# WHY

# you should attend the Mosher-Lampman College rather than any other

When you pay your money for business instruction, you should attend a school where everything is business. The boy or girl whose head is full of dancing, college bands, college orchestras, and frills of all kinds, is not in proper condition mentally to absorb a knowledge of bookkeeping shorthand, and other sensible success-winning studies. If you are looking for entertainment, the Mosher-Lampman college will probably not interest you, but if you desire to secure a training that will fit you to win success, you will find this school second to none.

Not only are the best business homes of Ornaha employing our students, but big business men from hundreds of miles away are sending for our well-trained, level-headed graduates—the kind of graduates that the Mosher-Lampman TRAINING produces.

headed graduates—the kind of graduates that the storage work has made by produces.

The reputation of the Mosher-Lampinan college for thorough work has made it innecessary for this school to resort to special rates. "free sessions," and all other catch-penny devices so commonly practiced. The Mosher-Lampinan college has never had a free session nor special rates, but the training it gives demands and receives the top prices, and it has also brought to this school the largest enrollment any Omaha school ever had in the same length of time.

YOU WILL PROBABLY ATTEND BUSINESS COLLEGE BUT ONCE and you cannot AFFORD to attend any but the best.

We are prepared to give you instruction in any of the following subjects:

REGULAR BUSINESS, including book keeping, penmanship, arithmetic, rapid calculation, etc.

ulation, etc. SHORTHAND AND TYPEWRITING, including courses for amanuensis and court porting.

SPECIAL PENMANSHIP COURSE (not excelled in the United States.)

BNGLISH COURSE, including all the common branches. (Just the thing for backard students.)

Courses in Salesmanship, Cartooning and Window Sign Writing.

Thorough instruction and drill on the Burrough's adding machine.
