BIG STRIKE UP TO FIREMEN

Vote of Individual Members Will Settle Question by March 1.

ALL WESTERN ROADS INVOLVED

Committees Will Meet at End of Month in Omaha, Galesburg, St. Paul and Chicago to canvass the Vote.

Whether or not a general strike shall be called on the railroads operating west of Chicago now rests with the individual members of the Brotherhood of Locomotive Firemen for a decision. The question has been submitted to a referendum vote to the firemen on fifty-seven roads and their votes must be in by March 1.

During the last week in February the grievance committee of the Union Pacific branch will meet at the Arcade hotel to determine the vote of the men on the road. Local members of the Burlington branch will report to the grievance committee at Galesburg, Ill. The votes of the Northwestern men will be turned in at Chicago, the Milwaukee employees at St. Paul and the votes of the other roads operating out of Omaha in Chicago also.

At the recent conference held in Chicago of western railroad managers and a committee from the firemen the employees were flatly refused an increase in wages and were also turned down on their petition asking that the brotherhood be given jurisdiction over engineers who maintained membership in the order.

The railroad managers offered to submit the wage question to arbitration. It is on this matter that the men are now called upon to vote—that is, whether to permit the matter to pass on through arbitration or to strike.

The general manager's committee representing the railroads is composed of W. C. Nixon of the Frisco as chairman, W. L. Park of Omaha, general superintendent of the Union Pacific, D. L. Bush, F. E. Ward, J. E. Hurley, J. M. Warner, W. D. Cantillon, G. A. Goddell, A. W. Trenholm and H. G. Simoes. A. L. Mohr, vice president and general manager of the Union Pacific, is now in Chicago.

Although there are those who point to

the failure of the switchmen's strike in the northwest as an indication that the strike talk of the firemen will finally end in disagreement among the men. The firemen's grievance is, nevertheless, considered in a more serious light. Many assert there is every possibility that there will be a strike.

Weakness in the switchmen's organization is pointed out as the reason the men lost in their walkout. Many of the switchmen belonged to the switchmen's union, although a large number belonged to the Order of Railway Trainmen. When the switchmen went out it was found that there were sufficient trainmen to be enlisted to fill the places of the strikers and thus carry on the major part of the railroads' business.

The firemen, however, are not divided against themselves as the switchmen are. All of them belong to one order, the Brotherhood of Locomotive Engineers. Many engineers retain their membership in the firemen's organization, owing to the lower insurance fees and dues.

In the switchmen's ranks there were two opposing forces, the "Snakes" and the "Stingers." The "Snakes" were the switchmen and the "Stingers" the trainmen. The animosity between these two classes was the cause of the failure of the switchmen's strike.

PHILIPS AND WIFE AT OUTS

Reconciliation Before Husband's Trial for Murder of Marsh Hamilton is Unlikely.

Hostility between Jim Phillips and Mrs. Phillips shows no signs of abating and it is highly unlikely that the two will be reconciled before the trial of Phillips in district court for the murder of Marsh Hamilton of Florence.

The trial will begin before Judge Estelle next Wednesday. Phillips is in the county jail and Mrs. Phillips is living with a relative on Monroe street. Mrs. Phillips has expressed a willingness to take the stand, but if so she will have to be called by the defense. The prosecution made an attempt to get the testimony in of a husband against a wife in the trial of Mrs. Atts Banner, but was overruled by Judge Sears.

FINES PAID PUBLIC LIBRARY

More Than Twelve Hundred a Year for Forgetting Books.

ONE MAN HAD TO PAY \$11

Looking After Return of Books and Collection of Fines is No Small Task for Miss Tobitt's Staff.

Total fines, 1909.....\$1,240.49
Fines, January, 1910..... 118.52
Highest month, 1909..... 115.54
Highest individual fine..... 11.00

This is what it costs Omaha library patrons who forget. Think of it. Over \$1,000 in fines because borrowers fail to return books on time.

How would it make you feel to draw out a volume and keep it so long that you were compelled to fork over \$11 to make yourself square with the city? That's just what one man did last year. The story is all the more tragic from the fact that the man didn't even read the book.

"When a person is fined it's his or her own fault every time," declared Miss Edith Tobitt, the librarian. "We give our borrowers every possible chance to escape; we send them a notice, then a second notice and as a third warning notify the manager. If the borrower doesn't return the book, then and pay up we send a collector out to see the patron in person."

