PRICE

You will never again buy clothes as cheaply as at this time and this store The recent tariff law makes a raise in next fall's prices inevitable with every store in the country, unless they had the foresight, as did this store, to purchase woolens in anticipation of the raise. Even we will eventually have to pay more, but not for several seasons. Certain it is, however, that we'll never be able to buy. for less, and consequently never be able to sell for less, regularly, than last fall. Take this point into consideration and couple it with the fact that any garment we offer will be good for the rest of this winter, early spring and fall wear and all of next winter and that you pay one half of the lowest price you'll see for years. Even if you've plenty of clothes it will pay you to have more.
