

WAR ON POSTAL SAVINGS

Campaign of Education Conducted by American Bankers' Association.

WEST IS ASKED TO FIGHT BILL

Ready-Made Petitions to Congress Opposing the Scheme Are Sent Out, but Get Small Count in Omaha.

Banks and loan associations of Omaha have received circulars from the committee on postal savings banks of the American Bankers' association...

The petitioners say: "Believing that a postal savings bank system would prove detrimental to the best business interests of this community and of the country at large..."

The committee encloses a circular giving figures on the savings deposits in the United States as reported by the comptroller of currency for 1909...

Such a showing, proving that our banks are fully able to care for such amounts as our wise and enterprising citizens may be able to lay aside for a rainy day..."

The matter was called to the attention of the directors of the Nebraska Savings and Loan association at their meeting Friday...

"Country banks are getting a little excited over this matter," said the president of one of the banks. "The republican party is pledged to consider the matter, and my opposition will be credited to the banking interests anyway..."

MAN GETS FIVE THOUSAND FROM THE STREET RAILWAY

Rowland English Obtains One-Fifth of the Amount He Brought Suit For.

A record for street car injury settlements was made in the federal district court when Rowland English, who sued the Omaha & Council Bluffs Street Railway company for \$25,000 for personal injury...

Mr. English alleged that he was struck by a falling live wire while sitting in Riverview park, sustaining serious injuries. The case was filed in district court and removed to the federal court on motion of the defense.

Large Class of Candidates for High School

Principal Graff Greeted by Hundred and Twenty-Five Pupils from the Grades.

Principal Graff of the High school was most agreeably surprised Saturday morning when 125 candidates for admission to the High school met him in response to his call. This number is surprisingly large, being about 80 per cent of the pupils who are to graduate from the grades at this time.

This large class is taken as an evidence of the wisdom of Superintendent Davidson's argument for two graduations a year in the High school. With such a class going in at this time every year, it is argued, the pupils comprising it would have as much interest and pride in looking forward to their own special time of graduation as do the pupils who are to graduate at the long fixed date in mid-summer. It is expected that when the school board learns of the large percentage of pupils entering High school at this time the proposition of the superintendent of schools will be given very serious consideration.

ASK PARK HEDGE CUT AWAY

Captain Palmer, Judge Munger and Others Make Request of the Board.

Captain Palmer, Judge Munger and others living in the vicinity of the west boundary of Hanascon park have preferred a request to the Park board to cut away the hedge now existing along the west side of the park. They urge that to cut away the hedge would be an improvement and also that it would abolish a convenient hiding place for hoodlums, who sometimes hide about the hedge and bother women and children. Some other residents about the park want the board to remove the greenhouse from its present location, on the ground that it is a drawback to their property for residential purposes.

The members of the Park board are not inclined to look with much favor on either of the requests. The hedge they consider very valuable as giving a finish to that side of the park, and they doubt if the greenhouse could be located anywhere in the park that would be more satisfactory than its present site.

It is planned to have the school superintendents meet informally once every four months to consider means of furthering their work and arousing enthusiasm.

Officers of the World's Sunday School association, who are touring the United States, will visit Omaha April 10 and 11. A big religious revival is planned at that time among the Sunday schools of the city. These officers are: Rev. F. B. Meyer of London, president; Dr. George W. MRS. PRATT TO ATTEND TRIAL

Will Come from Boston to Testify When Vinsonhaler-Brome Suits Are On.

Mrs. Julia Montgomery Pratt will come to Omaha whenever the suits against her of D. M. Vinsonhaler and H. C. Brome come to hearing.

Her answer to the petitions against her will be filed in district court in a few days and is asserted will contain the same charges that John C. Cowin made in defending the divorced case and the suit to enforce the ante-nuptial contract.

When the suits come to trial they will be exceedingly interesting if there is anything in what lawyers on either side say. Each proposes to "show the other up."

Bladder and Kidney Troubles

"I have seen wonderful results obtained from its use among my friends and acquaintances, and I consider it one of the best and most reliable medicines I have ever used. It has saved me many a doctor's bill and has proven a blessing to myself and family."—Mrs. L. E. Walker, 85 Litchfield, Atlanta, Ga.

