HANLY IN OPTION CAMPAIGN

Indianan Will Deliver Principal Address at Lincoln Meeting.

GOVERNOR'S DOOM IS PREDICTED

S. K. Warwick, State President Anti-Saloon League, Sees Political Woe for Foes of County Option.

(From a Staff Correspondent.) LINCOLN, Neb., March 1.—(Special.)—The committee in charge of the county option convention to be held in Lincoln, March 14 and 15, has arranged with Governor Hanly of Indiana to deliver the principal address on the night of the 14th.

During the afternoon of that day there will be held a general convention at which a platform endorsing county option will be adopted or at least proposed for adoption.

On the night that Governor Hanly speaks, Senator J. A. Donohoe of O'Neill and Senator Cain of Richardson county will also speak. Either they might on the evening following Senator E. P. Miller and Senator E. P. Brown of Lancaster county will speak.

S. K. Warwick, president of the Anti-Saloon league of the state, announced at a recent meeting that the party which does not endorse county option is deemed to defeat this fall at the polls, and if Governor Shallenberger runs for re-election on the school closing law and does not endorse county option he is sure of defeat.

So it is possible that the meeting an effort will be made to secure a statement from Governor Shallenberger for or against county option. It is not improbable that an effort will be made to secure a candidate for the democratic nomination who will stand for the Bryan liquor program.

This meeting has not yet taken place. The Laymen's convention, which begins March 16, so it is expected a large crowd will be in the city.

The committee having the matter in charge has not yet decided just where the meetings will be held and neither has it completed its program, but announcements will be made shortly.

Traction Company Replies.

The Lincoln Traction company has filed a reply brief to the brief of County Attorney Tyrrell, who objects to the amount of stock and bonds issued by the company as being out of proportion to the value of the company's property. When the two companies were merged, the Lincoln Traction company and the Citizens Street Railway company, the stock issue was upon an agreed value.

The reply says: "The question of the basis of stock issues is purely one of state policy. Mr. Tyrrell's argument really rests upon a law fixing the par value of stocks and bonds to physical valuation is better than a law allowing a stock issue on the basis of market value. The law passed by the last legislature adopts physical valuation as the basis. This did not authorize a stock issue upon the basis of present and prospective earnings value. A Massachusetts statute has for several years authorized stock issues to physical valuation. It may be observed in passing that wages are no higher in Massachusetts than in Nebraska, nor are fares lower."

The legislature in the judge of state police, February 1, 1909, it had not adopted the policy of limiting stock issues to physical valuation. It adopted the contrary policy of allowing parties to agree on the value. This being legal and not a political controversy, it is held that the law which was in force February 1, 1909, the act of 1909 or the act of 1883. The record shows the law of 1909 was in force.

Railway Commission Acts.

A number of minor orders were issued by the State Railway commission Tuesday morning, among them being the following:

The Madison County Telephone company is allowed to put a combination rate of \$1.25 for residence and business telephone service where one patron uses both. The Burlington is allowed to reduce its rate on alfalfa meal from Mitchell to Omaha and South Omaha from 24 cents to 24 cents.

More liberal milling-in-transit privileges will be accorded Loomis by the Burlington and more liberal recognition privileges will be extended to grain concerns at Holdrege by the same road.

The Seward County Telephone company is permitted to issue \$20,000 in bonds to take up an outstanding note. The Burlington is permitted to reduce its rate on corn from Ord, Spets and Hard to Omaha from 19 cents to 16 cents.

The Cambridge-Holbrook Telephone company is permitted to put in a toll rate of 10 cents on a newly-established line between Cambridge and Wilsonville. The Burlington is allowed to reduce its rate on brick from Lincoln to Fairbury from 4 cents to 3.5 cents. The rate on sand from Brickett to Lawrence will also be reduced from 18 cents to 12 cents.

Organic City Prohibition Fight. The committee of thirty has made arrangements to establish its headquarters on the second floor of the new Munger block on the east side of Twelfth street, between O and P streets. It had been intended by the committee to have the headquarters on the ground floor of the Lansing building on South Twelfth, but the room was rented for other purposes before the committee got the deal closed, and the temperance people were forced to look elsewhere for suitable headquarters.

