ROW YOUNG instead of old is not a theory with me; it is a fact that I have proven in my own case, as can be attested by the shousands of people who know me. I am practically twenty years younger today than I was a year ago. I mean by this that I look younger, feel younger, and am enabled to do more work and better work than ever before. Every day

I am asked by my friends what reme-dies I take to renew my youth. So general has this inquiry become that I here offer the formula to the public.

First, I have divested myself of all selfish ambitions. I

have driven from my heart all enmity, all elfishness, all hatred, all envies, and in

selfishness, all hatred, all envies, and in their place, I have housed sympathy, charity, hope, forgiveness.

Second, I have ceased to put into my stomach food that irritates and taxes my energies or drink that excites and burns up my vitality.

Third, I have discovered that nearly all ailments are due to an irritated or clogged condition of the bowels; that the bowels are simply incubators of microbes; that the bowels are simply incubators of microbes; that the bowels, being a sewer pipe for the human system, should be kept clean, clear and sanitary; that it is inconsistent with science and the intelligence of the Twentieth Century for one to carry around for several hours, or even days, quan-

Some of the most learned exicutists agree with me that nearly all ailments agree with me that nearly an ailments are traceable to the bowels. Metchnikoff, in a forcible article, states that old age is but another name for relf-poisoning from absorption of foecal product from the colon.

by keeping the alimentary canal clean and saultary.

Working on this thought, I have had my chemist produce Munyon's Paw Paw Laxative Pills, which not only act as a digestive and liver panacea, but have the action of flushing the bowels, not as a purgative, but as an antiseptic cleanser. I claim that it is impossible for a person to

for a person to

dyspepsia, to be billions or have any liver allment, who will take a Paw Paw Pill every night. They enable the stomach to get all the nutriment from the food that is put into it, thus keeping the nerves and assues of the body fred with the vital elements essential to life. I do not believe there is a better blood purifier than Munyon's Paw Paw Pills. They soon clear the complexion of sallowness, pimples and skin cruptions, and give the cheeks a youthful glow; in fact, they brighten the eye and give a vigorous force to the whole body.

In order that every one may use these pftls. I have put them up in two sizes, a trial vial of ten pills for 10 cents, and about fifty to the bottle for 25

cents.

I most urgently ask every person who suggests from any form of indigestion, black or liver allment, especially those with are troubled with constipation, to give these pills a trial. They contain no calonel, no dope. They are soothing, healing and stimulating, and school the bowels to act without physic,

West L Street Citizen Says Car Line is Much Needed.

LITTLE PROSPECT OF LAW SUIT

N Street Dwellers Not Disposed to Make Any Trouble Over Improvements-Jewish Society

Concerning the much discussed West L street car line extension one of the citisens of the section to be accommodated sends the following letter, which, although signed as a citizen, reflects pretty strongly the sentiments of the people of that neighborhood who have waited long for improvements to come in their direction. The citizen expresses some sarcasm for seople of other sections of the city who find in the car extension a cause of injury and this feeling is doubtless caused by the numerous delays and disappointments the westside has suffered. The communication is as follows:

SOUTH OMAILA, Feb. 3.
To the Editor of The Bee:—In regard to
the article in last evening's paper concerning the West L street car extension,
it seems as if the South Omaha merchants are trying their best to discourage
and prevent the extension of the West L
street line.

and prevent the extension of the west Listreet line.

In the first place, there is no other live stock market in the great United States that has as poor street car accommodations as the one here in South Omaha. It stands as third largest in the world. And one can safely say that the live stock market has made South Omaha what it is today.

s today.

Take the live stock market out of South maha and what have you left? Nothing but a bunch of growlers on N street, that ts all.

The citizens of South Omaha ought to be proud that the street car company has taken an interest in their city and is willing to give them better car service, Omaha would be only too glad to get such an extension.

"La Boheme" at the Boyd.

"La Boheme" with an accent on the first "e," "Bohemia" or "The Bohemiana." How about the West L street citizens? Are they not entitled to street car accommodations? They have to pay their city taxes same as people on N street. At present there are great prospects for the West L street locality. Good home sites at reasonable prices are opening up for the working class of people, which largely constitutes the city of South Omaha. Take the working class of people out of South Omaha and what have you left? Nothing but a bunch of N street greewiers.

There is only one way to reach the law is the service which we have at present. Walk, walk, walk. Which would be better for our city, walk such a winter as we have just been having or ride on a car? It wont cost any more. Which will better the working and the stockmen, the street car company, or the N street growlers.

N Street Not Opposed. From an anonymous source as well as the first communication comes another letter stating that the N street property owners have no intention of opposing the L street car line by an appeal to the courts. The communications reads: "That rumor Bohemia "the player is crowned when the that the N street owners are to sue the a made up story.
