

VETERINARIAN HOLDS JOB

Health Commissioner Unable to Get the Inspector's Scalp.

LIVELY SETTO BEFORE COUNCIL

Much Rancor Exhibited by the Doctors in Course of Debate Over the Bills that Were Finally Killed.

Nothing came of Health Commissioner's attempt to have the city council abolish the office of city veterinarian and dairy inspector. After two hours of fierce cross firing between the commissioner and Dr. G. R. Young, the veterinarian, the council placed the proposed repealing ordinance on file.

Merits of the Case.

The health commissioner read reports and went into great detail to sustain his contention that the veterinarian and dairy inspector has been derelict in his duty because of having a large private practice that consumes most of his time.

Dr. Young admitted that perhaps he had not done all that he ought to have done. "But I have done the best I could," he said, "and have made improvements in a good many dairies."

Council was plainly puzzled, individually and collectively, by the case. It was a matter of fact that the inspector had a private practice and was not a full-time official.

Dr. Young was not a full-time official. He had a large private practice and was not a full-time official. The council was puzzled by the case.

Increased Supply of Gold.

OMAHA, Feb. 28.—To the Editor of The Bee: Here is a copy of an old clipping that is interesting reading now. The year is not given in the date. I think it was 1861.

"CAMBRIDGE, Mass., March 1.—According to Prof. N. S. Shaler, Harvard's famous geologist, the world will be flooded with gold within the next forty years. Prof. Shaler claims the earth is stocked with gold and that the new-dragging machines recently invented will open thousands of miles of profitable territory to the miner.

In America he estimates there are from 4,000 to 8,000 miles of alluvial plains, which contain vast quantities of gold, while in Russia, Africa, India and Australia there will be production sufficient to flood the market with the precious metal. A conservative estimate of the value of gold that is to be secured within the next 100 years is \$200,000,000,000. The quantity on the market at the present time will probably be quadrupled within thirty years, and unless the production is limited by a simultaneous rise in the price of labor serious complications will result.

TWENTY-SEVEN MEN ENLIST

Forty-Five Applicants for Uncle Sam's Uniform Rejected in February.

Twenty-seven men out of seventy-two applicants were accepted for enlistment in the regular army at the Omaha recruiting station during the month of February. The forty-five rejections were mostly for physical causes, several of the rejections being that the applicants were minors.

The recruits enlisted at Omaha are now sent to the recruiting rendezvous at Fort Logan, Colo., instead of to Jefferson Barracks, Mo., as heretofore. Most of the enlistments are for the infantry branch of the service, though a few were for the cavalry and artillery branches.

MAJ. CROFT TO LEAVENWORTH

Veteran of the Mexican and Civil Wars Will Enter National Soldiers' Home.

That he may spend the remainder of his days in comfort, Major John T. Croft, the venerable soldier and pioneer, has finally acceded to the urgent wishes of his friends and will go to the National Home for Disabled Volunteers at Leavenworth, Kan., to make his home for the future.

Major Croft is now 78 years of age and during the last several weeks has been in failing health to such an extent that he realizes his strong constitution is at last giving way.

Major Croft is one of the earliest pioneers of Nebraska and has been a resident of Omaha for half a century. He is not only a veteran of the civil war, but is one of the few surviving veterans of the Mexican war.

Margaret Knolly SLENDER Margaret Knolly, now, if you please, The fascinating leading lady of the Bijou, now more fascinating than ever, astonished all her friends on Broadway the other day by presenting to their admiring gaze a sweet and willowy form in place of the plump, not to say fat, outlines with which she gaily sallied away last January. After a good deal of diplomatic cross-examination from interested acquaintances the secret was cautiously whispered to a few dear friends, with the result that everybody knows it now. It was not exercise, nor fasting, nor sea air, nor worry about her new venture that had brought about this wonderful willowy change in the charming Margaret, no, none of these; nothing but a simple mixture which all good druggists are familiar with and which is sold in small, cost-effective, one-half ounce Marmola, one-half ounce Fluid Extract Cascara Aromatic, and three and one-half ounces Pepsin Water. "Green" folks need a teaspoonful after meals and at bedtime," explained the now slender Margaret, "it is simply wonderful, it takes off the fat quickly, as much as a pound a day, and keeps it off. You can't eat what you like, for in this respect it is unlike anything of the kind I ever heard of, and besides it has another splendid feature—it is entirely harmless and will not cause wrinkles. I think it is about as essential a toilet article for the woman who is fat as soap is for the man who is clean." In order to get the best results, however, you should buy the Marmola in the original packages and mix it with the other two ingredients after you get home—Adv.