Backache, Sick Headache

"I have found Warner's Safe Cure a sure cure for kidney trouble, from which I have suffered for years. My back ached so much, I was dizzy and had sick headache, and although I tried many remedies I did not find relief until I tried Warner's Safe Cure. I have been feeling so well for months that I feel the cure is permanent."—Mrs. L. B. Arnold, 2427 W. 43d Avenue, Denver, Col.

Kidney and Liver Ills

"Last Spring I was in poor health, my system was run down and debilitated. Cause, liver and kidney trouble. I lacked energy or ambition to do my work and felt that I must have a change and rest. I was advised to give Warner's Safe Cure a trial. I found it so effective that in two months I was a well man. I cannot praise it too highly for the people who suffer from kidney and liver troubles."—Lysander C. Fieg, Wychemere Hotel, Chicago, Ill.

Kidney Poisons in the Blood

THE CAUSE OF WIDESPREAD ILL-HEALTH

How to tell whether your blood is impregnated.

Of all the ills humanity is heir to nothing is more to be feared than those caused by kidney poisoning, because such ailments invariably come on so stealthily that you are seldom aware of their presence until they have actually spread dangerous disease throughout the body.

There are, however, certain signs by which you can tell whether your kidneys are properly filtering your blood, or whether, through some hereditary weakness, chill or strain they are falling in their duty and allowing these irritant poisons to pass unrestricted into the system.

Unmistakable Symptoms.

If you rise in the morning with dull, aching pains at the bottom of your back, and feeling as though your night's rest had not refreshed you; if you are weak, depressed, nervous or irritable; if your head aches, spots appear before your eyes or noises ring in your ears; if your appetite is poor, your thirst excessive, your urine scanty and your complexion sallow; if you have indigestion, bilious bouts, rheumatic pains, and have lost flesh rapidly—if you have one or any of these symptoms you may be sure kidney poison exists in your blood, and you cannot possibly get well until they are removed.

The Essential Remedy

Nothing else can do so much good, nothing can cure you half so quick. Warner's Safe Cure has a steady yet persistent restoring action on the kidneys and brings perceptible relief almost immediately.

M. Heroux Not Like His Name—M. Pauldore Heroux is suing Marie Heroux for divorce in district court on the ground of infidelity. Monsieur Heroux is a cook or chef, as you like, "Heroux," somewhat ironically, is pretty nearly the French equivalent for the adjective "happy." Mrs. Maggie Wise has secured a decree from Elmer L. Wise for nonsupport.

Time Waiting for Trial Counts on Term—After waiting five months in jail for trial John Franks, charged with malicious destruction of a mail box on a rural route near Avignon, was brought to trial in the United States district court Saturday morning. Booze-Buyers Want Their Furniture—The Rumpus Furniture company continues in pursuit of various articles of furniture which got away from them through the alleged deceptions of employes and second-hand men. Street for Back Road to Segals—Councilman Kugel is urging the Omaha Park board to take into care Eleventh street south from William. Some paving has been done on the street, and Mr. Kugel promises that the property owners along the street will pay for the gutters if the board will take over that part of Eleventh street and treat it as a part of the boulevard system. The board will give the matter early consideration.

More in Name Than Conduct With Her—There's something in a name and in the spelling of it, after all. "It's B-t-t-a, not A-t-t-a," was the remonstrance of the colored woman in the police station when the officer was inscribing her name on the records and she saw she appeared as Etia Johnson. She had not, however, been so particular as to her conduct as she was to the spelling of her promiscuous. She had been brought in for a row with a "ouli'd gen'l man."

St. Patrick School Children to Give Concert—The children of St. Patrick's school auditorium, California and Twenty-fifth, will give a matinee Saturday afternoon, February 5, at 2:30 at Creighton college. The program for this entertainment is most elaborate, and for three months the sisters have been training a very large group of children to take part in the various songs, choruses, drills and tableaux to be given.

VAN HUSEN OF OMAHA FOR DEPARTMENT COMMANDER

Present Head of Grand Army Posts of Nebraska Says Van Husen is Very Likely to Win.

Department Commander L. D. Richards of Fremont, with several of the Grand Army department staff, has returned from Fairbury, where they went to make arrangements for the annual encampment of the department to be held in that city May 12 and 13.