The new headquarters will be opened at once and the work of the campaign actively pushed. It is planned to take a poll of the city, so that the committee may know where the voters reside and how they regard the wet and dry proposition. The data thus procured will be used for carrying on the campaign, especially on election day.

New Rifle for Guardsmen. Adjutant General Hartigan has received a copy of the new telescope Springfield rifle, and it will be tried out by members of the guard. The rifle has the telescope adjustment which enables the shooter to just how far he is shooting at some 2,000 yards away.

Aero Club Articles. The office of the secretary of state was notified today that the articles of incorporation of the Aero club of Omaha would be filed tomorrow.

Basket Ball Victim Worse. LYONS, Neb., March 1.—(Special.)—Miss Alice Everett has suffered a relapse and

Citizens' Ticket at Lexington. LEXINGTON, Neb., March 1.—(Special.)—As citizens' tickets last night nominated the following ticket for the coming election: Mayor, J. S. Thomas; treasurer, F. L. Fox, clerk, George Volk; councilmen: first ward, Peter Jensen; second ward, E. M. Garbell, third ward, Mr. Nisley.

The school question is to be submitted to a vote of the people at the coming pool hall. The school district is to be organized into a city district. The present board members were re-nominated: W. J. McElthay and T. L. Warrington, for three years; F. L. Temple and John M. Neff, for two years; A. E. Grantam, C. C. Rosenberg, for one year.

When you want what you want when you want it, say so through The Bee Want Ad column.

Fremont Digs Up Cash. FREMONT, Neb., March 1.—(Special.)—Fremont has the money in sight for a ball team and yesterday Manager Gilbert Palmer telephoned President Slevens of the State league that the forfeit of \$500 would be forfeited in a few days. It took considerable canvassing to make up the necessary amount, but with a number who had agreed to make up the balance at the

last minute if necessary it was finally raised. With Fremont in the field the league and the other towns with their money on hand a state league that will last out the season appears to be a certainty. Manager Palmer is receiving a good many applications from players who want a place on the team.

Three Children Dead, Three More Ill in One Family. Many Schools Are Closed by Scarlet Fever Epidemic at Kearney.

KEARNEY, Neb., March 1.—(Special.)—The scarlet fever epidemic in Buffalo county still continues to spread and there seems to be no limit as to where the disease may stop. The Kearney Military academy has been under quarantine for some time past. One case has been reported at the dormitory of the Nebraska State Normal at this place. All over Buffalo county are closed and still the fever spreads. One family in Elm Creek lost three children and three more are near death's door. The father of this unfortunate family, Joseph Greabriel, lies in the Kearney Public hospital, with his life hanging by a thread, suffering from an attack of pneumonia contracted while attending the funeral of one of his babies in a bleak cemetery near Elm Creek. The disease seems to have flourished more in the rural districts than in this city, there being only two or three cases within the city limits. The case at the dormitory of the normal is well guarded and there is little chance of it spreading among the students.

