WHY BOARD GIVES ORDER

Sidelights and Methods of Candidates and University Extension.

GOVERNOR PLAYS CUTE TRICK

Sent Out by Department and During Speech Falls Once to Refer to Extension Work.

(From a Staff Correspondent.)
LINCOLN, Feb. 21.—(Special.)—The recent order of the State Board of Regents of the State University that no candidate for office will be used in the future to deliver lectures under the auspices of the extension work of the institution will act as a hardship on some candidates. One of the reasons for the position taken by the regents was in the fact that some of the lecturers had mentioned the university in their talks, but simply looked after their own interests as candidates. For instance when Governor Shallenberger was speaking in a country town a citizen congratulated him on his talk. "I believe this extension work is a great thing for the university," said the citizen. The governor blushed and stammered and then accepted the congratulations. He had failed to mention the university in his talk. Where the regents continue to permit candidates for office to go forth under the direction of the state university it would mean much to them, not only in the free advertising they would get, but in the fact that their expenses would be paid by the state. In fact, Governor Shallenberger, Senator Aldrich, Congressman Norris and others who are announced candidates, it is reported, have been delivering political speeches, though advertised as representatives of the state university. In each town where they have appeared the citizens have paid their expenses.

Bryan Also Under Ban.
Another distinguished citizen who will come under the ban is Mr. Bryan. The perpetual candidate will no longer be permitted to tell of his peculiar views to the people of Nebraska as an agent of the university.

"If Mr. Bryan is a candidate," said Regent Anderson, "he will not be permitted to speak under the auspices of the extension work."

At this time it is not possible to learn just how many speeches candidates for office have made because at the university it was said the matter had not been checked up, but that it could be told how much time each of the candidates had agreed to give the state.

The following from J. L. McBrien gives the information:
Colonel W. W. Bryan, one week; Governor Shallenberger, one month; Richard L. Metcalf, one month; Senator Norris Brown, one month; W. E. Andrews, one month; Congressman G. M. Hitchcock, indefinite; Congressman Norris, indefinite; Congressman Maguire, indefinite; R. D. Sutherland, indefinite; Senator Aldrich, indefinite; Fred Ashton, indefinite.

While it was not possible to secure the information regarding the number of speeches delivered by these candidates or would-be candidates, at this time, Senator Aldrich and Governor Shallenberger have been lecturing many days to the "work" at the expense of the citizens of the towns where they speak, while Congressman Norris is said to have delivered forty-five speeches, or will deliver that many.

In addition to the above, several instructors of the state university have been sent out on the road. Under the rules of the regents, hereafter the lectures will be delivered by persons who are not candidates for office.

City Charter Again.
The special committee appointed by the general committee to draft the proposed charter for the city along the lines suggested by the general committee is busy at work on its job.

It is proposed to have the city managed by a mayor and five councilmen, all elected at large. The mayor is to be paid at the rate of \$5,000 a year and the councilmen are to serve for nothing. No power of veto is vested in the mayor, but by a vote of four anything the mayor proposes will be overruled. All other city officials are to be appointed by the mayor and council, four votes being necessary to make a selection. The mayor has the power to remove

any one from office, but the party removed has the right of appeal to the council and the mayor may be overruled by a vote of four against him.

The idea of the committee, said Dr. Winnett of the general committee, is to get a charter which will provide for the government of the city along the same lines as a corporation is governed or managed.

Demurrage Rules Adopted.
The railway commission has been notified that the Western Demurrage association has adopted the demurrage rules recommended by the railway commission in their general meeting at Washington and later by the Interstate Commerce commission. The rules will become effective in Nebraska May 1. The rules will apply only to interstate business and will not affect the Nebraska laws which govern local shipments.

Win Democrats Fall Out.
E. O. Garrett, who was democracy's choice for lieutenant governor a year ago, had this to say when discussing the action of Governor Shallenberger, who was with him on the ticket, in charging the removal of Principal Crabtree to republican politics.

"Arthur Mullin, who drew the bill which provided for the removal of the republican members of the normal board, handed the bill to me with this remark: 'That bill will remove more republicans from office than any measure that has yet been thought of or ever was thought of.'"