They Jog 'Em Up

That the librarians do their utmost to jog the memories of forgetful borrowers is shown in the system used in Omaha. When a book is due the subscriber is notified by postal. For the first two days that the book is overdue a fine of 2 cents per day is collected. After the second day the daily assessment is 5 cents. On the eighth day overdue, the person who guarantees the patron's card is notified by mail. This usually closes the matter. If the book is not returned within a reasonable time after that a collector is dispatched to interview the offender.

It takes nearly two hours' time every day for one librarian to fill out the notices for the mail. These cards cost the library 1 cent each and in addition there is the printing bill. Thus the total income from fines is cut down considerably by the cost of postage, and the expenditures for labor.

"Professional men are our worst offenders," said Miss Tobitt. "I refer in this class to those who draw out books for study or reference. Professional men are slow to heed the notices, they simply defer returning the books and the fine piles up."

"The fines are not designed as punishment. They are imposed in order to keep books in circulation. When persons know they must pay a penalty for keeping books overtime they are more careful to return them."

People who keep books overtime are not alone the sufferers by paying fines. Others may be on the waiting list for that particular book. This is patent from the fact that many new books are bought to take

the places of books that have been withheld long enough to create a demand from other borrowers.

Woman Loses a Jewelry Store

Mrs. Eleanor Miller Sues Pullman Company for \$1,000 to Pay for Four Rings.

Mrs. Eleanor Miller is in county court endeavoring to get from the Pullman company the sum of \$1,000 to compensate her for four rings she says were stolen from her in a Pullman sleeper the night of June 2, 1909.

The rings are thus described: One gold ring, set with pearls. One ring with two diamonds and one emerald. One ring with one opal and one diamond. One ring with one diamond and one ruby.

Mrs. Miller avers that she left Omaha for Portland June 2 and reached her destination June 26 and that the rings disappeared from her berth the night before.

IOWA MAYOR A MILD CRITIC

Chief Executive of Shenandoah Wonders at Omaha's Abuse of Machinery.

Mayor O. H. Pritch of Shenandoah, Ia., is in Omaha, accompanied by Charles Aldrich, a member of the city council of Shenandoah, and J. I. Brorby, a prominent citizen of that place. They came to Omaha to examine the sweeping and flushing machines in use here, as their city is about to purchase some machines.

When Street Commissioner Flynn took the Iowa men back to the city hall after showing them the city tool house, on the outside of which the machines are stored, Mayor Frink remarked, "Omaha treats its costly machinery just as the shiftless Iowa farmer of the old day used to treat his machinery. Nowadays every farmer who amounts to anything takes as good care of his machines as he does of his stock. Your city ought to furnish a place to store valuable machines before it buys any more."

GO-TO-CHURCH CAMPAIGN BEGINS SUNDAY MORNING

Movement Made by Local Federation Will Be Pushed for Seven Sundays Before Easter.

"The Go-to-Church" campaign is to be instituted by the Omaha Church Federation Sunday, to be continued through the seven Sundays before Easter.

This is the third of the movements conducted by the federated churches this year. The plan includes little more than an effort on the part of each church to make the services more attractive and, as one minister has expressed it, "give an opportunity of occasion for many who have neglected their church attendance to find an excuse for going."

This same plan has been tried with marked success in the federated churches of Providence, R. I. The time, the Lenten season, is considered especially favorable.

The "Go-to-Church" campaign has received the approval of many Omaha members of the clergy, both of those in the federation and those outside.

The church federation has issued this invitation on small cards for distribution in connection with the campaign:

CHURCH GOING CAMPAIGN.
Seven—Find a church home.
Sundays—Attend your own church.
Feb. 13—Begin Sunday morning, Feb. 13.
Feb. 20—All the family together.
Feb. 27—If you can't "stranger," make yourself known.
March 6—Everybody go to church.
March 13—Go with your spouse, but GO.
March 20—All denominations invite you.
March 27—(Feb. 13 to March 27.)
March 27—Easter.

OFFICER STARTS CLEANING STREETS WITH LEGAL PAPERS

Serves Notice on Business Men to Remove Debris in Twenty-Four Hours.

Police Officer Woodridge, assigned to the service of the street commissioner's department, reported for duty and was furnished with a list of a dozen prominent business men and contractors who are alleged to be violating the ordinances by cluttering the streets with unnecessary rubbish.

Woodridge proceeded to serve notice on every man on his list that twenty-four hours will be allowed to remove the obstructions and unsightly debris. If the stuff is not off the streets at the expiration of that time arrests will be made and the street commissioner and building inspector will appear to prosecute.

In a good many cases permits have been issued by the building inspector for the occupation of certain portions of the street, but Mr. Withnell finds that some persons holding permits have presumed to take much more liberty than was intended. Their attention will be called to this fact by Officer Woodridge, with an intimation to get back into line.