Heavy Enlistments for February. But nine recruits were enlisted in the United States navy at the Omaha naval recruiting station during the month of February, out of nearly 300 applicants. The government

is now careful of its selections for navy enlistments, taking only the very best material that offers. This is owing to the fact that the quota for all classes of navy men is about full and the recruiting officers are directed to accept only exceptionally good material. The apprentice seaman enlistments are sent to Mare Island Navy Yard, San Francisco, for training, and the others to the Bremerton training station on Puget sound, Washington.

Nowell Has Good Debit. United States Attorney F. S. Nowell has started out fairly well in the first of the cases he has prosecuted for the government at the North Platte terms of the federal courts. There were but three criminal cases to be tried. Two of the defendants entered pleas of guilty at the opening of court Monday. They were Gustave Rentsch, indicted for mailing nonmailable matter, who entered a plea of guilty and was given a fine of \$50, and the other, Levi Kilgore, indicted for stealing postage stamps from the Lodge Pole postoffice, who pleaded guilty and was fined \$50 and given a sentence of three months in jail. The third is a perjury case and is now on trial.

Nearly Kicks Her Eye Out. Negro Inflicts Serious Injury on the Woman with Whom He Lived.

Florence Kelley, colored, had her eye almost kicked out Monday afternoon when Ed Duffey, a man with whom she had been living, knocked her down at their home, Thirteenth and Davenport and kicked her in the face.

The woman says that Duffey just got out of jail Monday afternoon and came home and started a quarrel. He is alleged to have smashed up the furniture and closed the fight by assaulting the woman. Police surgeons attended the woman and held out little hope of saving the eye. Duffey is being sought by the police.

ENGINEER'S LEVEL IS STOLEN Instrument Valued at \$300 is Offered to Pawnbroker and Two Men Are Arrested.

Detectives Mitchell and Sullivan arrested Harry McCoy and Louis Tourgnin when they were attempting to pawn a civil engineer's level in a Douglas street pawnshop. Where the level was obtained by the men is not known. It is worth about \$300.

The men said at the police station that they bought the level somewhere between Sioux City and Omaha, but were not clear as to the exact place. No report of a missing instrument has been made at the station from this city and it is believed that the men got the level in some small town near here and brought it to the city to sell.

COLONEL STORK HAS A SLUMP Not Quite as Many Births in February as in Same Month One Year Ago.

That's the Man, Cries Garfinkle

East Omaha Junk Dealer Rouses from Stupor on Confronting Harry Sellick.

"That's the man," cried Philip Garfinkle as he leaped out of bed yesterday afternoon at the Wise Memorial hospital when he was confronted by Harry Sellick of Eleventh and Seward streets, who is accused of having assaulted and robbed the junk dealer at East Omaha Thursday night.

Sellick was arrested Friday afternoon and was kept in the city jail until the condition of Garfinkle improved. Garfinkle was apparently in a semi-conscious state when Detectives Maloney and Van Dusen entered the room with their prisoner and the surgeon aroused him from his slumber. No sooner did his eyes alight upon Sellick than he jumped, and rushing at the man positively accused him of being his assailant. So suddenly dramatic did the situation become that Sellick, it is said, covered with fear, and was glad when he was able to make his exit from the room.

Garfinkle by this time had collapsed, but the satisfaction of having identified the man has evidently had a restorative effect. It was said last night that he was making satisfactory progress towards recovery.

