# Cotton Market.

NEW YORK, Jan. 5.—The cotton market opened easy at a decline of 54215 points on the continued weatness in Liverpool and aggresaive selling by local bears as well as further scattering liquidation. There was a big demand from Wall street, western and southern bulls at the decline to 16.06 for May, however, and prices rallied is or points from the lowest during the

# Coffee Market.

Coffee Market. NEW YORK, Jan. 5.—COFFEE—The market for coffee futures opened steady at un-changed prices to a decline of five points in sympathy with easier European markets, but steadled up during the day on a mod-erate demand from western and local buils in the absence of important offerings. The buyers had the encouragement of firmer Brazilian markets and a decrease of \$85.361 bags in the world's visible supply for the month of December, compared with a de-crease of \$51.523 bags for the same month last year. The world's visible supply as of January 1 was 16,663.273 bags, against 15.-730.252 bags last year. The market closed steady, net five points higher to five points lower. Sales were reported of 13,600 bags, including March at 7.00c, April at 7.36c, May at 7.16c, July at 7.2067.25c, September at 7.2067.35c, October at 7.2067.25c, September at 7.2067.55c, Steady, Rio No. 7, 8 11-1692, 8%c, Santos No. 4, 9c. Mild, quiet; Cordova, 9911%c.

# Ton, 252 bags last year. The market closed steady, net five points higher to five points including March at 7,00c. April at 7,00c has a first standard of the points of the points including March at 7,00c. April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c April at 7,00c has a first standard of the points including March at 7,00c has a first standard of the points including the points including the points including the point standard of the points including the points including the point of the points including the point of the points including the points including the points including the point including the point including the point including the point of the points including the point incline including the point including the point including the po