Commander Richards said that the Fairbury people are making every arrangement to make the May encampment one of the best ever held in the state and will provide liberally for the entertainment of the old veterans.

"It looks as if the department commandery is likely to go to N. K. Van Husen of Omaha this year," said Commander Richards. "Captain Van Husen is regarded as one of the strong men of the Grand Army out in the state. Colonel Hoagland of Grand Island is also talked of as a candidate and would make an admirable commander. He will have a strong following from the western and northern part of the state, while Captain Van Husen seems to be strongest in the eastern and southern parts of the state. Out at Fremont we have no decided preference either way, as both of the leading candidates possess the necessary qualifications, and the encampment itself will decide the matter right. The Grand Army is in good shape and the reports of the several officers will show a material increase in membership during the last year."

FLEXNER SERUM SUCCESSFUL

New Method of Treating Spinal Meningitis Raises First Patient.

INITIAL TRIAL IN THIS STATE

Mrs. Earl Comstock of Forty-Eighth and Pratt Streets First Person in Nebraska to Be Cured by New System.

For the first time in Nebraska a sufferer from spinal meningitis has been treated by serum injection with the result that the patient has now practically recovered.

Mrs. Earl Comstock of Forty-eighth and Pratt streets is the first Nebraskan to be treated with the serum discovered by Dr. Simon Flexner of the Rockefeller Institute of Medical Research, the treatment being administered at the Wise Memorial hospital.

For a year and one-half a quantity of the serum has been in the hands of the Omaha health department, but until this case there has been no request for it. Spinal meningitis generally results in death, paralysis or at least deafness, and that Mrs. Comstock escaped one or the other of these fates because she was given serum treatment is most likely.

No summaries have been yet made out by Mr. Love and it is doubtful if the road will give them out when they are completed.

FIENDS AND THIEVES' DEN RAIDED AND HAUL MADE

Rendezvous of Delinquents is Visited by Detectives, Who Confiscate Some Loot.

Captured in what a detective described as a resort for cockles, flens and thieves, a shed back of the People's Ice House between Twelfth and Thirteenth streets and Cass and Chicago streets, used as a dwelling by some of the city's outcasts—John Lawrence, who gave his address at 1213 Cass street is held in \$500 bond to the district court for robbing Joe Vinel, a Sicilian, of \$22 and wearing apparel. Lawrence had an partners two negroes. They were also arrested in the shack, but they could not be identified. They got sixty days for vagrancy.

Vinel and some countrymen live at 1217 Chicago street, and when they discovered the hideout in the house they rushed to the saloon of Tony Minardo, 1223 Chicago street for help. Minardo, returning with them, found Lawrence and his pals making their escape by the rear. He used his gun, but without effect and the thieves were temporarily free when they discovered Mitchell and Sullivan on the chase and they located Lawrence in the thieves' resort. When searched at the station he was found to be wearing some of Vinel's clothing.

LOCKED NOW IN DISAGREEMENT

Chicago-Missouri Roads Think They Are Not Getting Large Enough Revenues Out of This Traffic.

Engineers of the Union Pacific are at work in a number of counties of the state gathering data as to the values of properties held by the road. W. L. Love of the engineering department of the road is now engaged in looking over records in the office of the assessor of Douglas county and other men are at work elsewhere.

The Union Pacific and some other roads also are thus moving "to cover up" on E. E. Hurd, engineer for the State Railroad commission. In accordance with a law enacted by the last legislature, ordering physical valuation of railroads, Mr. Hurd has been gathering facts and figures.

The railroads are much desirous of having independent returns from the same source of information in order that when contentions on valuations arise before the state commission the roads may not be compelled to make their fight on the figures of other parties.

DAHLMAN PLANS CAMPAIGN

Mayor Will Overlook No Chance to Make Speeches in State Next Few Months.

Mayor Dahلمان met with such an encouraging reception among the leading editors of Nebraska, gathered at Aurora, that he remained over after his speech Friday afternoon. From now on the mayor's little trips out into the state to address this organization and that will be quite numerous. He is in constant demand as an attraction at gatherings of a fraternal and political nature, also by commercial clubs, and few if any of the invitations hereafter received will be turned down.

With practice the mayor has developed into something like a real orator, and he is taking lessons from City Comptroller Lobeck in the art of hand-shaking and making friends as he meanders about.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its users are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
