

MRS. PAUL'S ALIMONY FIXED

Twenty Dollars a Month Till Supreme Court Makes Ruling. PERMANENT AMOUNT IS \$1,200

This is contingent on the action of the Higher Court, to which Mrs. Paul's lawyer will appeal.

Formal entry and signature of the decree of divorce between John S. Paul and Mrs. Nellie Paul took place in district court today, and Mrs. Paul was granted temporary alimony of \$20 a month.

Judge Troup's formal decree covers the same ground as his oral finding at the conclusion of the trial to some extent.

Judge Troup again refuses to state that he specifically finds Mrs. Paul innocent of this charge.

When signing the decree Judge Troup remarked in answer to a question: "Many and many a woman has been declared unfaithful by courts on far less evidence than there is against this woman."

Counsel for Mrs. Paul in arguing the amount of alimony declared: "The sum of \$20 a month is only \$240 for a whole year. This sum will allow Mrs. Paul \$2 cents a week for clothing, for fuel, light and water, 20 cents a week, and for car fare 10 cents a week.

Jurors Are Paid at End of Service

Get Cash for Work Soon as Done First Time in History of the County.

For the first time in the history of Douglas county jurors were paid Monday in cash as soon as service to the county had been completed.

D. C. Patterson was the first in. Mr. Patterson was so prompt that the clerk's office was not yet ready to pay out and Mr. Patterson had to wait.

F. CHILES INNOCENT VICTIM OF A MISTAKEN IDENTITY

He is Taken for L. Scott and is Promptly Released When Error is Discovered.

Frank Chiles, colored, has suffered much embarrassment as a result of being mistaken for L. Scott, another colored man, who was identified as the man who held up the proprietor of two fruit and confectionery stores.

Chiles was arrested and it was thought he was the fellow wanted, but he proved an alibi. The two men were taken to police station together and then Louis Debarberie of 620 South Thirteenth street, whose place was held up, appeared and promptly picked out Scott as the man who did the work.

The mistake was made because of the strong resemblance of the men. When Scott was identified, Chiles was promptly released.

Chiles proved that Friday at 5 p. m. he left his place of employment and attended an evening service at St. John's African Methodist Episcopal church. He left the church about 9:30 p. m., went to his home near Cedar street, ate his supper about 10 p. m. and afterward went to the home of a friend in the vicinity and sat up all night with a sick friend. He was arrested the 9th at noon and released on bond at 6:30 p. m. of the same day.

RIVER AND RESERVOIRS SAME

Water in Those Places Practically Identical, Says the City Bacteriologist.

Health Commissioner Connell has received a report from the city bacteriologist indicating that the water in the river and the water in the city reservoirs is practically identical, by test.

"While the river is covered with ice and at low stage," says the commissioner, "the sands are not moving to help in cleansing the river water, and the air has no chance to help in the clarifying process. Until this condition changes it will be the part of wisdom for all users of city water to boil it."
