Uniformity of state laws on subjects on to all the states is clearly desirbut when making laws uniform it is of the highest importance to make them also right. In his address, on Monday, before the National Civic federation, on the subject of uniformity of state laws, the president demanded uniformity in judicial procedure that shall put an end to the delay that can now be obtained by the wealthy under judicial proceedings. With resonant beating of drums,
With banners and streamers unfuried;
With three-cornered ensigns abeam,
With hurrahs and rah-rahs abath,
Uncounted as sands by the stream,
The men who were classmates of Taft.

Is the Last Day of Our 25 Per Cent Discount Sale

This is your last opportunity of buying a Browning. King & Co. Suit or Overcoat at such a saving-even if you do not need one now it would pay you to buy and have it for next season, as the style will be as good then as now, for we do not carry the extreme and freakish

You will find big reductions in most every line in our furnishing department.

We start our alterations February 1st and wish to reduce our stock as low as possible by that time, so the next 10 days we will have lots of interesting price reductions that will surely close out the broken lines.
