NEW LEASE FOR ASQUITH

PREMIER ANNOUNCES PROGRAM

Reform of Lords Will Be Taken Up After Recession—Temporary Financial Measures to Be Considered in Months.

LONDON, March 1.—At the session of the Commons yesterday, the outcome of which was awaited as eagerly as the denouement of a most exciting tragedy by all members of both houses able to pack themselves into the chamber, Premier Asquith's government obtained a lease of life.

When the House of Commons meets after Easter it will take up the struggle to revolutionize the British government system.

Resolutions will be presented to deprive the House of Lords of all authority over finances and also of the power of vetoing the measures of the lower house, leaving the Lords only the function of delay and discussion.

Such was the program the prime minister unfolded and Chancellor Lloyd-George declared that the government stands its existence on it.

Irish Members Withdrawn. The Irish members had withdrawn from the house for a discussion of policy when the program was accepted.

Albion Bill for "Business Methods" Commission Passes Senate.

WASHINGTON, March 1.—The Aldrich bill providing for the commission on the proposed merger of the Southern Pacific and Great Northern railroads was passed by the Senate yesterday.

When the Sherman law might fail because of lack of proof that the steamship company operated as an independent line—would be considered a competitor of the Southern Pacific railroad—members of the Senate committee on interoceanic canals discussed the advisability of recommending legislation that would reach the merger.