An effort is to be made by the street commissioner, working through the chief of police, to make dirt haulers clean the hounds and reaches of their wagons before leaving an excavation with a load.

Building Permits.
D. G. Hopper, 641 Capitol avenue, frame dwelling, \$2,500; R. K. Jensen, 523 North

Twenty-fifth, frame dwelling, \$2,500; C. W. Baker, 336 North Twenty-eighth, frame dwelling, \$1,600.

HOG RECORDS AGAIN SMASHED

Tops Rise to \$8.75 Per Hundred, with Influence of Meat Boycott Vanished Utterly from Sight.

Records were broken in the South Omaha hog market Thursday when the tops rose to \$8.75 per hundred. The average price paid was also higher than on any previous day. The market was very active and a

fair run was in sight at the opening.

The South Omaha market has shown a close parallel to the Chicago interests during the entire season. The Chicago interests have, on many occasions, when receipts are light, boosted the price and showed a wide difference between Chicago and South Omaha, but instantly telegraphic reports worked and the Omaha prices shot up in the same proportion.

The last vestige of influence of the meat boycott seems to have vanished and prices will probably go higher than the present quotations.

OF INTEREST TO PEOPLE SUFFERING WITH CHRONIC ILLMENTS

Milen Medical Co., Inc., Succeeds Austro-American Doctors—Dr. Milen Will Have Control of the New Company.

DR. THEODORE MILEN.

The Austro-American Doctors, who have been so invariably successful in the treatment of chronic ailments of men and women, will be known in the future as the Milen Medical Co., Inc. Dr. Milen, whose thirty years experience and scientific knowledge has made the Omaha office of the Austro-American Doctors so successful, will have entire charge.

The location will not be changed—it will still be 428 Range Bldg., 15th and Harney streets—just opposite the Orpheum theater. Dr. Milen's continuous success in the treatment of such diseases as Rheumatism, Gout, Gall Stones, Epilepsy, Catarrh, Troubles of the Liver, Kidneys, Stomach, Heart and all Chronic and Nervous Diseases of men and women, has attracted wide attention. Patients are coming from far and near—old patients who have been cured are sending their friends and relatives. Dr. Milen treated the mother of J. L. Jordan, Marion, Iowa, four years ago. Dr. Milen was located at Cedar Rapids, Iowa, at that time. Later Mr. Jordan suffered with a general debility and breaking down, due to the fact that he could not properly assimilate his food. He tried

a number of physicians without securing any relief and finally, remembering how well his mother had done under Dr. Milen's treatment, came to Omaha to see Dr. Milen. Following is his letter to Dr. Milen: He is enthusiastic over his treatment and realizes from his great improvement that he is receiving the best medical world can give:

Dr. Milen, Dear Sir—For years I have been losing strength, losing flesh, and had no ambition for my employment. I went to different physicians and they all told me different as to what my trouble was; one doctor would call it one thing, and the other, and so finally I came to you and you told me that you could cure me. After a couple of weeks of taking your medicine, I began to improve in weight and strength, my ambition had returned to me for my employment, and I began to enjoy life again. I have been taking treatment now for over six months and I feel perfectly satisfied with my treatment. Anyone asking as to the truth of this letter, I would be pleased to answer them if they will ask me, as I am anxious to direct sufferers to where they can be cured.

H. L. JORDAN, Marion, Iowa.

Following is another letter from an Omaha man, who suffered excruciatingly from one of the most painful afflictions known to the medical fraternity. Dr. Milen relieved his suffering. Read his letter:
Dr. Milen, 428 Range Bldg.—
Dear Sir—For years I have suffered with terrible pain from inflammation of my bladder, caused by stone in the bladder. I have tried different physicians and various forms of treatment for the past five or six years, but none of them helped me. After the first month's treatment from you I commenced to improve, and now, at the end of four months, I am feeling fine for the first time in years. My appetite is good—and I can work now, and could not before. I thank you for your cure and have lived in Omaha for the past twelve years. I have always thought that Nebraska led in most things, and I firmly believe that in the Austro-American Doctors, Omaha has the services of some of the world's best specialists.

Yours very truly,
E. O. STEINBERG, 16th and Webster.

The Milen Medical Co. is located in Omaha permanently. People who are incurable will be frankly told so and no fee accepted.

Consultation And Examination Free To All

RACKING COUGH

Do you cough so hard that, seemingly, you are tearing your throat and lungs to pieces? Have you shortness of breath, and rattling and wheezing in the chest? Take care! Get Dr. Bull's Cough Syrup at once, before too late. It will cure the cough, and soothe the racked throat and lungs.
