Action at Nebraska City, Following Visit to Peru-Resignation of Searson Has Been Accepted.

NEBRASKA CITY, Neb., Feb. 9.-(Spe of the State Normal school at Peru was Tuesday dismissed from his place at the head of the school by the State Normal Board in session here, dismissal to take effeet at the end of the term of the school year, which will be about June 1.

This action was not unexpected in view of the statements of some of the board members, who have been openly opposing the further continuance of Mr. Crabtree as head of the Peru Normal school since his activity during the last legislature in avcuring the passage of the bill creating a new pormal board, which supplanted the Nemaha member of the body, Dr. Shellhorn, and brought about the appointment by the governor of Thomas J. Majors. That law was declared invalid by the supreme court. It was also said during the meeting tonight that Mr. Crabtree had refused to co-operate with Dr. Shellhorn since he has been reinstated.

A great many school men of the state have been opposing the expected action and hosts of telegrams have been pouring in upon the members since their determination has been apparent, asking them not to displace President Crabtree, on the ground that he has built up the Peru Normal school, during his incumbency, with rare ability.

Accept Searaon's Besignation. The board tonight also accepted the resignation of Prof. J. W. Searson of the faculty of the Peru school, which had been submitted several days previously. It was said Prof. Searson has an offer of a position in the department of university extension at the State university under former State Superintendent Jasper L. Mc-Brien, and it was also said there is no certainty of his securing this position until offer of a position in school work outside Koester.

What To Do For a Cough

Here is a home-made remedy that overcomes an obstinate cough quicker than any costly medicine you could buy. Any woman can easily make it

Granulated Sugar Syrup131/2 oz. Pinex 21/2 oz. Pinex ... 2½ os.

Put the Pinex in a clean pint bottie and fill up with the syrup, made as follows: Take a pint of Granulated Sugar, add ½ pint of warm water and stir for about 2 minutes. Take a teaspoonful every one, two or three hours. It tastes pleasant—children like it.

This simple medicine is also splendid for colds, whooping cough, bronchitis, incipient consumption, chest pains, etc.

chilis, incipient consumption, chest pains, etc.
Pinex, as you probably know, is the most potent form, Norway White Pine Compound. It is rich in all the well-known pine elements. None of the weaker pine preparations compare with the real Pinex itself. Your druggist has it or will gladly get it for you.

for you.

The full pint of this effective cough syrup can be made for 54 cents. It keeps perfectly, and lasts a whole family a long time.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.—Adv.

AMATEUR MEET A SOCIETY HIT Indoor Track Games Promise to Bring

Out the Gay Ones.

The big amateur indoor athletic meet at the Auditorium March is promises to be quite a social affair as well as athletic, judging from the way the boxes are being taken up. An effort will be made to have it rival the horse show in popularity.

Boxes will be placed all around the arena and some of these are already sold.

The board of governors of Ak-Sar-Ben has bought a box in which they will entertain friends that evening. The Commercial club will have a box in which it will entertain the Greater Des Moines committee of thirty. Members of the Racquet club will have some boxes for their friends and society will turn out in force to watch the collegians compete in feats of strength and skill. One of the features of the meet will be a wall-scaling contest between two troops of regulars from Fort Crook. Out the Gay Ones.

More Stars Under Ban.

IOWA CITY, Ia., Feb. 9.—(Special.)—More disqualifications of star athletes were made known yesterday in the University of Iowa and it is reported that the basket ball team will be without the services of Hyland, center, and West, guard, next Frhiay evening in the contest against Grinnell for the state championship. It is said these men have received "cons" which perhaps cannot be made up by that time. Many good students have been caught in practical elimination of the eligible athletic material by the State University of Iowa faculty. Merle Alderman, one of the best athletes in school, was put out by the French department. He had never had a blot on his scholastic record either in the Marion High school, Lake Forest college or his first year in the University of Iowa Currie, considered one of the brightest students among the freshmen athletes, is said to be on the list, and others rumored to be on the debarred list are Burrell, captain of the base ball team; Fife, freshman pole vaulter; Tailman. Nebraska University Will Likely Form Team to Try Out Game.

Form Team to Try Out Game.

LINCOLN, Feb. 8.—(Special.)—The University of Nebraska may take up the game of soccer foot ball and play a schedule of five or six games next fall. This is the statement made today by a faculty member of the Board of Control. He said it is not the intention of the Nebraska board to abolish the American game at this school, but simply to supplement the new form of foot ball.

The Nebraska menters first conceived the idea of playing soccer foot ball, when challenges to games for next fall were received from the Universities of Chicago and Illinois. Those two schools have organized soccer squads for next season and will play regular scheduled games. They wish games with the Cornhuskers. Selther Chicago nor Illinois has abolished the American game, but will play it as heretofore. The Maroon athletic board, however, has not permitted stags to complete his schedule of gridiron games, and word has gone out that the reason for this is that the Chicago mentors wish to abolish the old form of play. The real reason is that Chicago wishes to treat Minnesota to a cold reception until the Gophers drop Michigan from their schedule. Minnesota to a cold reception until the Gophers drop Michigan from their schedule. Foot ball will be played at all the "Big Nine" schools next season, is the word that has come to Lincoln.

And speed during the base ball season as he has been showing around the alleys, Pay Rourke will be on his trail this summer.

Kit Carson is still the champion among the hold-timers. The way that old chap trims the youngsters is a caution.

Bob Manley and his famous Brandeis Store boys have reserved 8, 2 and 10 at the Francisco alleys for every Wednesday night until the season closes. They have been shooting pretty good ten pins lately, too. Fat Harwood has it on Bob at that and is willing to give him a chance for revenge any time he wants it.

Every old sore is an external symptom of a depraved or polluted condition of the blood. These festering places on the flesh are kept open and in a state of irritation because the circulation is continually discharging into them the impurities and morbid matters with which it is filled. This polluted condition of the blood may be the remains of some constitutional trouble; the effect of a long spell of sickness, which has left the blood stream weak and germ-infected, or because the natural refuse of the body, which should pass off through the proper avenues, has not all been eliminated and has been absorbed into the circulation. External treatment may cause the place to scab over temporarily, but the blood is not made any purer by such treatment, and soon the sore will return or break out at another place and be as bad or worse than before. S. S. S. heals old sores by removing every particle of impurity from the circulation. It goes down so the very bottom of the trouble and so completely changes the circulation that there is no longer any impurity to drain through the sore, but the place is once more nourished with rich, healthful blood. S. S. S. heals the sore from the bottom, the skin regains its natural color, and when S. S. S. has thoroughly cleansed and purified the blood the place is permanently healed.