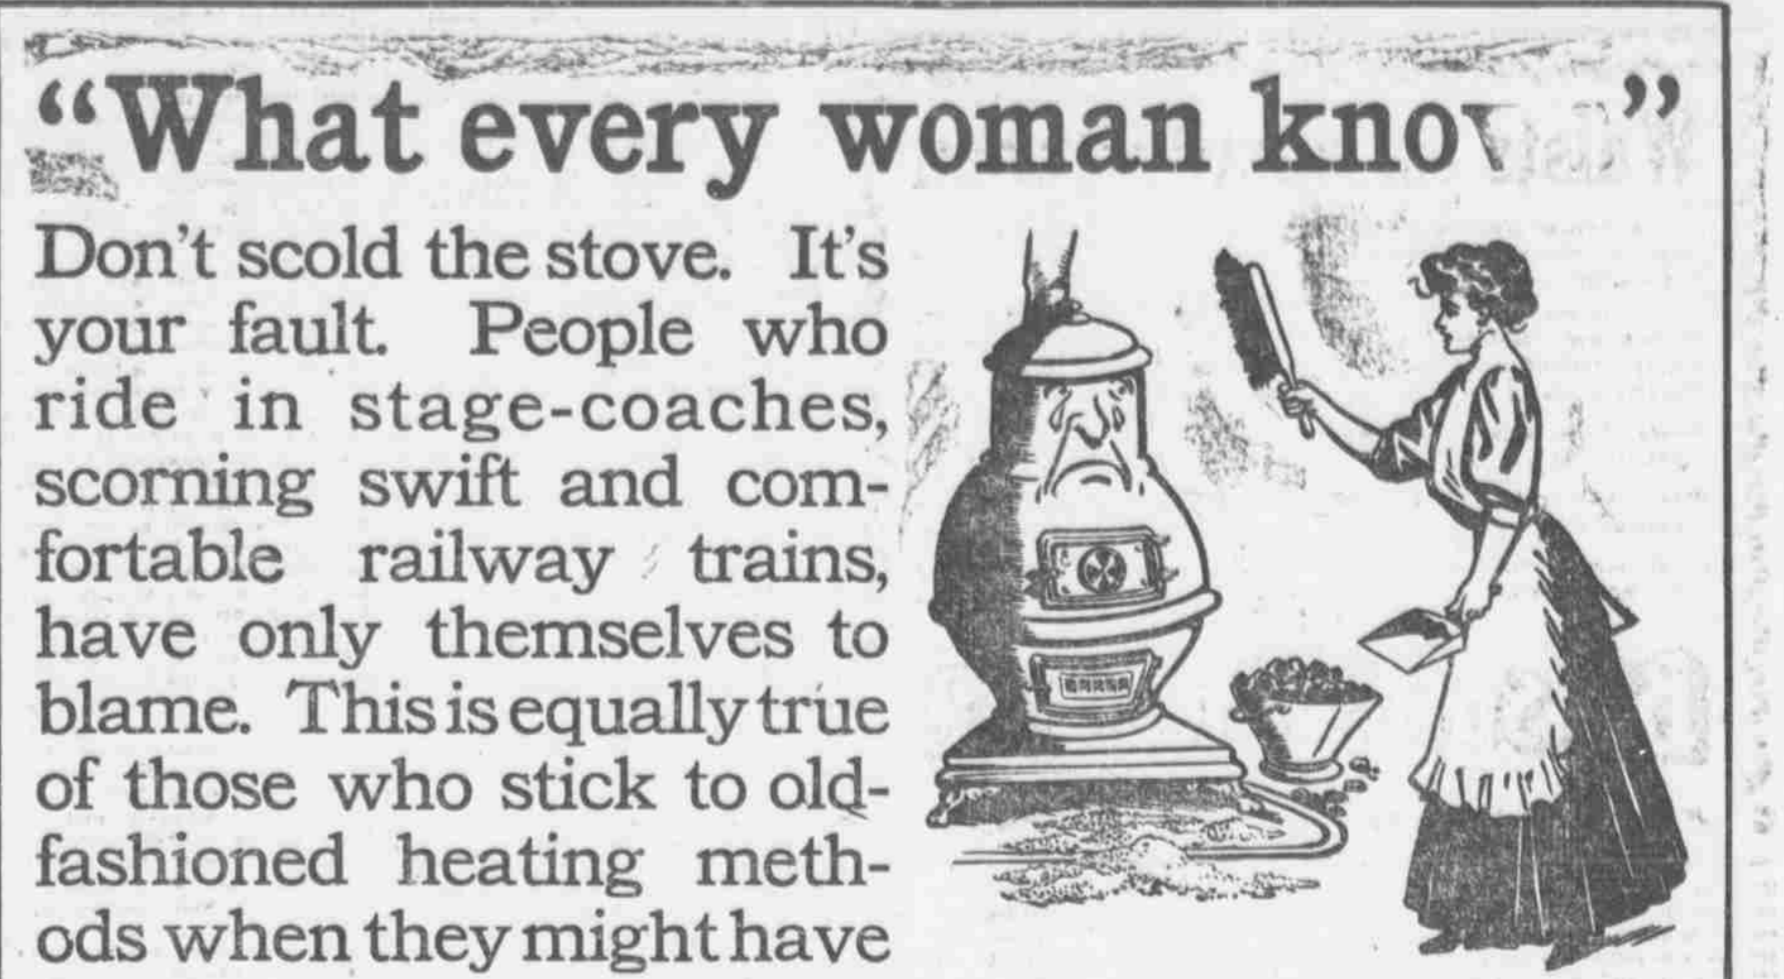

Fireman Hurt from Train. YUTAN, Neb., March 1.—(Special.)—R. L. Pardue, fireman on an extra Burlington freight passing through this place, while under a delusion jumped from the moving train, badly spraining one ankle and sustaining a couple of deep gashes on his leg and one on his cheek. Pardue was on his way back to the way car when he discovered a hot box. He at once climbed down the side of the car and leaped out to investigate. While he was in this attitude one of the journals broke beneath the car, letting the car drop upon the rails. Pardue thinking the train had left the track, undertook to jump, and as it was still dark he did not get a secure footing and was hurled upon the cindered grade. Luckily the train was slowing up for the Union Pacific railroad crossing and the accident might have been more serious.

The car, which was loaded with corn, was quite badly battered and a large quantity of the corn spilled. A truck was taken from a car on the sidetrack and placed under the broken car, causing a delay of only a few hours.

Nebraska News Notes. BEATRICE—The boys' and girls' basket ball teams of Hebron will play the Beatrice teams next Friday evening. BEATRICE—The city council has decided to co-operate with the Chamber of Commerce in the matter of improving the roads of the city. SAIGENT—The workmen have completed the lower and tank for the city water system, and as soon as the front is out of the rest of the mains will be put in. RANDOLPH—The high school debating class of this city has chosen the following members to represent the school in the State Debating league the present year: Elsie Herbert, Reese and Edith Light. BEATRICE—Fred Haverland, son of C. Haverland, living eight miles southwest of Beatrice, died Sunday in Kansas City of typhoid fever. He has been attending a dental college there the last year. He was 22 years of