MAUPIN STILL ON TRAIL OF EMPLOYERS OF FEMALES

Labor Commissioner Continues His Stay to Insist on Proper Regulations. State Labor Commissioner Maupin has again established himself in parlor 2 at the Paxton hotel and will remain until Saturday afternoon. He reports there are still several large employers of girls and women that have not secured the placards they are required by law to post. "They are to have one more chance," said Mr. Maupin. "I do not want to take extreme measures unless I am compelled to, but now is as good a time as any to bring the whole question of the enforcement of the state labor laws to a head. Besides the regulation of female labor, there are several complaints pending in my office against alleged violators of the child labor law. What will be done in those cases depends entirely on the disposition of the parties concerned. If they quit their bad practices and stick to the letter of the law we shall be satisfied. If they do not, they can have a fight in court. "And I want to direct attention to the fact that a statute exactly similar to that of Nebraska, governing the employment of female labor has been strongly upheld by the supreme court of the United States, in a decision written by Justice Brewer in a case carried up from Oregon. The hours between 6 in the morning and 10 at night are surely long enough in which to put in ten hours of work. Employment of girls and women outside these hours must cease."

S.S.S. NATURE'S CURE FOR RHEUMATISM

In a disease so painful as Rheumatism, medicines containing opiates and nerve-quieting drugs are often used. Such treatment is dangerous not only because it frequently causes the sufferer to become addicted to the drug habit, but medicines of this nature are always injurious to the system. Rheumatism is a disease of the blood, and its cure depends entirely upon a thorough purification of the circulation. As long as the blood remains saturated with uric acid, an inflammatory condition of the nerves, muscles and tendons of the body will exist, and the pain, aches, soreness, and hot, feverish flush of Rheumatism will continue. The one safe and sure cure for Rheumatism is S.S.S. It is nature's remedy for this disease, made entirely of the healing, cleansing juices and extracts of roots, herbs and barks from the natural forests. S.S.S. does not contain anything that is in the slightest way injurious to the system. It is absolutely and purely vegetable, and free from opiates or sedatives of any kind. S.S.S. cures Rheumatism by removing the uric acid from the circulation. It makes the blood pure, rich and healthy so that instead of depositing sharp, uratic impurities into the muscles, nerves, joints and bones, it nourishes every portion of the body with natural, healthful properties. Book on Rheumatism and any medical advice free to all who write and request it. THE SWIFT SPECIFIC CO., ATLANTA, GA.
