ANOTHER UNGRACIOUS STING

Democrats at Lincoln Forget Wheel Horse F. W. Brown.

CHIEFS TOO BUSY AFTER OFFICE They Overlook One Who Has Filled Them Out of Many a Hole with Cash Instead of Wind.

(From a Staff Correspondent.) LINCOLN, Feb. 14.—(Special.)—During the whole proceedings of the democratic dollar banquet, not a word was said in praise of the one democrat in the state who has run for office four times and never known defeat.

Metcalfe and Dahman, and J. H. Thompson, and Shallenberger, and New-branch as great party workers whom he had fought shoulder to shoulder. Dahman boosted Metcalfe, and Dr. Hall boosted them all until it looked as if the speakers were the only democrats in Nebraska who had ever done a thing for the party.

Yet seated in plain sight was the most successful and hard-fighting democrat of the state, Francis W. Brown, twice mayor of Lincoln, a republican city, and twice a member of the executive board. He is the only man the democrats here ever call out when they are dead anxious to win in the city and he has never failed them.

Friends of Mayor Brown, democratic friends, who were present at the banquet called attention to this oversight on the part of the speakers and they desire it to be known that Mayor Brown has brought forth better results than have any of the speakers, in that he has been successful in every political race he ever entered. The former mayor, so his friends say, has probably contributed more money to democratic campaigns than all of the speakers combined.

Governor Shallenberger left this morning for Hastings, where tonight he was to speak to the civic department of the Women's clubs. He will go from Hastings to Bloomington, where tomorrow night he will speak at the democratic banquet given for the benefit of the democrats of the Fifth district.

In addition to the governor the following other speakers will be present: W. H. Thompson, Bernard McNery, Fred W. Ashton, R. D. Sutherland, Judge Dungan and some local talent. An invitation has been received by Governor Shallenberger to be before the democratic club of Washington, D. C., on the night of April 12. The other speakers will be Governor Shafron of Colorado, Mayor Gaynor of New York, Governor Harmon of Ohio and Governor Marshall of Indiana.

Regent Coupland Lectures. Regent George Coupland of the University of Nebraska is making a speaking tour of the state. He lectured at North Bend Wednesday evening, February 13, and at Silver Creek Thursday afternoon and evening, February 14. Friday evening, February 15, he will lecture at Arcadia, February 16, and he will be the guest of President Thomas of the State Normal school at Kearney, lecturing before the normal students. He will also visit the Military academy, the public schools and the Industrial School for Boys at Kearney, Sunday, February 17. He will deliver two day sermons there, speaking in the forenoon at the Christian church and at the Congressional church in the evening.

Regent Coupland's services are given gratuitously on this trip. His lecture subject is "Higher Education as Related to Rural Life," the subject of his lay sermon, "Christian Education."

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband and I that I was to be operated on as it was something like a tumor caused by a rupture. I wrote you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. HUXY, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write for it to Mrs. E. K. Linn, Mass. It is free and always helpful.

Sheldon Plans to Spend Time Picking Cotton

Former Governor Visits Lincoln and is Preparing Letter on Present Political Situation.

(From a Staff Correspondent.) LINCOLN, Feb. 14.—(Special.)—Former Governor George L. Sheldon is in Lincoln for a few days, having been at Nebraska looking after his interests in Cass county, following his return from Mississippi last week.

Mr. Sheldon was asked the question what he intended to do this fall in politics and replied: "Nothing. I expect to be picking cotton most of the time." Continuing he said: "I am writing a letter in answer to a letter from the 'Sheldon Shooters' of the State university and I may finish it tonight and may not. Whether it will be of interest to the public I do not know. In that letter I give my idea of the political situation as I view it."

The letter which the governor spoke of was written him some time ago, booming him for United States senator to friends in the state house. Mr. Sheldon said he would have to wait three years in the south in order to get his plantation in shape to bring in returns. Therefore he will divide his time between Nebraska and Mississippi.

Forges Deed to Land and Skips Bold Fraud Casts Cloud on Title to Farm in Perkins County.

CENTRAL CITY, Neb., Feb. 17.—(Special.)—Having another man deed your farm away and take the money and skip out is not a very agreeable experience, but this is what happened to E. McKarns, formerly of this place, but now a resident of Montpelier, O.

Mr. McKarns is a brother-in-law of Attorney J. E. Dorshimer of this place, and was here securing Mr. Dorshimer to accompany him out to Perkins county, where the land involved is located, to help him have matters straightened out. It seems that last fall a smooth stranger drifted into Mr. McKarns home town and after interviewing several citizens of the town he learned of Mr. McKarns owning a farm out near Madrid, Perkins county, Nebraska. He interviewed the latter, got the description of the land and after hanging around for a few days longer and familiarizing himself with Mr. McKarns signature and other matters he departed. McKarns heard no more of him until a week or two ago back at Montpelier, O. He received a letter from a friend telling him that his land had been sold to a party there for \$1,500, and that the deed purporting to be signed by himself had been executed at Van Wert, O., last September. The signature was manifestly a forgery.

An explosion of gas in a stove pipe and a careless janitor are the probable causes of the fire.

A FRIENDLY GROCER Dropped a Valuable Hint About Coffee. "For about eight years," writes a Michigan woman, "I suffered from nervousness—part of the time down in bed with nervous prostration. "Sometimes I would get numb and it would be almost impossible for me to speak for a spell. At other times I would have severe bilious attacks and my heart would flutter painfully when I would walk fast, or sweep. "I have taken enough medicine to start a small drug store, without any benefit. One evening our grocer was asking how coffee and use Postum, so he brought home a pkg. and I made it according to directions and we were both delighted with it. "So we quit coffee altogether and used only Postum. I began to get better in a month's time and look like another person, the color came back to my cheeks, I began to sleep well, my appetite was good and I commenced to take on flesh and become interested in everything about the house. "Finally I was able to do all my own work without the least sign of my old trouble. I am so thankful for the little book, 'The Road to Wellville.' It has done me so much good, I haven't taken medicine of any kind for six months and don't need any.