Some Left Out.
That someone overdid the business when the democratic banquet was packed for Governor Shallenberger and the speakers' list was confined to the big four is more apparent every day. Dan Stephens, who for a number of years has put some ice in democratic politics, was cut up over the arrangements that he left the city at 6 o'clock in the afternoon and did not, therefore, remain to the feed and talk.

Stephens was not the only one who left, however. Chris Gruenther, who organized the following persons to come to the banquet, any other manner brought around his election, got enough of it by 6 o'clock and he, too, left.

These two watched very carefully the maneuvering of the afternoon and knew in advance what was going to happen. The talk that Stephens is going to run for the senate has some foundation. It is told on good authority that Stephens is very much undecided on two propositions now open to him.

Congressman Alfia, so it is said, has decided to get out of the way at the close of his next term if re-elected and support Stephens for congress. Stephens looks well on this, but fears that E. R. Guernsey of Fremont, his personal friend, may want the job then and he would dislike to go against him.

That leaves the senate, which is a big broad field, so if an announcement is forthcoming for the senate, then it may be assumed that Mr. Stephens has decided to wait for Mr. Latta's shoes.

That would seem to postpone indefinitely the fulfillment of the ambitions of Edgar Howard.

State May Intervene.
Attorney General Thompson may intervene in the Missouri rate cases which are now pending in the federal court, though this afternoon he had not fully decided the matter. It is possible he may merely file a brief as a friend of the court.

A legal department of state received a jolt by reason of the decision of a federal court handed down in Oklahoma, which was against the contention of Mr. Thompson in the matter of the apportionment of income and operating expenses between state and interstate business.

Mr. Thompson has evidence that he believes some of the other states with similar litigation do not possess. So he may file the brief in order to assist in preventing an opinion which may be detrimental to his own case.

As evidence that Nebraska does not have apportioned to it the share of the revenue on business and industry, the following was cited in the recent evidence taken here: The earnings on a car of butter and eggs from Fairbury to Omaha was \$66; on the same train was a car of butter and eggs destined for Chicago. The Nebraska earnings on that car amounted to only \$22.

Another example cited was this: From Plymouth to Omaha 100 miles, the rate on corn to Omaha from Plymouth is 8 cents and from Omaha to Chicago 12 cents. On 30,000 pounds Nebraska earned \$24 and

Nebraska

from there on the earnings amounted to \$38. But the railroad apportioned to Nebraska \$10 and to the road east \$28 because only one-sixth of the distance was covered in Nebraska.

The legal department objects to this arbitrary apportionment of revenue and operating expenses.

Mutual Insurance Case.
Trial of the case of John Randall, receiver of the Nebraska Mutual Life Insurance company, against William McClain, et al., was started Monday in the district court before Judge Lincoln Frost.

Because of the large number of Nebraskans interested in the outcome of the case, the trial is being followed with interest. Randall, appointed by the court as receiver for the defunct insurance company, sued the policy holders for the last premiums due the company.

Over 100 Nebraskans were made defendants to the suit and each alleged in the answer that the court was without jurisdiction in the case, that they had been improperly joined and that no liability resulted from the policy inasmuch as the company was insolvent before the assessment was due. Very little progress was made in the testimony on the opening day.

Havelock Boosters.
More than 200 citizens of Havelock and railway employees attended a banquet this evening at the Lincoln hotel by the 'Havelock Boosters.' The affair was in the nature of a 'charming party' and the object of drawing the railroad and the people who live in Havelock into closer relations. Among those on the program who responded were F. H. Clark of Chicago, M. K. Barnum of Chicago, G. W. Holdrege of Omaha, W. H. Troop, E. Hignell of Lincoln, W. P. Ackerman of Havelock, Julius Detrick of Havelock, all officials connected with the railroad.

"Harmless" Lunatic Kills His Brother
Salem Essy at Erina, Garfield County, Held Not Insane, But Murders Thomas Essy.

BURWELL, Neb., Feb. 21.—(Special.)—Salem Essy, living in northern Garfield county who has been considered a harmless lunatic for some time, became violent yesterday afternoon and killed his brother, Thomas Essy, at whose home he was staying.

Some few weeks ago Salem Essy was before the insanity board, but the commissioners did not find him serious enough, as they thought, to send to the asylum his brother and sister agreed to care for him.

Dr. Thurston and Sheriff Waters have gone to the scene of the affair and no definite report can be secured until they return, as the affair happened near Erina, about twenty-five miles from here.

