

Council Bluffs SMITH WILL RUN AGAIN

Frank Everest, Local Manager, Makes Announcement. H. W. BYERS TO BE OPPONENT

Campaign Manager Says Judge Smith Has Done His Best for District and Expects Endorsement.

Formal announcement that Congressman Walter I. Smith will be a candidate for re-nomination at the June primaries was made yesterday by Frank F. Everest of this city, who is looking after the interests of Judge Smith while the latter is in Washington attending the session of congress.

Headquarters have been established by Mr. Everest in the Brown building from which this end of the campaign will be conducted on behalf of Congressman Smith.

"Judge Smith will be a candidate for re-nomination to the office of member of congress from our district at the coming June primaries," said Mr. Everest.

"Judge Smith has supported and voted for every great reform measure during the time he has been in congress, and has himself written several of the laws enacted and amendments to many others.

"In the years he has been in congress he has earnestly endeavored at all times to do what was best for the district and the whole country, as it has been given to him to see what was best. We fully expect the people of the district to endorse him.

"Within a few days Judge Smith will issue a formal announcement to the voters to the district through the newspapers."

Congressman Walter I. Smith is a native of Council Bluffs and is nearly 46 years old, having been born July 10, 1862. He acquired a common school education and studied law in the office of the late Col. D. B. Daily, for many years one of the leading practitioners at the Pottawattamie county bar.

He was admitted to practice in December, 1882, and eight years later, in November, 1890, he was elected judge of the Fifteenth judicial district. He was re-elected to this position in 1894 and again in 1898. In November, 1900, he was elected to the Fifty-sixth congress to fill the vacancy occasioned by the resignation of Smith McPherson, who was appointed judge of the United States court for the southern district of Iowa, and has been re-elected each succeeding two years.

He will be opposed at the primaries by H. W. Byers, attorney general of the state, whose candidacy was recently announced. Although at present living in Des Moines, Mr. Byers has retained his residence in Harlan, Shelby county.

Iowa COSSON IN CHURCH CAMPAIGN

Candidate for Attorney General of Iowa Speaks at Cedar Rapids. WILSON RUMORS STILL PERSIST

Reported Iowa Senators Have Been Given to Understand Secretary Will Be Retired for Younger Man.

(From a Staff Correspondent.) DES MOINES, Jan. 23.—(Special).—Senator George Cosson, special counsel for the state and candidate for attorney general, went to Cedar Rapids today and this evening spoke in the Presbyterian church. He is claimed here the city has the most liberal fill for his contract, and the council wants a change and is thinking of giving the citizens believe the city should own the electric light plant as well as the water works system.

LOGAN—Crawford county is planning to erect a new county home, the structure to cost somewhere near \$100,000. The county with a population of 230,000, in less than five years ago the house burned down and the poor have been crowded into a place kept in other counties. The county is leaving but 100 acres, which is thought ample, and use the proceeds in making the house fireproof and in other ways. Several years ago this same question was agitated, but at that time the tax-payers burdened by the new county house taxation and no action was taken then. It is believed the project will be supported now.

Senator Cosson referred to the legislation and called attention to the fact that the state of Iowa is perhaps the first state of the union to undertake to absolutely forbid and drive out of existence the social evil and banish all "red light" districts under the new law there is not a place of that kind left in the state. He referred to the laws which place direct responsibility upon the law enforcing officers of the state for enforcement of law.

Referring to the duty of the official to enforce laws and to obey all laws, he said: "No man is qualified, no man is fit, to hold public office who does not care more for the principles he maintains than he does for receiving the office, and if he once obtains office he is not fit to be retained unless his desire to properly discharge the duties of his office is far greater than his desire to hold office."

He insisted that the church and for church people in politics there is great need of consideration of moral issues in relation to the state and nation.

Packers and Iowa Rates. A brief for the railroads has been prepared and published in the state in the matter of the railroad rates on hogs, in which it is shown that the real reason the rate is so high is because of the fact that eastern points is that they desired to save the small packing business in Iowa. It is pointed out that at least 10 per cent of the Iowa hogs sent to market are actually killed in Iowa, chiefly at two or three points, and that it was the desire to save this business that led the railroads to so strenuously oppose any discrimination in favor of the eastern cities.

Rumors as to Wilson. There is still a great deal of interest manifested in Iowa in regard to the future of Secretary Wilson. In political circles the rumor is persistent that it has been virtually decided that a younger and more active man shall take his place in the cabinet, and that an Ohio man is almost certain to get the place. At the same time it is leaking out that while the Iowa senators have been very insistent all the time that he be retained, they have received information which leads them to believe that the retirement of Wilson is not far distant.

Canvassing the Districts. There is much canvassing in the congressional district of Iowa to find out where this or that candidate is going to fight at the finish. It is known that the friends of candidates are busy making inquiries among their friends to find out what may be expected on primary day next June. This results in a series of contradictory statements in one way, while not far away it is entirely different. Some of the candidates receive reports that in certain communities there has been an immense change in sentiment, and in others there has been none and no interest is taken.

One of the congressional candidates in southern Iowa who has been out in the country reports that never before has he found at this time of the year such a tendency for school house discussion of big political matters.

Railroad Commission Business. During the last week the State Railroad commission handled over fifty cases of complaint, and closed the following matters: Citizens of Crown against Chicago, Burlington & Quincy Railroad company; action served by the state against the standard shelter at that point Chicago & Lewis, Colo., against Chicago & Northwestern Railway company; stock yards. Company agreed to pipe water to yards, as requested.

