago with exactly 100 70th fewer stacks in operation, or 212. The daily 478 average production for the month of No-734 vember was 84,085 tons, compared with 114 53,535 tons for October, 79,201 tons for September and 52,744 tons for November last vent.

year. NEW YORK, Dec. 6.—COFFEE—The market for futures opened steady at unchanged prices to a decline of 5 points under scattering liquidation and in sympathy with different European markets. Cotton Market.

NEW YORK Dec. 8—The cotton market points in response to strong inverpool catalle were of interest this morning, that is, the early points in response to strong inverpool cannoursed by confidence in builtish government of the country than the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in builtish government in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trains were so much classed by confidence in the country that is a matter of fact, trai with the demands upon the treasury running as they are at present. The interest the market for the purpose of taking up

in the common school income fund, and will be drawn out of the treasury this month for the December distribution of Staple and Fancy Preduce Prices Pur- that fund. The twine plant fund was \$103,-459 and the game fund showed \$9,635 on that date. The capitol building fund showed \$10,279 to offset the warrants issued on the fund to the amount of \$114,231.

SIOUX FALLS, S. D., Dec. 6,-(Special.) -Thursday and Friday, January 27 and 28, has been fixed as the time for the anual mid-winter meeting of the South Dakota Press association. Sioux Pails was selected as the place for the meeting several weeks ago, but not until now was it possible to fix the date. Local newspaper men will make elaborate preparations for the entertainment of the visiting editors,
