HANSEL AND HENRY IN COURT

Former Demands Salary Unpaid and Matter is Being Arbitrated.

CASE BEFORE JUDGE KENNEDY

General Manager of Defunct Christian Fraternity, Like Field Superintendent, Claims Money Due from Dr. W. O. Henry.

John W. Hansel's claim for salary due as general manager of the defunct Christian Fraternity is undergoing private arbitration with Mr. Hansel as plaintiff, Dr. W. O. Henry as defendant and Judge Howard Kennedy of the district court of Douglas county as arbitrator.

A private settlement of the claim is hoped for, but it is not certain that litigation in district court will not follow. Private arbitration to adjudicate the matter was determined upon in the hope that publicity might be avoided.

The hearing is going on in Judge Kennedy's court room and presents all the outward semblance of a trial at law. Judge Kennedy sits upon the bench, and on one side of the table are Dr. W. O. Henry and his attorney, Nelson C. Pratt, and on the other, Mr. Hansel and his lawyer, Howard H. Baldrige. A court reporter took notes on all the arguments of counsel.

Besides, a Presbyterian judge, a Presbyterian plaintiff and defendant, the court reporter and the bailiff were Presbyterians and everything was duly synodical until two newspaper reporters—neither a spirit-

ual son of alvin or John Knox—happened into the court room.

Intruders Tossed Out.

Mr. Baldrige was in the midst of an eloquent period. One of the reporters extracted a few loose sheets of copy paper from a pocket and began to take notes, whereupon Judge Kennedy remarked to Mr. Baldrige:

"Perhaps I ought to inform you that representatives of a distinguished press have arrived."

Mr. Baldrige, whose back had been turned to the discordant element, declared with great urbanity, that "I am sorry, but this is an executive session. If you would care to stay unprofessionally—"

Whereupon the reporters left and the attorney continued his address to the arbitrator.

Mr. Baldrige offered in evidence in behalf of his client the contract which Dr. Henry voluntarily entered into when he induced Mr. Hansel and his son-in-law, Lloyd E. Harter of Chicago, to come to Omaha to organize and develop the Christian Benevolence association." Dr. Henry then—in December, 1907—agreed with the Board of Control that if it could not meet the expenses and salaries of these men without endangering the benefits of members, he would personally pay to the board the necessary money to enable it to do so.

Lapse in Contract.

"This contract," said the lawyer, reading from a printed statement, "was performed from February 22, 1908, until July, 1909, or fifteen months. For the months of July and August only a part of the money necessary under the contract was furnished. About August 1, Dr. Henry went to Europe and since September 1, none of the money due under the contract has been paid."

Mr. Hansel received by this contract a salary of \$300 per month and Lloyd E. Harter, who was field superintendent of

WINTER WHEN IT WAS REAL

Some Actually Cold Weather is Recalled by the Old Boys.

SAY PRESENT ONLY COUNTERFEIT

Why, Back in '55 200 Mormons Froze at Florence, When Mercury Was 40 Below—Then Was Real Them.

The Oldest Inhabitant drew his chair a bit closer to the fire. The glow lighted up his wrinkled visage and he smiled.

"Cold weather? Why, say, young man, folks nowadays don't know what real cold weather is. Things ain't like they used to be and in the last twenty-five years the climate around Omaha has become kind of womanish and weak. 'Fears like they ain't no force to the weather any more. Winter, like everything else now, is only a counterfeit."

"We had some temperatures down there about 19 below. Isn't that some cold, Uncle?" inquired the properly subdued young audience.

"Ten degrees below—why, say, young fellow, that isn't a start," snorted the Aged Pioneer. "Now, back in '55 we had a winter here that was a winter. That winter 200 Mormons froze to death at their settlement they called Winter Quarters. It's about where the village of Florence is now. When that 200 Mormons got done freezing to death the scurvy come along and cleaned out 300 more. The graves of the whole outfit are up on the bluffs at Florence now."

"Was it very cold? Why, say, it was something worse than 40 degrees below, about then the only thermometer quit working. That was the first strike we had in Omaha."

Water Froze on Dance Floor.

"Long in January of '56 it was pretty cool. It was that month that we had the inaugural ball and reception for Governor Mark Izard. They got unusually gay and pretentious and started to scrub the floor of the ball room at the City hotel, a little one-story shack, where the ball was held. The water froze on the floor and the ball turned into a skating party."

"We could only get nine of the women of the city out to attend the grand function. Mrs. T. B. Cuming of Omaha, was one of these present at that early day society event. The refreshments consisted of black coffee seasoned with brown sugar and bacon sandwiches. It was before pemmican was invented."

The great blizzard that swept down over the city on January 12, 1888, is fresh in the memory of many of the people of Omaha. On that day a sleighing party of 20 persons crossing to Council Bluffs on the ice of the river, was caught in the

SHIP YOUR PRIVATE BOOZE IN YOUR OWN GOOD NAME

Also Mark It Carefully or Uncle Sam Will Get You in His Net.

Beginning with January 1, you must have your malt, vinous and spirituous beverages shipped to you in your own name, with the contents of the packages plainly and accurately marked.

The railroad, express and other carrier companies are being particularly admonished as to the exact fulfillment of this law or to take the chance of a \$5,000 fine or two years' imprisonment. The United States government will see to the enforcement of the law, and it is a pretty good enforcer.

The new law strictly prohibits the shipment of this class of goods to fictitious consignees. Penalty, \$5,000 or two years' imprisonment or both.

It also prohibits any carrier or transportation company from collecting the purchase price of such consignment, or to act as the buying or selling agent of such merchandise, being allowed to collect transportation charges only. The penalty is \$5,000.

It also prohibits anyone to ship or cause to be shipped any goods of this character unless such package be plainly labeled on the outside cover, showing the nature and quantity of the contents of the package, and the correct name of the actual consignee. Penalty, \$5,000 and forfeiture of the consignment.

NORTHWESTERN'S NEW DEPOT

It Will Duplicate Its Present Freight Station at Fourteenth and Davenport Streets.

When the Northwestern bought a site for its freight depot at Fourteenth and Davenport streets, the officials announced that but half of the freight house would be built at that time. The old freight house

at Fourteenth and Webster streets was to be used until more room was needed. This time it is now preparing to build the other half of the freight depot. The company owns the block on Davenport street between Thirteenth and Fourteenth streets. Half of the station was built on the Fourteenth street side of the block and Frank Walters, general manager, now announces a duplicate to be built facing on Thirteenth street.

VISIT THE NEW BASEMENT SATURDAY

The basement is now full of the most exceptional women's shoe bargains that we have purchased from the manufacturers that are cleaning up their stocks.

Not a job-lot in the entire basement, but full and complete lines of Goodyear Welts, Gun Metal Calf and Patent Leather Shoes that are real bargains.

These shoes would ordinarily bring twice the price we ask, but you can get them at two prices in our basement salesroom Saturday for—

S.S.S. THE REMEDY FOR SORES AND ULCERS

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces and keeps it open. No matter where located, any sore that remains until it becomes chronic does so because of impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause.

No local application reaches below the infected flesh at the spot, and for this reason can have no curative effect on a sore or ulcer; while such treatment is being used alone, the germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance, the different symptoms show improvement, the flesh around the ulcer gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.
