PROGRESSIVES President Taft Will Visit New Vessey and Polly Will Both be En dorsed at Huron.

SHRADER AND THORSON FAVORED

These Will be Pushed for Congress as Candidates from Both Ends of State-Fight for Minor Offices.

PIERRE, S. D., Feb. 21.-(Special.)-While the progressives will not meet at Huron for several days to "line up" their ticket for the coming fray in the primaries. the general discussion indicates what will be their practical selections for most of the places. They will, of course, endorse Governor Vessey for re-election; as they will State Secretary Polley. For congress it looks like the selection of John F. Shra-der of Rapid City, for the western part of the state, and Thomas Thorson of Lincoln, for the eastern portion. This will leave them in shape for a nomince for each district in case it is held by the courts that the vote must be by districts this year, or will at the same time leave them with candidates from each end of the state if the vote is to be by the whole state.

Their selection for lieutenant governor will be F. M. Byrne of Faulk county; that for state superintendent of instruction, C. G. Laurence of Lincoln county. For attorney general the indications are that they will defer to the young voters of the state かんりん・リタ・リカ・リカ・カー かんりん かんしん かんしん かんしん and select Royal C. Johnson of Hyde ounty, who is being pushed by the younger dement of the party. For auditor, E. J. Lampy of Codington county is considered the most likely man, and for land commissioner, N. M. Hanson of Stanley appears to be in line for their selection. While this will be found not far from the lineup they will select. Just who their selection for railroad commissioner from the Third district (west of the Missouri) will be has not et developed.

The stalwarts, on the other hand, have lined up most of their ticket, but have places yet to fill. Their congressional candidates will, of course, be Congressmen Martin and Burke; for governor, ex-Governor Samuel H. Elrod; for lieutenant governor, J. W. Parmley of Edmunds; for attorney general, Titus E. Price of Yankton appears to be listed; for treasurer, George Johnson of Lincoln-and on this the progressives do not appear to have yet developed any candidate, at least none in the open. For land commissioner they will purse snatcher. The verdict was returned of Miner county, who was their candidate probably line up behind Mathias D. Elde in the fight two years ago. For auditor, H. B. Anderson of Davison county claims to be on the list; for superintendent of inby a gunshot wound caused by a weapon struction, A. H. Seymour of Kingsbury is held in the hands, of one of Sheriff Fred classed as the choice for such selection. D. Neills' deputies, fired from the north The possibility for secretary of state along window of the circuit clerk office in the their lineup has not yet developed into the open. York and Texas

Executive Will be Guest of Governor Hughes and Attend Transmississippi Congress.

WASHINGTON, Peb. 11 .- President Taft today accepted an invitation to be the personal guest of Governor Hughes of New York at Albany March 19 and 20. On the 19th the president is to deliver an address in the same city before the tuberculculs convention. This is the first time in many years that a president has thus visited a governor. The president also accepted today invitations to attend the transmississippi congress to be held in San Antonio, Tex., next November, and he also promised to try to attend for a few minutes the forestry and stream exposition to be held in Chicago in March, Mr. Taft's visit to Albany undoubtedly will be made the occasion for a further

conference of the republican leaders con cerning the situation in that state. The friendship between Governor Hugher and the president, more or less formal up to that time, really dates from the Champlain tercentenary celebration last sum mer. For three or four days the two were together constantly and came greatly to admire each other.

The invitation to attend the transmississippi congress was extended by Ike T Pryor of San Antonio, president of the congress. Mr. Taft hopes to be able to spend a few days on his brother's ranch just south of San Antonio, during his trip to Texas.

The forestry and stream exposition is scheduled to open March 18, but the date may be advanced one day on account of the president's visit to Chicago March 17.

PROFITS OF MERGED SYSTEM

Julius Kruttschmitt Quotes Low Average for Ten Years.

BOOST IN PRICE OF SUPPLIES

Vice President Mohler of Union Pacific Goes on Stand and Describes Development of the System.

NEW YORK, Feb. 21.-Frank B. Kellogg took up today the examination of Julius Kruttschnitt, vice president of the Union Pacific-Southern Pacific system, in the government's suit to dissolve the merger of the two roads. Mr. Kellogg asked among other things,

about the list of commodities used by the merbed system, on which Mr. Kruttschnitt had testified prices had increased. "Did you select for this list cor modities upon which there had been large in creases?" asked Mr. Keilogg.

"No; I simply asked our purchasing agents to make a list of the principal comodities, showing the differences in prices paid," was the roply. He said there were very few things which had not advanced

has operated under handicaps compared with which those of the Pennsmylvania. for instance, are nothing." "Watered stock" dividends and property valuation were other things regarding

which Mr. Kruttschnitt was questioned. Asked if the increase of approximately 90 per cent in taxation on the merged system's property in ten years which he had testified to represented the increased value of the property, Mr. Kruttschnitt replied "I wouldn't want to say as to that, offhand. I would have to think it over be Average Dividends of Road.

When Mr. Kruttschnitt quoted the Interstate Commerce commission report of dividend averages and showed that, although his roads were paying a 10 per cent dividend now, the average of the Union Pacific for a ten-year period was 4.62 per cent and on the Southern Pacific 1.9 per cent, Mr. Kellogg asked: "Would you undertake to may what por-

PROCEEDINGS OF

Senate Discusses Irrigation and the House, Indian Affairs. WASHINGTON, Feb. 21 .- Bills provid-

ng for a commission to investigate the business methods of the government and for the issuance of \$30,000,000 of certificates of indebtedness in the interest of irrigation projects were discussed by the senate today, but neither measure was disposed of. Senator Aldrich estimated that the com-

mission to investigate business methods of the government would effect an annual saving of \$100,000,000. He declared he could conduct the government on \$300,000. 666 annually less than it now costs. The house bill to require railroad com

panies to supply hand brakes, step ladders etc., was passed by the senate. The action of the house today assured an appropriation of \$125,000 for complet ing the work of the immigration commis sion, this being the full amount desired by the commission for that purpose.

A large number of local bills were

pasted by the house and further progress

was made upon the Indian appropriation

bill. Upon adjournment that measure had

cen about half completed. The senate