FIRE LOSS AT AINSWORTH
Early Morning Blaze Does Damage to Amount of Five Thousand.

AINS WORTH, Neb., Feb. 21.—(Special.)—Fire broke out in J. Davis' building on Main street at 4 o'clock yesterday completely destroyed that structure and its contents, a number of pool and billiard tables and furniture. It badly damaged an adjoining building owned by Ben Past and occupied by Charles Anderson as a restaurant and confectionery store. A building owned and occupied by Tucker & Foster as a barber shop was razed to the ground by firemen to prevent the spread of the flames to the north. Burwell & Beatty, undertakers, also suffered the loss of caskets to the amount of \$500.

The Ainsworth Telephone company is almost out of commission on account of the fire, which destroyed the cables and wires of the city and all but two of the country lines. The damage caused by the fire will aggregate \$5,000, only partially covered by insurance. A strong wind prevailed when the fire was first discovered, but it died down and enabled the firemen by heroic work to confine the flames to the Davis and Past buildings. The origin is unknown, but it is supposed the blaze started from a cigar stump or hot ashes.

Skull Fractured by Fall.
BURWELL, Neb., Feb. 21.—(Special.)—The funeral of William Hilpert was held at the Congregational church yesterday, the services being in charge of the Modern Woodmen of America lodge and the funeral sermon being preached by Rev. Mr. Gearheart, the pastor of the church. Thursday evening, Mr. Hilpert, who was a prominent business man, was apparently as well as usual and had been playing with his two sons in the house and went out for a few moments. When he did not return his wife became alarmed and went in search of him and found him within a few feet of the door unconscious. It is supposed that he either fainted or slipped and fell and struck his head on the frozen ground, his skull was fractured. He lingered in an unconscious condition until the next day when he died without regaining consciousness.

Jaw and Arm Broken.
CRAIG, Neb., Feb. 21.—(Special.)—While attempting to get into a moving wagon Saturday, an 8-year-old son of N. A. Munson, near here, fell on the frozen ground, breaking and dislocating his jaw, and the wagon ran over one arm, breaking it. Two teeth had to be extracted in order to furnish room for a tube through which to feed him. He is getting along nicely at present.

Board Reserves Action.
No action has been taken by the County Board of Commissioners Monday regarding the report of the fourth and fifth during the two terms of office of the late W. C. Phillips when a shortage of over \$4,000 was reported. Chairman Bennett said Monday that the report would be referred to the county attorney for advice.

Nebraska News Notes.
SUTTON—Adam Deering was married to Miss Sophia Mason.

SUTTON—Fred Hinz had three fingers partly amputated Friday while operating a wood saw.

SUTTON—Harry Bateman and Hannah Nelson of Eldorado were married Monday by Judge L. B. Stiner.

SUTTON—At the home of the bride's parents, Mr. and Mrs. James Peterson, Anna, to Mr. J. Riley Alkire.

SUTTON—Mrs. Jacob Gries, Jr., died at her home northeast of town, after a serious illness of but a few days. She was the daughter of Mr. and Mrs. Jacob Gomar.

SUTTON—The congregation of the Methodist Episcopal church contemplated building a new parsonage as soon as the weather will permit. The old parsonage is being sold for the sale of the old parsonage.

STELLA—Miss Allie E. Davis has handed in her resignation to the Board of Education as teacher in the fourth and fifth grades and the same has been accepted. The vacancy has not yet been filled.

SUTTON—Wood has been discovered here the death of Rev. T. S. Fowler, formerly pastor of the Methodist Episcopal church, but later of Portland, Ore., where

Nebraska

he had been making his home with a daughter. Interment was at that place.

REPUBLICAN CITY.—Prof. Glad Wright of Dixon, Neb., is now principal of the Republican City schools, taking the place of Miss F. F. Hensley, who resigned.

CRAIG.—The body of Charles Harvey was brought here Sunday from Dakota for burial. He was a nephew of Will Hayes, near here.

FAIRMONT.—The Commercial club has signed a contract with the Western Road, to have a building for the city which will have a chalet next August.

FAIRMONT.—The date for the dedication of the new school building has been fixed for Friday, March 12. The dedication services will be held in the afternoon.