age. HUMBOLDT—Floyd Fostard of this place and Miss Veda Waggoner of Sterling were married at Tecumseh Thursday by Judge Livingston. The couple arrived here yesterday and expect to leave soon for northern Montana, where they will take a claim. DAWSON—The Dawson Outlook is conducting a "homey man contest," which closes April 1. At the present time W. J. Byrnes is in the lead in the race. Close to the list are: P. P. Page,

"What every woman knows"

Don't scold the stove. It's your fault. People who ride in stage-coaches, scorning swift and comfortable railway trains, have only themselves to blame. This is equally true of those who stick to old-fashioned heating methods when they might have

AMERICAN & IDEAL RADIATORS & BOILERS

The cost of Low-Pressure Steam or Hot Water heating is not now large to begin with, and it soon disappears in the savings in coal and absence of repairs, which quickly repay the cost. Besides, there's no ashes, soot, or noxious coal-gases to ruin your furniture and decorations, and spread ill-health through your family.

ADVANTAGE 15—Friction in the heating medium means choking of heat currents, which in turn means inefficiency and waste of fuel. IDEAL Water Boilers are so made that every particle of water, from the moment it commences to take up heat, moves freely and rapidly straight up through the Boiler and piping to the hollow radiators beyond. This in part accounts for the sure, satisfactory results and marked fuel economy secured by the use of IDEAL Boilers and AMERICAN Radiators.

AMERICAN Radiators are made in tall, narrow, broad, low, small, plain, and other shapes, forms, and sizes to fit conveniently into any space that can be spared for them.

Write, call, or phone to-day for valuable book (free), telling how to save heating dollars—which every woman should know. Such information puts you under no obligation to buy. Prices are now most favorable.

