Beyond Your Reach? NEGATIVE

Don't worry about the foods that are beyond your reach. Cut out the expensive foods for a while. You can get along without them-but you will need something besides starchy vegetables to sustain strength. Make your "meat"

SHREDDED WHEAT

It contains more real body-building nutriment than meat or eggs. It is more nourishing, costs much less. It is always the same price-always cleanalways pure-always the same. Your grocer sells it.

Shredded Wheat Biscuit is made of the whole wheat, steam-cooked, shredded and baked in the cleanest, finest food factory in the world. It is ready-cooked, ready-to-serve. Two Shredded Wheat Biscuits heated in the oven to restore crispness, and eaten with a little hot milk, and salted or sweetened to suit the taste, will supply all the energy needed for a half-day's work. If you like it for breakfast, you will like it for any meal in combination with vegetables, baked apples, sliced bananas, stewed prunes or other fruits.
