hand, the trade on packers kinds was not so active and a good share of the cattle purchased by buyers for packing house account looked as much as 19c lower.

Cows and heifers sold about the same way as beef steers, that is, anywhere from steady to 10c lower than yesterday. While the trade as a whole was not particularly active, the bulk of the cattle changed hands in reasonable season.

Stockers and feeders were active sellers at good strong prices and the offerings of anything desirable along that line met with very ready sale. As high as \$5.70 was paid for good cattle to go back into the country on feed.

\$7. 22 in time for the first rounds. As was the case on yesterday, however, buyers wanted good grades of sheep and anything with a reasonable amount of flesh and finish sold readily at prices fully steady to a shade stronger. Fed Mexican wethers sold as high as \$7.15 and ewes realized \$8.55. The former price is the highest paid for wethers in many months at this point. With the yarding of later arrivals, it became apparent that packers were in no more urgent need of material than they were willing to admit at the opening, and the market firmed up considerably under the influence of keen competition. The trend of values on both sheep and lambs was decidedly higher and several new record tops were made. Aside from the \$7.15 wethers above noted, full loads of fed Mexican lambs were good enough to command

wethers above noted, full loads of fed Mexican lambs were good enough to command \$5.50. Ewes changed hands at \$5.55 and fed Moxican yearlings topped at \$5.00. The latter price is the best price ever paid at this point for full loads of yearlings in the history of the market.

LOWELL TO SPEAK AT LINCOLN

Noted Astronomer Will Discuss Question of Habitation of Mars Before Meeting of Sigma Nt.

Prof. Percival Lowell of the faculty of the Massachusetts Institute of Technology will lecture before the Sigma XI, an honorary scientific society Tuesday evening in Lincoln. The address will be on the much-disputed point of whether the planet Mars is inhabited or not. The subject is

cial attitudic-that of looking at both sides \$2,248.

When Mr. Slabaugh was county attorney. Brewster began this action and the then county attorney had charge of the defense. The case dragged more or less, time worked its mutations and now Mr. Sigbaugh is on the other side of the table with A. G. Ellick, defending. Mr. Brewster paid in \$2.248 for a tax claim

against the old Yuong Men's Christian association building. Another man subsequently got the building and the county still has the money. Mr. Brewster would like it back.

DR. COOK AT SANTIAGO Explorer is Disguted at Being Met by Newspaper Representatives.

SANTIAGO, Chile, Feb. 15,-Dr. Frederick A. Cook arrived here tonight from Valdivia. He is accompanied by his wife. The explorer seemed to be in perfect bealth, but disgusted at being met by the representatives of the newspapers. He said that he wanted to be left in peace and declined absolutely to be interviewed. As on the trip from Montevideo to Valdivia, Dr. Cook traveled under the name of Craig. The woman who accompanied him used persuasion to prevent him from speaking. They took rooms at the Oddo hotel, where they left word that they would not receive anybody. A detective accompanied them to the place from Valdivis.

Keep Chamberlain's Linkment on hand. It is an antiseptic liniment and causes wounds to heal in less time than by any other treatment.
