

# Married Misery

People often rely on nature unaided to correct evil but it doesn't. One aim of corrective medicine should be to do away with married unhappiness. At the bottom of a deal of misery is found lack of cheerful yielding. Mean selfishness is as surely due to ill-health as famine is to failure. Ungovernable temper—a third fault—is largely the outcome of stomach disorder. All these causes disappear when stomach and liver are keyed to a finely balanced tone. The first sign of on-coming Biliousness, Indigestion or Headache, should suggest old Dr. Pierce's Golden Medical Discovery. No other known medicine contains so complete a curing-power for disordered stomach and torpid liver—"Twill avert many a conflict between man and woman.

Take pains, however, not to insist too strongly on having your own way except with the druggist—insist that he give you Dr. Pierce's Golden Medical Discovery.

Constipation is always aggravating. A costive person is hardly fit to associate with—while free and easy bowel action tends to make the grouchy grumbler a cheerful optimistic, lovable and full of hope. Dr. Pierce's Pleasant Pellets, taken now and then, move bowels gently once a day. That's enough.

## WIRE OUT FOR FOREIGN VOTE

### Dahlmen Men Busy Seeing Newcomers Naturalized.

### FELIX NEWTON SKILLED AT WORK

Man Whom Governor Shallenberg Pled from Lincoln Asylum Formerly Attended to Task for Democrats.

(From a Staff Correspondent.) LINCOLN, Feb. 1.—(Special.)—It became public property today why Mayor Dahlman of Omaha is so sure of defeating Governor Shallenberg for the democratic nomination for governor. So sure are the friends of the mayor that he will secure the nomination for governor, that they have now that in Lincoln Dahlman will get a larger vote than will Shallenberg. The assurance of these friends is based on the fact that many foreigners will take out their first naturalization papers in time to vote in the coming primary. Those who have this matter in charge say there are 3,000 foreigners here who have not yet taken out first papers and that they will take them out this year in time to vote for the Omaha mayor and almost a man they are counted on to be for him.

Not only are Dahlman's friends preparing to secure the big foreign vote in the primary here in Lincoln, but they are also working in Nebraska where there are many foreigners they are being organized to help out the Omaha mayor.

Loss of Felix Newton. Heretofore the democratic committee of Lincoln has secured many of the foreign vote for its machine candidate for the nomination for any office, but this year the committee is without its organizer, Felix Newton attends to this work for the democratic committee because he is a Russian, born in Russia, and he speaks practically every language represented by the voters of Lincoln, and he has refused this year to help organize the campaign for Shallenberg.

Several papers published exclusively for the foreign voters of Nebraska have taken up the trouble between Superintendent Woodard of the Lincoln asylum, and they are opposing Governor Shallenberg.

Dahlman spoke at Aurora last Saturday, and his speech in the afternoon, according to a party from Lincoln, was very good, but could not have been more temperate. So with Dahlman's conservative speeches and his organization, his friends say he does not have to come to Lincoln and croak the knee to the governor and call him "boss."

Senator Klein Reports. Senator Klein of Gage county, who suffered severe injuries in a fall from a horse, was blown against a tree while on the road to the state house, called on the governor this morning, but what he said to his excellency was not made public, but he went away from the office seemingly well satisfied that the governor was the big chief of the party.

Boehler a Hawkshaw. Joe Boehler, deputy game warden, had the distinction a day or two ago of arresting and causing to be fined \$100 a man who admitted killing a deer. The animal was killed on November 15, and since that time local deputes at the Little Rock and Thurston counties have been busy on the case without success, so Boehler hid himself to Pender a few days ago and turned the trick.

Jack Webb was arrested and pleaded guilty of the boy. A brother and cousin of the girl followed the couple to Lincoln and caused their arrest.

Mrs. R. C. Perkins Dead. Mrs. R. C. Perkins, mother of Clark Perkins, secretary to the State Railway commission, died at her home in St. Paul this morning. Mrs. Perkins had been ill for some months and her death was not unexpected.

Church Federation Officers. Officers were chosen Tuesday afternoon by delegates to the state council of the Nebraska federation of churches at the meeting held at the First Presbyterian church. The committee on nominations reported as follows: For president, F. P. Wigton of Elgin; for vice president, Chancellor Davidson of Wesleyan; for secretary, S. Z. Eatten of Lincoln, and for treasurer, Charles Gilmore of Lincoln. The report was adopted. Rev. Mr. Batten and Rev. Mr. Wigton were re-elected to the offices.

Representatives of eight denominations, twenty-five delegates in all, were enrolled at the state council of the Nebraska federation of churches, which began its sessions at the First Presbyterian church Tuesday at 10 a.m. About forty delegates are expected before the council adjourns on Wednesday evening.

As stated in the constitution of the new federation, the purpose is to promote a spirit of co-operation among the churches of the state and to perform the functions that can better be carried out in concert than separately. The Christian churches of the state are eligible to membership.