A. C. Forbes, Volga, against Chicago, Milwaukee & St. Paul Railway company; failure to furnish cars. Company supplied cars as requested.

S. W. DeWolf, for Mrs. Larsen, Reinbeck, against the Northwestern Railway company; drainage near Dike, Ia. Complaint taken up with company and adjustment made.

Iowa News Notes. OELWEIN—A. M. Odell was today appointed acting judge to succeed Struigis, who has been suspended following an investigation, which it is alleged, showed his accounts to be \$1,249 short.

ESTHERVILLE—The \$30,000 passenger and freight depot, which the Chicago, Rock Island & Pacific railroad has been building here during the fall and winter, will be opened to the traveling and shipping public next week.

MOUNT VERNON—During the lapse of twenty minutes, following the departure of the night express, the arrival of the D. C. Wolfe, the agent, the Northwestern passenger station was broken into here this morning and \$60 was stolen from the cash drawer.

MARSHALLTOWN—The Iowa Central will erect here in the spring a combined business and warehouse office building to cost \$30,000. It will occupy a site near the company's general shops and will be used for offices for the storekeeper, master mechanic and road departments in addition to minor offices.

FARLEIGH—Miss Fietta LeWarron, Ph. D., now of the State Normal school of Madison, S. D., has been elected professor of Latin and Greek in the college of literature at Parsons college of this place. Miss Warren takes the place of Miss Vera D. Luskley, who resigned last August. Miss Warren obtained her doctor's degree at the University of Michigan.

LAKES MILLS—M. J. Gote, a well known banker of Lakes Mills, has sold his interest in the local bank and several other northern Iowa banks he controls to C. E. Paulson, a wealthy banker of Albert Lea, Minn., and his associates. J. P. Morrison will be vice president and resident manager of the local bank. Mr. Gote leaves soon for St. Paul to engage in the land business with his sons.

WILLIAMS—The famous Williams Hornet is dead and his stinger will no longer bother the unrepentant. It is stated that the ill health of Editor Walt H. Hellen is the cause of the paper's suspension. Mr. Hellen not caring to continue the paper unless he could give it his personal attention. As a free-lance the paper proved popular and was widely quoted by exchanges over the state. Mr. Hellen has been in poor health for a long time.

LAKES MILLS—Engineer Ellis Cutting, familiarly known all over the Rock Island system as "Folke Times," and one of the veteran engineers of the state, who has become a pensioner under the rules of the Rock Island road and retires from active

Iowa service in the cab after nearly a half century of faithful attention to duty. Forty three years ago Mr. Cutting entered the employ of the old B. C. R. & N. road, which later became a part of the larger system.

CHRESTON—It has been learned that Fred Lohy, who caused such a sensation on a Burlington passenger train here yesterday afternoon by shooting himself while suffering from dementia, lived near Harper, instead of Prescott, as at first was thought. He has relatives living near Prescott, who identified the body of the man in the undertaking rooms here. He was an unmarried man, a farmer, about 34 years of age, and his sister lived with him, their father and mother being dead. The body will be taken back to Harper for burial.

VILLISCA—Voting twice on the electric lighting question and granting a franchise twice to E. P. Tyler, and each time having the election set aside as invalid is the experience of Villisca; and now the Clarinda Electric Lighting company has put in bids for lighting the city, and has asked for a twenty-five year franchise. It is claimed here the city has the most liberal fill for his contract, and the council wants a change and is thinking of giving the citizens believe the city should own the electric light plant as well as the water works system.

ON TRAIL OF MAIL ROBBERS Sweetheart of Member of Gang Reveals Supposed Hiding Place.

ARRESTS ARE EXPECTED SOON Two Hundred Men Are Surrounding Alleged Hideouts of Train Robbers—Only Three Men in Gang.

ST. LOUIS, Jan. 23.—Officials who are leading the pursuit of the outlaws who held up and robbed a Missouri Pacific train near Eureka, Mo., last night announced late tonight that they have obtained a admission from a young woman living near the scene of the robbery that her sweetheart was one of the robbers.

She also is reported as having disclosed the hiding place of the men, in a remote section of St. Louis county. The 200 men in the bandits pursuing the bandits are now surrounding the supposed hiding place and expect to land their quarry there.

A close watch is being kept in this city, however, as it is known that the men started toward St. Louis immediately after the holding up. The officials also announced tonight that a farmer who witnessed the holdup from the roadside says there were but three men in the gang, and not four, as persons on the train claim.

Earlier claim, which developed in the search for the men, who it is believed obtained \$10,000 by cutting open sixteen mail pouches, show a boat in which the bandits may have floated down the Meramec river to a point convenient to St. Louis, was stolen Friday night a few miles from the scene of the robbery, and the bloodhounds took up a trail which led towards this city. The theory was advanced the robbers may have used an automobile in escaping with their booty. One of the men was an experienced railroad engineer. The local police are looking for this man, as his description is known.

Rewards aggregating \$7,000 were offered today for the arrest and conviction of the outlaws. Governor Hickey offered the maximum which the state allows, \$300 for each man, the Missouri Pacific railway \$300 for each man and the United States postoffice inspection department \$1,000 for the taking of the men dead or alive.

Postoffice Inspector W. W. Dickson announced the list of the bandits may amount to \$10,000. A check on the registered mail pouches was in progress tonight, but it is uncertain when the amount stolen will be known definitely.

A man was arrested in the city today as a suspect. He denied being implicated in the robbery. The safe in the express car, which the robbers failed to open, contained \$90 in cash and valuables.
