**Tournament.**  
 DETROIT, Mich., March 1.—This was the  
 first big day of the tenth annual tourna-  
 ment of the American Bowling congress at  
 the Wayne Pavilion. Thirty-two two-man  
 teams, seventy-two individuals and fourteen  
 four-man teams were on the schedule.  
 It was also the first day upon which the  
 out-of-town bowlers predominated, al-  
 though a few Detroit men being on the list.  
 Among the cities represented were Pitts-  
 burgh, Huntington, W. Va.; Cincinnati,  
 Madison, Wis.; Flint, Mich.; Erie, Pa.;  
 Winnipeg, Man., and one five from Chicago.  
 Two five-men teams—Saratogas and  
 Venice—from distant Manitoba and the  
 Donohues, under the leadership of "Jiggs"  
 Donohue, the former first baseman of the  
 Chicago and Washington American league  
 baseball teams attracted a great deal of at-  
 tention from the bowling enthusiasts.  
 Al and Tony Schweigler of Madison,  
 Wis., winners of the doubles championship  
 of the United States, respectively, the unpre-  
 cedented score of 1,294, were the center  
 of interest as they defend their title in one  
 of the early squads.  
**Scoring on Third Day.**  
 The third day of the congress ended with  
 2,808 the high mark among the five-men  
 teams, 1,100 the best in the doubles and 636  
 leading in the singles.  
 The Colonials of Madison, Wis., were  
 the sensation of the five-men squad,  
 their 1,019 in the second game was the  
 high game of the series.  
 The high individual game was raised to  
 257 by Otto Wald of Cleveland in the  
 third game of his singles.  
 G. E. Mowatt at the Doublet of Detroit  
 took the lead in the doubles. James and  
 Leo Kessel, Detroit, 629.  
 W. M. Burrell, Detroit, 532.  
 Arthur Wolcott, Detroit, 419.  
 T. E. Bradley, Detroit, 312.  
 G. E. Johnson, Detroit, 310.  
 F. E. Todd, Detroit, 267.  
 Now that the fourteen alleys have been  
 thoroughly broken in, it is expected the  
 scores would begin to rise. The drives  
 have been pronounced uniformly excellent  
 by bowling critics and it is predicted that  
 new records will be established.  
 While the political situation has not  
 occupied much time yet, it is apparently  
 the consensus of opinion that St. Louis  
 will be the favorite in the awarding of the  
 next tournament. It is also thought there  
 is a good chance of most of the prominent  
 officials being re-elected.

**GILLAN AFTER MORE BIG 'UNS**

**IF NOT, THEN ZYB AND MAHMOUT**  
**Westergaard Still Anxious to Get the**  
**Doctor—Pole and Turk Both**  
**Aspire to Wrestle Col-**  
**onel Gotch.**  
 Manager Gillan of the Auditorium is con-  
 templating another big wrestling match  
 for Omaha after the Zbyzsko-Westergaard  
 tug-of-war Friday night.  
 If Jess should conquer the giant Pole, Mr.  
 Gillan will make once more final effort  
 to induce Dr. Roller to come here and  
 wrestle Westergaard, or if unsuccessful  
 will induce Dr. Roller to come here and  
 wrestle Zbyzsko and Youssif Mahmout,  
 the Bulgarian Turk.  
 Westergaard has been anxious for more  
 than a year to get Dr. Roller on the mat  
 with him, but the Dr. Roller, for one rea-  
 son or another, has failed to make a match  
 with him. Jess declares he could throw  
 Roller and that's the popular view among  
 the fans. The match would be a big one.  
 As to Mahmout and Zbyzsko meeting,  
 there is some doubt, for both men are  
 anxious for a go with Gotch, each believ-  
 ing he has some chance of beating the  
 champion. Because of this vagrant am-  
 bition neither foreigner wants to get  
 beat by the other, for that would put him  
 out of it so far as a try with Gotch was  
 concerned. As a matter of fact, the men have  
 met and came off a draw in a handicap,  
 or rather Mahmout lost, as he failed to  
 throw Zyb. Both men also have met  
 Gotch. Mahmout lost to the champion a  
 year ago outright, but Zbyzsko met him in  
 a handicap, which, of course, means nothing  
 and he wants another chance.  
 But if Mr. Gillan could get these two  
 giants together it would be the greatest  
 match Omaha has had for a long time.  
 If, therefore, a great match with such  
 possible outcomes, the Westergaard-  
 Zbyzsko wrestle ought to draw the biggest  
 house the Auditorium has had in three  
 years.  
 Both men are clean, fair wrestlers, and  
 there won't be any of the dirty work such  
 as the big Frenchman put up to mar the  
 game. Furthermore, the preliminaries are  
 to be excellent.