REPUBLICAN CITY.—Last Saturday Justice Rollins held twelve cases, of which he received \$9.00. They weighed ninety-six pounds and he received 10 cents per pound.

REPUBLICAN CITY.—Miss Lenora Triple of this city and Cleve Ford of Napoleon, Neb., were united in marriage in this city Sunday at 5 p. m. by Rev. Mr. Haskins of the Methodist church.

FRANKLIN.—The Franklin debating team, which was chosen in competition with Beaver City High school, February 20, consists of Leon Swenson and William Dahke, Bill and Ernest Larson, 1023.

WEST POINT.—County Supervisor R. H. Stafford of Bancroft has now recovered from the serious injury sustained by him in falling on a cement sidewalk some months ago. He attended a board meeting two days ago.

LYONS.—Carl McDowell, who has resigned his position on the rural route here, was, during the first year of his eight months of service driven a distance of 4,734 miles or every nearly twice around the world.

WEST POINT.—August Lohmann of Wisner, who was city clerk of West Point for many years and has since been engaged in the clothing business at Wisner, has opened a clothing store at Lehigh, Neb., and will move with his family to that place.

NEBRASKA CITY.—The work on the new \$10,000 sanitary sewers to be laid in this city during the week and the week will be pushed as fast as it is possible for men and machinery to do the work, because of the heavy snow and the cold.

HALF-MINUTE STORE TALK
"When will your spring clothes be ready?" is a question so often put to us that we almost come to the conclusion that everyone in Omaha believes that we have our spring clothes ready to buy new things until this store says "Look." Even patrons of other stores like to see ours before going elsewhere. It is flattering and natural enough—the more a man studies this clothes question the more he is convinced that ours have got "rightness" written all over them.

GEORGE WASHINGTON DAY
Anniversary of the Father of His Country Big Event.

OMAHA WILL HONOR IT HEARTILY
Laying of Cornerstone to New Court House Will Be the Great Feature of the Day's Exercises.

Cornerstone laying new court house, 3 p. m.
Celebration and banquet, Omaha club, 8 p. m.

Reception and dance, Mr. and Mrs. John R. Webster, thirty-eighth and Farnam, to meet the local athletes. The Saturday afternoon and evening of the American Revolution.

Today, the one hundred and seventy-eighth anniversary of the birth of George Washington, first president of the United States, will not pass without a fitting observance in Omaha.

Monday in every school of the city the pupils had something of the history and life lessons of this remarkable personage brought to their minds in one way or another. In the kindergarten the very small children made miniature hatchets, and to these symbols were attached in simple words the value of truth telling. In the lower primary grades the girls and boys drew cherry trees and tore their semiblanes out of paper, and here, too, the old story of the first open confession of the great man was impressed on the youthful mind. In the higher grades and in the high school the readings were given over mostly to utterances of Washington and commentaries on his achievements.

Evening at Omaha Club.
No formal recognition of the day was scheduled for last evening, in a public sense, but for today several events have been set. Principal among these is the cornerstone laying at the new court house at 3 o'clock. In the evening the annual observance of the day will be held at the Omaha club, where Prof. William Lyon Phelps of Yale and Governor Shallenberger are the orators. John L. Webster will preside as toastmaster.

The cornerstone laying will be under the auspices of the Masonic grand lodge of Nebraska. A procession will be formed at the Masonic temple, sixteenth and Capitol

SIXTY DAYS OF INSOMNIA END
Girl Student's Black Coffee Diet for Examination Nearly Fatal.

Special to "The Record"
Des Moines, Ia., May 17.—Sleep came for the first time in two months to Miss Esther Chibberg, of Odebolt, Ia., a student at Simpson College, Thursday night. Starting 60 days ago to cram for final examinations, Miss Chibberg began drinking black coffee and taking other steps to keep herself awake until she had contracted a case of insomnia that outstrips anything in the history of medical science in the Middle West.

It was not until physicians had worked over the girl for weeks that she yielded to treatment, and Thursday night slept for a short time. The following night she slept somewhat better and Saturday had a good night's rest.

Another week of the terrible strain would have cost the co-ed her mind, the doctors say.—Philadelphia Record.

only in the amount consumed and the correspondingly quick results The caffeine in coffee gets in its work with every cup one drinks, and nature, in so far as possible, may or may not correct the harm done.