AMERICAN RADIATOR COMPANY

113-417 South Tenth Street, Omaha

Public Showrooms and Warehouses located at Chicago, New York, Boston, Philadelphia, Buffalo, Pittsburg, Cleveland, Cincinnati, Atlanta, Indianapolis, Milwaukee, Omaha, Minneapolis, St. Louis, Kansas City, Denver, Seattle, San Francisco, Brantford (Ontario), London, Paris, Berlin, Milan.

DEPOSITS made on or before March 10th in the SAVINGS DEPARTMENT of the UNITED STATES NATIONAL BANK will draw interest from March 1st. Three per cent interest is paid on savings deposits and compounded semi-annually. Funds may be withdrawn at any time without notice.

The combined capital and surplus is \$1,200,000. The total assets are over 13,000,000. It is the oldest bank in Nebraska, established in 1856.

Hastings Sees Record Season for Building

New Hotel to Cost Hundred Thousand Only One of Many Structures to Go Up.

HASTINGS, Neb., March 1.—(Special.)—Building operations in Hastings will be conducted on an extensive scale during the present year. A large amount of structural work is already planned or under way and there is prospect of much more being started in the spring. Probably the amount of money expended here for building next year will exceed that of any like period for the last decade.

The new hotel, which will cost between \$100,000 and \$125,000, is practically a certainty. Over \$50,000 has been raised by popular subscription and it is believed the remainder will soon be forthcoming. The Blackman & Palmer wholesale grocery firm has arranged for the construction of a large warehouse. Stephen Schultz will erect a building for the farm implement and automobile business and the Hastings Foundry and Iron works is building an establishment, which when equipped, will represent an investment of approximately \$100,000. The Masons of Hastings will spend about \$30,000 for reconstructing and refurbishing the local temple. They contemplate giving the building an entirely new front and roof, besides erecting an addition in the rear and changing the arrangement of the lodge rooms. The rebuilding and refurbishing job finished the Masons will have one of the finest homes in the state. Plans for the work are being prepared by architects.

The Dominican sisters of the Catholic church will spend about \$15,000 to complete the rubber and linoleum of their academy building. This structure, built many years ago at a cost of about \$30,000, was purchased last year by the citizens of Hastings for \$5,000 and transferred to the sisters. The sisters spent \$10,000 to make a little less than half of the building serviceable, and they are now planning to rebuild the entire structure. Dormitory accommodations will be provided for 300 pupils. The increased attendance, which is bringing Catholic families to Hastings, has caused agitation for the erection of a new Catholic church, and members are already planning ahead for a building to cost between \$50,000 and \$60,000. It is quite certain the new church will be put up this year or next.

The Christian church is planning a new building to cost about \$25,000. The city is adding new machinery to its lighting plant that will cost, installed, about \$5,000, and an electric bell will be held next Monday to authorize interest-bearing bonds in the sum of \$50,000. A district has been created in which the interest-bearing will cost, approximately, \$9,000, and others are in process of formation.

Liquor Bills in Butler

Grand Jury Indicts Saloon Keeper on Many Charges—Ban on Slot Machines.

DAVID CITY, Neb., March 2.—(Special.)—The grand jury called for the February term of court has adjourned. It presented its report at noon Monday and returned several indictments against saloon keepers on the east side of the county. Frank Soukup was indicted on four counts for selling liquor on Sunday; Joseph Krepek, two counts for selling without a license; Anton Pog, three counts for selling on Sunday; John Duse, six counts for selling after 8 o'clock, two for selling on Sunday; Joseph Kostka, six counts for selling after 8 o'clock; Robert Wilkins, ten counts for selling without a license.

All of the defendants live at Brainerd excepting Wilkins, who lives at Bellwood. Wilkins pleaded guilty to two counts and was sentenced to a year in the state penitentiary. He is expected to appear at the next term and account for his future good behavior. The jury also passed a resolution that all slot machines be taken from saloons and billiard halls, the parties being given ten days to remove them. This jury also condemned the county jail.