**Westergaard Here to Train**  
**Jess Comes to Omaha to Get in Shape**  
**for Zbyzsko.**  
 Jess Westergaard has arrived to train in  
 Omaha for a couple of days for his match  
 with Zbyzsko Friday night at the Auditor-  
 ium. He is in the best of health and has  
 recovered from his sprained ankle  
 which he received a couple of weeks ago  
 while wrestling with the popular view among  
 the fans. The match would be a big one.  
 As to Mahmout and Zbyzsko meeting,  
 there is some doubt, for both men are  
 anxious for a go with Gotch, each believ-  
 ing he has some chance of beating the  
 champion. Because of this vagrant am-  
 bition neither foreigner wants to get  
 beat by the other, for that would put him

**Should Be More**  
**Thorough-Taft**  
**Ambition of School Superintendents**

**That Need Reform.**  
 WASHINGTON, March 1.—Reform in  
 primary education in the United States was  
 declared to be necessary by President Taft  
 in an address last night at a banquet of the  
 University club of Washington.  
 The attention of the president had been  
 called to the failures of the applicants for  
 admission to West Point and Annapolis by  
 Representative Champ Clark of Missouri,  
 who in an address to the club stated that  
 the applicants fail on rudimentary sub-  
 jects.  
 "I agree with the gentleman from Mis-  
 souri," said President Taft, "that primary  
 education in this country should be more  
 thorough, and on that subject I must say  
 that he is nearer right than he has been  
 for a long time.  
 "I believe that the ambition of school  
 superintendents throughout the country  
 who have charge of primary and secondary  
 education have led us into a lack of  
 thoroughness that we ought to reform."  
 The president spoke also upon the value  
 of university men in the affairs of the  
 government and praised college men who  
 are serving the government at a financial  
 sacrifice because they believe there is  
 something more in life than money and  
 luxury.  
 "I believe we are passing through a pe-  
 riod," the president said, "in turning to  
 national affairs, where we need sane and  
 normal thinking; where the sensitive con-  
 dition of the public is likely to lead it  
 into hysteria; a period where the public  
 must be brought to sane thinking and com-  
 mon sense. I do not know of any class of  
 men more charged with that duty than the  
 university men."  
 "It is utterly out of the question for con-  
 gress to pass anywhere near the number  
 of bills introduced because of the lack of  
 time and the practice has therefore grown  
 up of giving each representative in con-  
 gress an average of three bills during a  
 session. If such a bill were passed, it  
 is in favor of could be put on the statute  
 books there would be general satisfaction  
 all around in Washington.

**MEMBERS WELL UP WITH WORK**

**of Work.**  
 (From a Staff Correspondent.)  
 WASHINGTON, March 1.—(Special Tele-  
 gram.)—An examination of the records of the  
 Sixty-first congress will show that in  
 more than three months of the present ses-  
 sion has been accomplished, especially in  
 the house, than in any similar period in  
 the last twenty-five years. The present  
 session is further ahead than is usual at  
 this period.  
 More appropriation bills have been passed  
 than in any similar time before and more  
 legislation of vital character has been  
 enacted into law. The rivers and harbors  
 bill has passed the house. Amendments  
 have passed to the safety appliance act and  
 to the employers' liability act. A bill to  
 establish a bureau of mines has passed the  
 house, as has the statehood bill admitting  
 New Mexico and Arizona.  
 According to the house clerks, sixty-five  
 bills of national character have become  
 laws. Although but three months old,  
 the present session bids fair to outrival all  
 others in the number of bills passed and in  
 the far-reaching importance of the legisla-  
 tion enacted.  
**Disability Pensions.**  
 Congressman Norris was before the  
 invalid pensions committee of the house  
 last week in support of some modification  
 of Sherwood's bill giving to every old  
 soldier who from mental or physical dis-  
 ability is in need of care \$30 per month.  
 If such a bill were passed, in Congressman  
 Norris' opinion, it would relieve congress  
 of private pension bills, "a consummation  
 devoutly to be wished for."  
 It is utterly out of the question for con-  
 gress to pass anywhere near the number  
 of bills introduced because of the lack of  
 time and the practice has therefore grown  
 up of giving each representative in con-  
 gress an average of three bills during a  
 session. If such a bill were passed, it

 the subject as opposed to those of Gov-

 the amendment were presented to the New

 letter to the senate and it was also read

 follows:  
 "Since our conversation last month I  
 have given much consideration to the scope  
 and effect of the proposed income tax  
 amendment to the constitution of the  
 United States.  
 "The objection made to the amendment  
 is that this will confer upon the national  
 government the power to tax incomes de-  
 rived from bonds issued by the states or  
 from the authority of the states and will  
 place the borrowing capacity of the state  
 and its governmental agencies at the mercy  
 of the federal taxing power.  
 "I do not find in the amendment any  
 such meaning or effect. I do not consider  
 the amendment in any degree whatever  
 will enlarge the taxing power of the na-  
 tional government or will have any effect  
 except to relieve the exercise of the taxing  
 power from the requirement that the tax  
 shall be apportioned among the several  
 states."

**WESTERN LEAGUE NOTES**  
**"One on De Wise Guy."**  
 In commenting upon the death of Out-  
 fielder James V. Holliday, Sanday Gra-  
 ham of the Chicago White Sox, who was  
 killed by a ball from the platoon of  
 Orlowick, originally gave Holliday the  
 nickname "Big" on the second day of the  
 season. The name was given to him  
 performing with the Des Moines club on  
 the Omaha diamond. If that's the case, how  
 did he get the name "Big" in the first place,  
 when he was the star stock  
 player in the Chicago White Sox?  
 As an old-time Tokpeka base ball fan can  
 testify? Guess again. Mr. Griswold, guess  
 again.—Tokpeka, Capital.