MRS. MARY O'GORMAN DIES. ONE OF WEALTHIEST PIONEERS Woman Reported to Be Worth \$200,000 Passes Away at Age of Seventy-Eight Years.

Another of the early settlers of Omaha, reputed one of the city's wealthiest women, passed away in the person of Mrs. Mary O'Gorman, who died yesterday morning at 409 Nicholas street. Mrs. O'Gorman, who was 78 years of age, was owner of real estate at Fourteenth and Howard streets, Fifteenth and Webster streets, Twenty-fourth and Nicholas streets and Twenty-fifth and Douglas streets. Her relatives at present cannot say what she was worth, but it is estimated that the value of her property will reach at least \$200,000.

Mrs. O'Gorman succumbed to the first serious illness of her long life. She was confined to bed a week, but up to the last she did not think the end was near. She came of hardy west of Ireland stock, and with her first husband, Matthew Carroll, settled on a claim in the district now identified by Patrick avenue and Twenty-fourth street. This was in the year 1857. Carroll, who engaged in business in the town village, died in 1862, and when he came west and Patrick O'Gorman, whom the deceased married in the seventies, and who was a teamster, died ten years ago.

Mrs. O'Gorman is survived by two sons, Daniel Carroll, who has figured on the prairie streets, and Patrick Carroll, who has appeared on the boards in Omaha, and Matthew Carroll, two daughters, Mrs. Benn, who lived with her mother and Mrs. Welch of 222 Twenty-seventh street, whose husband, James J. Welch is the employ of the Union Pacific. All the family were at the bedside. Daniel Carroll having arrived in the city Wednesday from Chicago. The funeral will be held at 9 o'clock Wednesday morning in St. John's church. Interment will be made in Holy Sepulchre cemetery.

CONVINCING PROOF OF THE VIRTUE OF Lydia E. Pinkham's Vegetable Compound

What is the use of procrastinating in the face of such evidence as the following letters represent? If you are a sick woman or know one who is, what sensible reason have you for not giving Lydia E. Pinkham's Vegetable Compound a trial? For 30 years we have been publishing such testimonial letters as these—thousands of them—they are genuine and honest, too, every one of them.

Mrs. S. J. Barber says: "I think Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women—and I feel it my duty to let others know the good it has done for me. Three years ago I had a tumor which the doctor said would have to be removed by an operation or I could not live more than a year, or two, at most. I wrote Mrs. Pinkham at Lynn, Mass., for advice and took 12 bottles of Lydia E. Pinkham's Vegetable Compound, and today the tumor is gone and I am a perfectly well woman. I hope my testimonial will be of benefit to others."—Mrs. S. J. BARBER, Scott, N. Y.

Mrs. E. F. Hayes says: "It was under the doctor's treatment for a fibroid tumor. I suffered with pain, soreness, bloating, and could not walk or stand on my feet any length of time. I wrote to Mrs. Pinkham for advice and followed her directions and took Lydia E. Pinkham's Vegetable Compound. To-day I am a well woman, the tumor was expelled and my whole system was strengthened. I advise all women who are afflicted with tumors or female troubles to try Lydia E. Pinkham's Vegetable Compound."—Mrs. E. F. HAYES, 1890 Washington St., Boston, Mass.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Mrs. George May says: "No one knows what I have suffered from female troubles, neuralgia, pains, and backache. My doctor said he could not give me anything to cure it. Through the advice of a friend I began to use Lydia E. Pinkham's Vegetable Compound, and the pain soon disappeared. I continued its use and am now in perfect health. Lydia E. Pinkham's Vegetable Compound has been a God-send to me and I believe it should have been in my grave if it had not been for Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound."—Mrs. GEORGE MAY, 88 4th Ave., Falconer, N. Y.

Mrs. W. K. Housh says: "I have been completely cured of a severe female trouble by Lydia E. Pinkham's Vegetable Compound, and want to recommend it to all suffering women."—Mrs. W. K. HOUSH, 7 Eastview Ave., Cincinnati, Ohio.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer with it, giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, fibroid tumors, displacements, fibroid tumors, irregularities, periodic pains, backache, etc.
