The manager of a railroad way station is, first of all, a telegraph operator. Hustling what little baggage comes the way is a task added for exercise and frequent pulls on the freight truck lends a thrill pulls on the freight truck lend giving out ing from the depot. He improvised to the job. Selling tickets and giving out bridge by laying boards from the platform to the job. Selling tickets and give helps information about trains and things helps to the car, then led the horse up the steps to ward off the tired feeling. The job is into the car, I going before, ceaxing the new company 29,000,000 was exchanged for the 1900,000 of common stock of the United road ladder, yet few care to graduate there. Most men shy at it. Rarely does a stand on boxes in order to seal cars, and for one. The holder of \$10,000 worth of woman tackle it. Eva M. Richards is an I have moved empty cars with the aid of United Cigar Stores company common exception. She tackled the job and stayed the pinch bar. There is little work about stock of a few months ago exchanged his with it iong enough to gain some experiences which she relates in the Railroad dodging hoboes,

There is little work about the little work about the corporation of the stock of the Corporation of United Cigar Stores and Man's Magazine in part as follows:

of the great wheel of business. I had of track, when, without any apparent cause, of stock for each one share held the natstudied telegraphy a short time, and had three of the loaded cars were off the track, ural inference would be that the ten shares had a short experience in station work, but lying on their sides. These cars were received without any additional payment when I was offered the position of station loaded with shelled corn, so the spill may on his part must necessarily represent an agent and telegraph operator at a small be easily pictured. station on the Chicago & Northwestern The conductor and brakemen were in natural consequence that the new stock re-

How to Make Better Cough Syrup Than You Can Buy

A full pint of cough syrup—enough to last a family a long time—can be made by the recipe given below in five minutes, for only 54 cents. Simple as it is, there is nothing better at any price. It usually stops a deep-scated cough in twenty-four hours, and is a splendid household remedy for whooping cough, colds, hoarseness, bronchitis, etc.

Take a pint of granulated sugar, add % pint warm water and stir about 2 minutes. Put 2 % os. Pinex in a pint bottle and fill up with syrup. Take a teaspoonful every one, two or three hours. It keeps perfectly and the taste is pleasing. The chemical elements of pine which are very healing to membranes, are obtained in high proportion in Pinex, the most valuable concentrated compound of Norway White Pine Extract. None of the weaker pine preparations will work with this recipe. Your druggist has Pinex or can easily get it for you.

Strained honey can be used instead of the syrup, and makes a very fine honey and pine tar cough syrup.