Sneak Thieves Busy. The police are hunting three men who were seen to have picked up a pocketbook belonging to John C. Johnson of Ellisville, O., on Tenth street Tuesday morning. The pocketbook contained \$60 in cash besides two drafts totaling \$300. Johnson has been visiting friends in Lincoln and lost the pocketbook, which the police say three men were seen to pick up shortly after.

Right-of-Way Suit. Judge Lincoln Frost found in favor of the plaintiff, the Rock Island railroad, Tuesday, in the suit brought against H. E. Erskine and the heirs of H. E. Erskine to secure possession of a part of their right-of-way alleged to have been unlawfully

Berryman in the Presence. Colonel E. P. Berryman "hepped" into the presence of the governor this afternoon after considerable of a wait and the two were in an extended conference. Colonel Berryman was the guest of the governor wherein the governor was persuaded to forget his allegiance to free labor of Nebraska and signed the contract for the use of convicts in the manufacture of shirts in the state penitentiary. Whether the colonel was called upon the carpet to suggest a way to get the governor out of that scrape or merely called to assure that the Douglas county is for him for a second term, neither said.

Young Couple Arrested. Mabel Sergeant and A. M. Bates were arrested by the police today, the boy held on a charge of abducting the girl, who is under 15 years of age. They lived at Osceola, Ia. Bates informed the police that he and the girl were married before they left Des Moines and the officers said they

ADVANTAGE 14: In IDEAL Boilers the same water is used over and over and over again. It is not necessary that a water or steam plant should be supplied direct from the street water-main, as the system when once filled requires but a small amount of water to replace the loss due to evaporation; hence Boilers, either steam or water, are installed in farm-houses and other buildings remote from water-works supply. ## Boys Make Effort to Break Jail

### Waifs from St. Joseph Nearly Succeed in Escaping at Beaver City.

BEAVER CITY, Neb., Feb. 1.—(Special Telegram.)—Two boys about 16 and 17 years of age, who are confined in county jail on a charge of burglary, attempted to escape last night, nearly succeeding. They cut one of the water pipes and iron braces from the support of the water tank, and with these had forced the jail doors until an escape would have soon been possible. One of the boys was overcome by the work, which had lasted all night, and had given in. The boys have given several different names, but as nearly as can be learned they are George Oststadt and Herbert Birchard, waifs from St. Joseph.

They are charged with breaking into a store at Cambridge, January 15, and stealing about \$50 of knives and razors. They were captured at McCook with some of the stolen property.

## JUDGE REFUSED TO HOLD COURT ACROSS TOWN LINE

### Custer County Commissioners Find New Quarters Unfit to Legal Technicality.

BROKEN BOW, Neb., Feb. 1.—(Special.)—District court convened yesterday, but not on schedule time, much to everyone's surprise. After the burning of the court house, the supervisors cast about for a suitable place to hold district court and finally decided on Woodmen's hall. This location is north of the tracks and some distance from the base of county operations. When Judge Hostetler arrived today he refused to occupy the new quarters, giving as his reason that they were not within the limited limits of the original town of Broken Bow, and that all kinds of trouble and inconvenience might arise were he to allow the records to be transferred from the south side. It appears that the original town was laid out on a plat of 30 acres, south of the tracks, and the legal business of the county seat has always been carried on within those limits. The supervisors, realizing there were grounds for the judge's objection, immediately secured Caldwell's hall, where, after a delay of several hours, court convened late in the afternoon.

This is not a jury term, but the judge will probably hear the cases of Day and Edwards, who had charge with that larceny, providing they plead guilty. They are now at Grand Island for safe-keeping and will be brought here Tuesday. Dick Short, charged with horse stealing and who is supposed to have been a pal of Day's when the horses disappeared last fall, has been located in Des Moines and is being held by the authorities there until Sheriff Kennedy can go after him.

Better Take All Kinds of Precautions, Boil Your Water.

PEOPLE ALL OVER TOWN

We read every day about the many new cases of sickness, why we should boil the water, and to use all kinds of precautions to ward off sickness. All these words of advice are good, but—

If you are sick, suffering from some of the well known chronic diseases the best advice is that you go to the specialists, who have made such cases as yours his life study, whose methods of treatment are the best, where money consideration does not have to be figured on.

The Radium Medical and Surgical Institute, are the best specialists of chronic diseases west of Chicago. The other day one of the greatest cancer cases in the history of the country was given its first treatment. The natural Radium was used direct and the patient said after twenty-four hours that nothing had ever had such a comforting effect upon it. The Radium Doctors are making this a special case. It is their intention to apply the Radium to the naked wound for eighty hours. There is no method of treatment and few doctors that would attempt such a case, but great hope is being shown and it is believed that a permanent cure is certain. (We will give further information about this case as the case progresses.)

The free Trigit treatment that the Radium Doctors have been giving will only last for another week. Never before in the history of Nebraska has there been so many cases of chronic diseases of long standing permanently cured. Every patient has been told honestly just what these great doctors could do for them. No certain incurable cases were taken. No charge for examination and consultation. Hundreds of homes have been made happy.