A Drink That is a Treat

Every sip of Runkel's Cocoa is delicious. Its smooth, fine taste captivates. Its rare, warming quality exhilarates. No drink so satisfying—none so gratifying. The children just love it. You're sure of cocoa quality if it's Runkel's Cocoa

Dr. Pierce's Favorite Prescription

MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

For over 40 years this celebrated remedy has been making women's lives happier—healthier—safer.

Many thousands of women have testified to its wonderful effect.

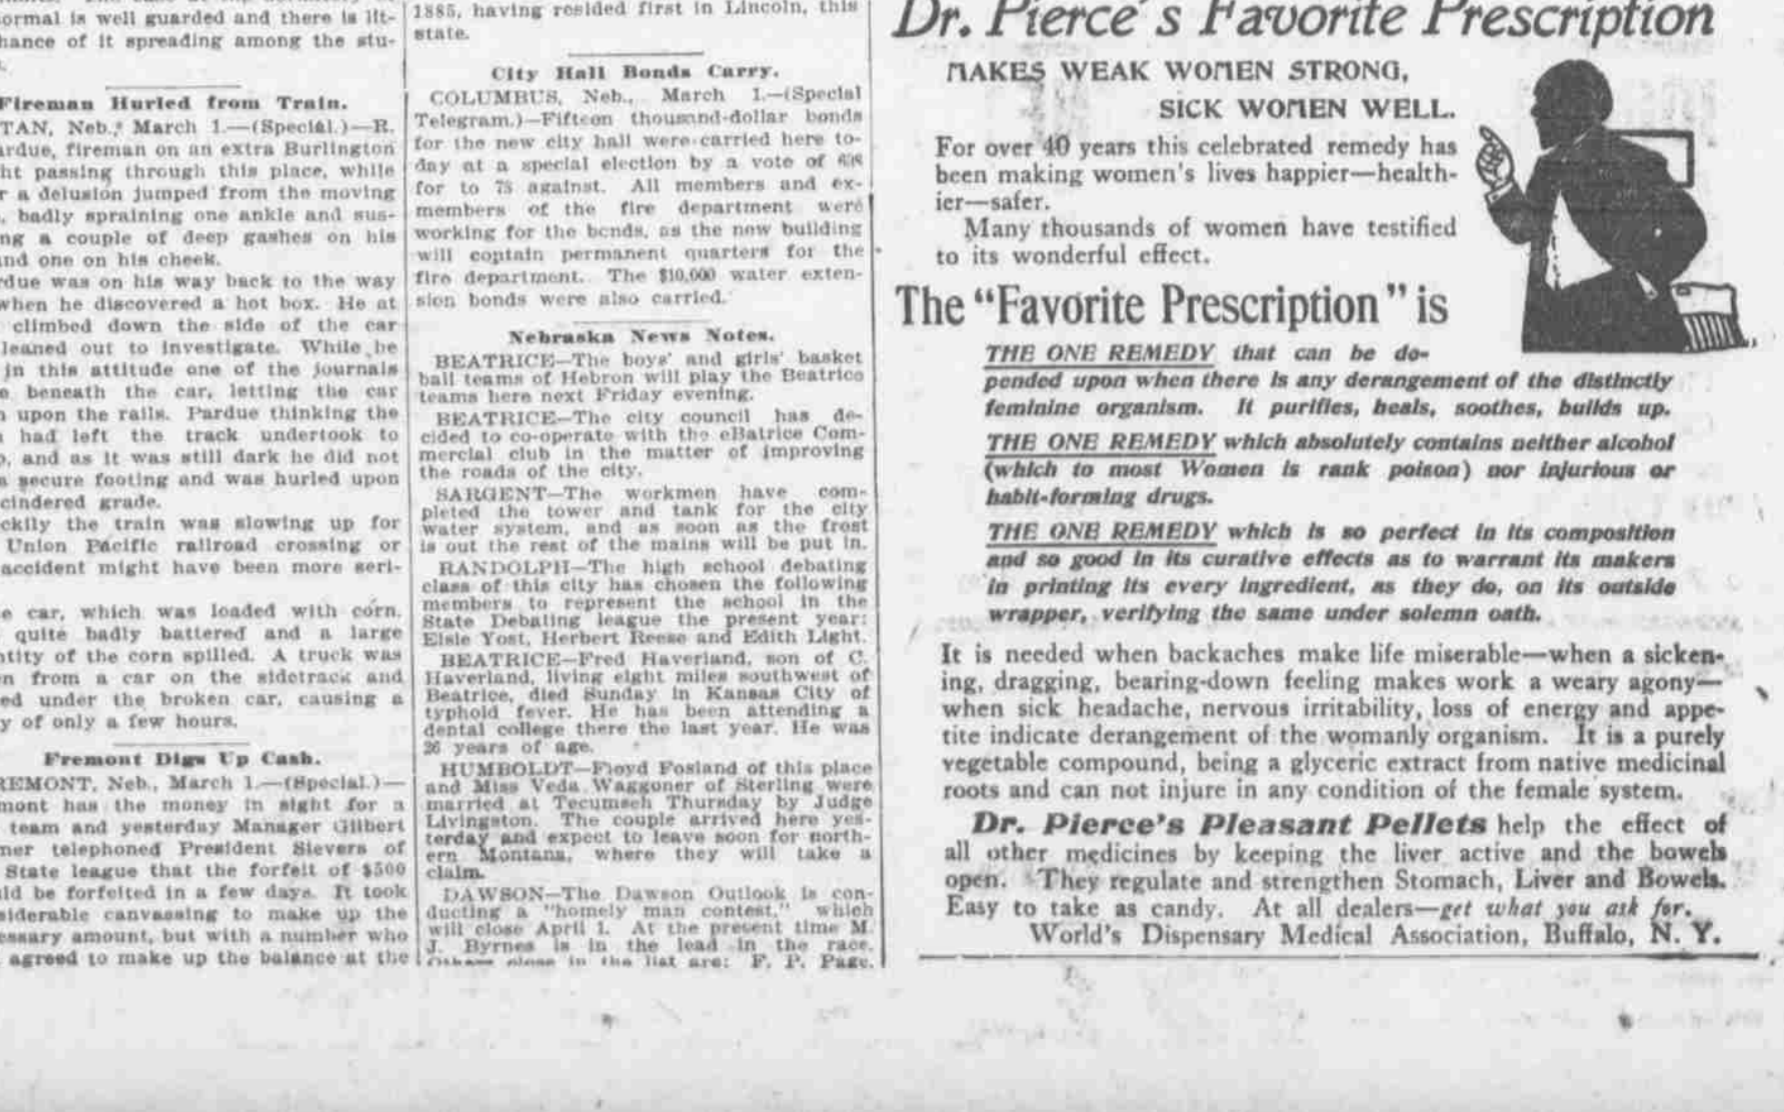

The "Favorite Prescription" is THE ONE REMEDY that can be depended upon when there is any derangement of the distinctly feminine organism. It purifies, heals, soothes, builds up. THE ONE REMEDY which absolutely contains neither alcohol (which to most women is rank poison) nor injurious or habit-forming drugs. THE ONE REMEDY which is so perfect in its composition and so good in its curative effects as to warrant its makers in printing its every ingredient, as they do, on its outside wrapper, verifying the same under solemn oath.

It is needed when backaches make life miserable—when a sickening, dragging, bearing-down feeling makes work a weary agony—when sick headache, nervous irritability, loss of energy and appetite indicate derangement of the womanly organism. It is a purely vegetable compound, being a glyceric extract from native medicinal roots and can not injure in any condition of the female system.

Dr. Pierce's Pleasant Pellets help the effect of all other medicines by keeping the liver active and the bowels open. They regulate and strengthen Stomach, Liver and Bowels. Easy to take as candy. At all dealers—get what you ask for.

World's Dispensary Medical Association, Buffalo, N. Y.
