Omaha Lads Expected to Figure Largely in Contests-Plans Contemplate Making of an In-

teresting, Good Show,

Considerable progress has been made during the week in the promotion of the big indoor field meet, which is to be held at the Omaha Auditorium March 4, and to which the leading colleges and universitics of the Missouri valley have been invited, as well as some of the leading high

The committee which is arranging the meet made a wise move when it selected Lieutenant Michaelis, aide of Colonel Gardener, of the Sixteenth infantry, to take charge of the correspondence and to not as secretary. Lieutenant Michaelia has had a large amount of experience along these lines as he has promoted big meets in Boston and last spring had charge of the meet at Fort Crook.

Omaha High school students are starting big indoor meet to be held at the Audi-torium and are confident that the Omaha the best way to do it is to promote a in school and the new material promises | bound to be successful. to give the older men some lively opposithat state meet again for Omaha.

Johnson is not dissipating, as report tells us. meal the rumor has it that he had to be more interest in the indoor training.

carried to his room. "It is still a question whether Jeffries can

PLANS FOR HORSE RACE MEET

Outside Towns Are Urging Omaha to Promote a Meet for This Summer.

GUARANTEE FUND IS NEEDED

Horse Show Directors Are Urged to Use Some of Their Money in This Way to Start the Movement.

An effort is now being made in Omaha to promote a race meet for this summer, but the promoters are meeting with little encouragement. These promoters maintain that the Omaha public is hungry for some good horse races and that a start could be made at a small expense by getting up a circuit of towns consisting of Omaha, Tekamah, Columbus and Fremont, each of which could well afford to hang up \$500 purses and thus insure first class horses. In the Nebraska circuit as it is now organized some of the towns hang \$500 purses and some but \$300 and this makes some dissatisfaction among the horsemen, whereas if there was a complete circuit of cities with good purses, some good meets could be held.

All these smaller towns pull off successful meets and the claim is made that race meets in Omaha would be bound to succeed with all the population of Omaha, South Omaha and Council Bluffs to draw from. Blair, Tekamah, Fremont and several other smaller towns have meets which are financial successes and which fill up the towns during the week of the meet. Tekamah made \$3,000 last year on its meet. Several Iowa towns have written to horsemen in Omaha urging them to promote a meet in this city to induce horsemen to come to this section of the country that they might get some of the horses for their meets. It would also stimulate the horse business, which is growing all the time.

Horse Show Money on Hand. The Omaha Horse Show association still their preparations for their track and field has \$3,000 in its treasury left over from work, both indoor and out. They expect the last horse show and horsemen claim the school to take an active part in the that as this money was raised and made boys can head off a good share of the race meet in Omaha. A contractor has high school trophies. Indications are that made a proposition that if the Horse Show the high school will have the biggest track association will put up \$1,500 he will put of its school history this year. up a similar amount and thus insure the Practically all of last years letter men are start of the meet, which if once started is

clay courts.

Western tennis men have been combayting for some years for recognition as a factor in tennis affairs and it remained for the Omaha tennis men to fight their way to the front and put Omaha and the west on the tennis map of the country. When the national association sanctioned the clay court tennis championship for Omaha at its meeting Friday It simply carried out the wishes of the tennis men of the entire west.

Two years ago the Omaha Field club made formal application for the creating as a fixture a national clay court champlonship to be held annually on the Field club courts, but the easterners have, until this time, remained firm in their efforts to keep control of the championships.

A year ago concerted action was started by the tennis men of the west to try to force recognition at the hands of the easterners and now their efforts have been crowned with success. Will M. Wood of the Field club, Dr. P. B. Hawk of the University of Blinois and Ralph Eberhardt of Cincinnati have been the prime novers in this campaign to arouse a sentiment in favor of the clay courts. The 'American Lawn Tennis." the official organ of the association, has been kept full of articles on clay courts until a sentiment was aroused which crystalized in
