WOULD RUN SCENIC ROAD ALONG RIM OF GRAND CANYON Question of Allowing Private Enterprises in National Parks Discussed at Washington. WASHINGTON, Feb. 18.-The principle

5,000 of opening the national parks of the United States to private enterprise is involved in 1 503 the consideration by the house committee 1,500 on public lands of a bill for the construc-5,000 tion of a scenic railway along the rim of the Grand Canyon of Arizona. 14.000

The committee asked the secretary of agriculture for the opinion in regard to. granting permission for the construction of the road and the representatives of the company seeking the right presented their arguments in its favor to the secretary. Mr. Wilson had already received, in re-

sponse to his request, a report from the forest service and has taken the matter under advisement. He probably will give his decision to the committee within a few days.

## **OPERATES FARM TO SUPPLY** LARDERS OF ITS MEMBERS

Corporation for Co-Operative Rating of Vegetables and Dairy Products is Formed.

NEW ORLEANS, Feb. 18 - A method of solving the cost of living was presented here today in the granting of a charter to the Consumers' Household Supply company. The movement was initiated here

a few days ago with a capital of \$50,000 and the announced purpose of purchasing a large farm and supplying the larders of shareholders with many of the necessaries of life. In the beginning the products of supply will be yegetables, poultry and eggs. Eventually the company expects to establish a supply of dairy and cattle products. The company will be operated on a purely mutual basig, with just enough profit charged to pay the expenses of operation. If the corporation proves satisfactory it is said that it' will be enlarged and take into its scope thousands of people.

## WOULD PAY AIKEN BACK

Committee Favors Returning to the Subtreasurer Money Paid Under Bond.

WASHINGTON, Feb. 18.-Pavorable action on the claim of Thomas J. Alken, former subtreasurer at St. Louis, for \$53,000 which he had to pay under his bond on account of a shortage at that institution while he was in charge, was taken today

by the house committee on claims. The shortage occurred in 1907 and one of the tellers was tried and acquitted of the charge. A minority report from the committee will be made by Rapresontative Shackleford of Missouri. It is based an the contention that Aiken did not give proper attention, to his duties. Aiken is a former republican national committeeman,

Every mother should know that Chamberlain's Cough Remedy is perfectly safe.

The pestin that prices have arranced fully goe over last work's close. As was the case yesterday, the late mar-ket was not so good as the early, being at least 5c lower, with buyers not at all ainclous for the hogs, even at that decline.
