Council Bluffs

SEEK TO QUASH INDICTMENT Milk Ordinance

Motion Filed at Council Bluffs with Demurrer in Mabray Case.

CLAIM CHARGE IS INDEFINITE

Allegation Made Letters Set Forth Were Not Written by Any of Defendants-Crime Outside District.

With a demurrer to the indictment returned by the federal grand jury in Counell Bluffs against J. C. Mabray and other alleged members of the "big store" swindling syndicate there was filed Saturday a motion to quash the indiciment. The notion and demurrer were filed by counsel for Mabray, Benjamin Marks of this city, John R. Dobbins and Joseph E. Wright. The two documents, excepting the form of the prayers, are identically alike,

After making the usual perfunctory exobjections, in brief, are set forth;

The indictment fails to show that the crime of conspiracy attempted to be charged was committed within the jurischarged was committed within the juris-diction of this court.

The indocument affirmatively shows that the crime attempted to be therein charged was not committed within the boundaries of the southern district of lows, or within the state of lows or within the jurisdic-tion of this court.

Not Within Statute of Limitations. The indictment shows that the crime attempted to be charged, if committed at all, was committed at a dime not within the period of the statute of limitations.

The indictment attempts to charge the defendants with conspiracy to commit the crime described in section 5480, revised statutes of the United States, but the facts charged show that the pretended conspiracy into which it was claimed these can be imposed on dairy-ming, a substantive part of the crime which there defendants were charged conspiring to commit. The indictment shows that the crime at-

offenses or acts with which the defendants are charged.

The indiciment fails to charge that the opening, or design to open correspondence by the United States mails was an essential part of the alleged conspiracy or scheme of the defendants.

The averment as to the devising of any fraudulent scheme alleged against the defendants, if any there be, was of recliais and not by direct statement, and there is no charge whatever, except by inference or implication, that the defendants intended, as a part of the scheme charged, to effect the same by opening correspondence through the postal establishment of the United States, or that a design to open such correspondence by means of the postal establishment was a part of the alleged scheme or design charged against them.

The logical Annual Meetings of the Year.

The following lodges and organizations held their annua election of officers during the last week:

St. Albans Lodge, No. 17, Knights of Pythias—Chancellor commander. O. M. Jensen; vice charcellor, Dr. G. Riccard; prelate, J. G. Hollenbeck; master of work, W. A. Brockle; keeper of records and seal, Edwin J. Abbott; master of fexchequer, A. C. Law; master-at-airms, B. A. Beaumont; inner guard, Poter Nelson; outer guard, E. C. Hammack; trustee for three-year term.

master-at-aims, S. A. Beaumont; mere them.

No Violation of Statutes.

The facts stated in the indictment with which these defendants are charged as conspiring to do, would not, if consummated, constitute, a violation of section 55s of the revised statures of the United States, or constitute the acts by said act made a constitute the acts by said act made a constitute the acts by said act made a constitute and the facts of the violation of section 55s of the persons whom, if is claimed, there was intuit to defraud, nor by an interest of the violation of section 55s of

Saloon Hearing Held. In the district court yesterday afternoon Judge Green had before him the hearing

of the six salosn men of Neola, charged with being to contempt of court in that they, it is alleged, sold liquor in violation of the Iowa mujet law after an injunction had been issued against them. The com-plaint on which the saloon men were haled into court was sworn to by the wife of S. P. Williams, city marshal of Neola. The testimony of a large number of witnesses was taken and at the close of the hearing Judge Green took his decision under advisement until Monday,

Real Matate Transfers. These transfers were reported to The Bee December 11, by the Pottawattamie County Abstract company of Council Bluffs:

Council Bluffs

Up to the Court

Judge Snyder Must Decide on Merits of the Fight for Pure Article.

The question of the validity of the pure ntik ordinance requiring dairymen and dealers of milk to take out a license is now up to Judge Snyder of the superior court to determine. The case against J. W. Taylor, one of the dairymen charged with selling milk without a license was submitted Saturday to Judge Snyder. This is a test case and Taylor is backed by the Dairymen's association At the conclusion of the arguments Judge

ociation admitted all the facts set forth ceptions to the indictment, the following in the information filed by City Solicitor the board that the latter's regulations in Kimball with the exception that the defendant was unlawfully seiling milk.

Attorney Stewart in his argument admitted that the municipality had the right under the police laws to take measures to insure the health of its citizens, but he contended that under the lowa laws a cipality except where the law specifically stated that a city could compel cerdid not include milk dealers or dairymen of the interurbans.

which these detendants were charged conspiring to commit.

The facts stated in the indictment do not show a compiringly to commit the acts denounced as crimes by section 450, revised numbered as crimes by section 450, revised statutes of the United States.

The indictment is indefinite, uncertain and contradictory, and does not contain a plain and direct statement of the crimes, offenses or acts with which the defendants are charged.

The facts stated in the indictment do not there to prevent the city from compelling for the awards made to property owners, claiming they are too ling. But it is now believed that a settlement can be effected and thus it will be possible for Des Moines to get started with its first viaduct over railroad tracks.

You listen—wide awake now. It is still—the town is. Then you hear a sound like the strangling groun of a sound like the strangling to fail the possible for Des Moines to get started with its first viaduct over railroad tracks.

DISMISSED TEAL CASE IS Woman Charged with Subornation in Gould Divorce Suit Freed.

NEW YORK, Dec. 12. - The indictment against Mrs. Ben Teal, wife of the stage manager for subornation of perjury in connection with the suit of Mrs. Frank J. Gould, against her husband for divorce was formally dismissed in the courts here

today. The court of appeals recently reversed the conviction of Mrs. Teal and expressed the dictum that she should never have been indicted. The court of appeals ruled that Mrs. Teal could not have been guilty of the crime with which she was charged. for the reason that the evidence which she was alleged to have sought to secure was immaterial and was not admitted at the divorce trial.

Mrs. Teal had already spent ten months of her year's sentence in Blackwell's Island prison.

A Burning Shame is not to have Bucklen's Arnica Salve to

Washington Apples Free

A bushel box of the beautiful Washington apples will be given away each day, except Sunday, during the Corn Exposition at the Great Northern Railway's Washington and Montana Exhibition Cars, located at 13th and Jones streets, Omaha.

Register in the Great Northern Railway Exhibit in the Corn Exposition, or at the cars and receive a number entitling you to a chance in the drawing, which takes place at the cars each day at 4 P. M., covering registration for the preceding 24 hours. Cars open 9 A. M. to 7 P. M.

These cars contain the finest and most interesting display of "The Big Red Apples" and other fruits, grains and grasses ever collected from the states of Montana and Wash ington.
